Siege Is Lifted For Starving Inhabitants as Insurgents Occupy Capital; Huge Government Mine Is Exploded in Suburban University City

(By The Associated Press)
Thousands of insurgent General Francisco Franco's troops streamed through captured Bilbao today to the hills west of the city in the start of a campaign against Santander, 45 miles away, last stronghold of the Basques.
Foot bridges were thrown across the Nervion river to speed the movement. Insurgent officers considered subjugation of Santander province necessary to overcome the menace of water famine in Bilbao. Water conduits were broken from territory still held by the government forces.
Roads to Bilbao were jammed with insurgent trucks bringing food to the city's 300,000 inhabitants. Five food ships were reported enroute to the city from San Sebastian, insurgent-held port.
Basque government troops were reported entrenched three miles west of Bilbao for the new stand against the invaders.
At Madrid a huge government mine exploded in suburban University City, where insurgent troops were entrenched.
On the international scene Germany was expected to ask Britain, France and Italy to join her in demanding from the Valencia government an apology for reported attempts to torpedo the cruiser Leipzig. Representatives of the powers met in London today.

German To Halt Visit At London

Berlin, June 21.—(AP)—Nazi Germany today postponed the impending London visit of Baron Konstantin von Neurath, the foreign minister, because it was announced, "the situation created by repeated Spanish attacks on German warships" requires his presence in Berlin.
By this the German authorities meant the reported unsuccessful torpedo attacks on the German cruiser Leipzig off Algeria last week. These were laid by the Nazis to a Spanish government submarine, although the Spanish government has denied it.
Less than a month ago Spanish government planes in the Balearic islands bombed the German battleship Deutschland, killing 31 sailors and leading to the reprisal shelling of Almeria by the German fleet.

Vancouver Wash., June 21 (AP)—The trans-polar flight that carried three Russian airmen over the top of the world from Moscow opened a new air lane to tomorrow's prosaic commerce, the daring trio said today as they rested here at the end of their epochal adventure.
Only 592 miles short of their goal at Oakland, Cal., the fliers set their huge-winged monoplane down here at 8:22 a. m. yesterday (11:22 a. m., eastern standard time) after 63 hours and 17 minutes of hazardous flight from the other side of the earth.

ANTI-LYNCHING BILL IS APPROVED BY COMMITTEE

Washington, June 21.—(AP)—The Senate Judiciary Committee approved today by a vote of 13 to 3 the Wagner-Van Nuys anti-lynching bill.
The committee's vote sent to the Senate floor a measure similar to anti-lynching measures that have met with filibusters from southern senators in the past.

Senator Connally, Democrat, Texas, one of the three committee members who voted against the measure, said that he did not believe the southerners would filibuster this time. He said it looked as though the bill would be passed.
The House already has passed the anti-lynching bill introduced by Rep.

Chautemps Tries To Form New Cabinet For France

Blum Resigns After Senate Second Time Refuses To Give Him Decree Power In Handling Financial Crisis; Paris Is Calm In Emergency

Paris, June 21.—(AP)—Trucks filled with mobile guards rumbled through Paris boulevards to the capital's strategic points today as Premier Camille Chautemps attempted to assemble a new cabinet to lead France out of her governmental crisis.
Steel-helmeted troops deployed in front of the Senate to prevent any demonstration against the body that overthrew Socialist Premier Leon Blum and his people's front government yesterday by refusing to grant decree powers to deal with the financial crisis.
Acting with significant speed, President Albert Le Brun summoned the radical socialist Chautemps to the palace before dawn and designated him to form a new cabinet.
Chautemps, secretary of state in the retiring cabinet, immediately began a round of conferences with party leaders to determine what support he could glean for a cabinet probably uniting the same leftist elements that supported Blum.
Among his first conferees was Joseph Caillaux, head of the Senate finance committee, who led the fight against Blum's decree demands, from whom he apparently sought to determine if there is a possibility of a new cabinet obtaining decree powers to deal with a rapidly emptying treasury.
Paris took the cabinet resignation calmly.

TAX EVASION PROBE A PUBLICITY STUNT

President Hitting at "Economic Royalists" As Well As Remedy

By CHARLES P. STEWART, Central Press Columnist
Washington, June 21.—The joint congressional committee on investigation of President Roosevelt's charges of income tax evasions by "economic royalists" is forced to proceed with all possible publicity.
If that inquiry isn't fully publicized, it will be of no particular value to any one.
Theoretically the quiz's purpose is to inform Congress as to the best methods of plugging up holes in the income tax law as to prevent "economic royalists" from circumventing it, more or less, by technically legal means. They are not accused of punishable dodging. The complaint is that the law is not strict enough to keep them from dodging unpunishably.
This isn't quite the sum total of the complaint's purpose, however.
To Be Smeared.
Supposedly the inquiry's aim is to show the legislators how to make the law air-tight, that all evasions may be made punishable.
That, indeed, may be the investiga-

Earhart To Rest In East Indies

Bandoeng, (Dutch East Indies, June 21 (AP)—Amelia Earhart decided today to take a three-day rest and have her plane overhauled before taking off on the next leg of her flight around the world. She landed at Bandoeng at 10:17 a. m. today (10:37 p. m., eastern standard time) after a flight from Singapore over the Java Sea and a part of mountainous Java. After her plane is checked by workmen of the Dutch air service, she plans to take off for Darwin, Australia.

Arrest Seven In Lumberton Strike Move

Lumberton, June 21 (AP)—Seven men were arrested on charges of forcible trespass and assault today after J. J. McMurray, electrician for the Mansfield mills, alleged that they attempted to prevent reopening of the plant this morning. Another man was charged with forcible trespass.
McMurray said he was shoved out of the entrance as he opened the door to the day shift. A part of the weave room force went on strike several days ago.
Patrolmen and county officers made the arrests. Mill officials reported that about 100 employees entered the mill to work.

Strikers and sympathizers clustered around the plant.
The situation in other mills here remained the same as last week.
The Jennings mill was closed as a result of a strike, but the Ada McLean mill and one unit of the Mansfield plant continued to operate.

New Act On Child Labor Is Approved

Committee Reports Favorably on Vandenberg Amendment Proposal

Washington, June 21.—(AP)—The Senate Judiciary Committee unanimously approved today the Vandenberg proposal for a constitutional amendment to permit Congress to legislate against child labor.
The amendment, introduced by Senator Vandenberg, Republican, Michigan, would permit Congress to prohibit labor by children under 16 years of age.
It is designated as a substitute for the child labor amendment pending before the states. That amendment has failed of ratification by the necessary 36 states.
The committee added a clause to the amendment to provide that if not ratified by State conventions within seven years the amendment would lapse.
