VICIOUS ATTACK ON COURT JUSTICES IS OPENED BY GUFFEY

Pennsylvania Senator Continues Debate on Administration Side for New Bill

CHARGES COURT IS VERY MUCH BIASED

Nine Old Men Determined To Block Roosevelt Reform Program, He Charges In Speech in Senate; Accuses Hughes of Campaigning Against Bill

Washington, July 7.—(AP)—Senator Guffey, Democrat, Pennsylvania, carried on the administration's battle for its judicial reorganization program today by charging the Supreme Court has been "partisan, prejudiced and biased in denying working men and farmers their fundamental legal rights."

His bluntly worded speech opened the second day's debate on the compromise court bill, calling for the appointment of one new justice annually to supplement those serving beyond the age of 75.

Guffey said reorganization of the Supreme Court was necessary "to outlaw economic wrongs and injustices that have been rankling and festering for generations."

"History shows conclusively," he asserted, "that throughout most of its existence the Supreme Court has been enmeshed in partisan party politics, that throughout most of its history it has been openly hailed as the last bulwark of reaction."

He accused Chief Justice Hughes of "campaigning politically against the administration's reorganization program" and termed the chief justice's appointment "a juicy political plump awarded to a Republican party leader."

Through earlier appointments by President Harding, Guffey contended the court was soundly and solidly packed x x x to such an extent that legislation to protect the farmer and working man was doomed almost before it was passed.

"A majority of the aged justices who compose the court were intent upon thwarting the major purposes of the Roosevelt administration," he contended. "As a result, the people, the President and Congress were powerless to act."

Beaufort To Operate Its Railway Now

Raleigh, July 7.—(AP)—The Beaufort & Morehead Railroad Company got a charter today for the "specific object" of acquiring and operating 317 miles of line between Beaufort and Morehead City, which formerly was operated by the Norfolk Southern railroad company.

The organization of the new company was taken here to end a fight of several years' standing by the citizens of Beaufort to prevent abandonment of the little section, though the Utilities Commission had no word on the matter.

The sector was left isolated from other Norfolk Southern lines when the State ended its lease of the Atlantic & North Carolina Railroad

Outbreak In Palestine Is Now Feared

British Troops Massed in Jerusalem As Plan of Division Is Stated

Jerusalem, July 7 (AP)—All available troops and police—about 11,200 men in all—were massed today to meet any flare-up of smoldering Arab-Jewish strife that might be touched off by tonight's publication of the British Royal Commission's plan for the future of the Holy Land.

Seven British regiments, about 7,000 men and about 4,200 police, were held in readiness as Lieutenants General Sir Arthur Wauchoppe, British high commissioner, prepared what was believed would be an appeal for calm acceptance of the report and avoidance of racial conflict and bloodshed.

Sir Arthur announced he would broadcast a message to both Arabs and Jews tonight immediately before publication of the report.

Pending disclosure of the Palestine Commission's recommendations, it was believed the proposals called for divisions of the Holy Land into a Jewish state and Arab state and a territory under British mandate from the League of Nations.

The coincidence of the Zionist Congress elections, falling on the same day as publication of the report, raised excitement to a high pitch among the Jewish population. Arrangements were made to suspend voting for 124 delegates to the Congress an hour before the proposals were disclosed.

Navy Ships and Planes Cover Wide Sweep of Territory Around Howland Island

NOTED AIR WOMAN MAY BE MAROONED

Growing Belief And Some Facts Indicate That; Amateur Radio Men Get Nothing From Lost Plane; Search Is Switched To South of Tiny Island

Honolulu, July 7.—(AP)—Navy ships and planes coordinating efforts in the vast hunt for Amelia Earhart, aimed today at a new region in the South Pacific wastes, where growing belief and some facts indicated the missing aviatrix may be marooned.

The coast guard at San Francisco said it had been checking with the cutter Itasca throughout the day, but had no news of the missing aviatrix and her navigator.

Walter McMenamy and Carl Pierson, Los Angeles radio amateur operators, who have eight receiving sets operating, said they had heard nothing on the Earhart wave length throughout the night and doubted if other amateurs had picked up anything, because all operators had been asked to notify them of any reception.

Five discouraging days of scanning the immense area north-north-east of bleak Howland island, which the aviatrix missed last Friday, turned the search to the corresponding

Two Navy Planes Crash In Air And Burst Into Flame

Pensacola, Fla., July 7 (AP)—Two navy planes collided in mid-air over the United States naval air station here today, burst into flames and crashed.

First reports did not say how many airmen were in the planes or whether any of them escaped alive. Ambulances and fire-fighting equipment rushed to the scene.

Electric Tower Is Dynamited In Aluminum Strike

Alcoa, Tenn., July 7 (AP)—Dynamiting of an electric transmission tower owned by the Aluminum Company was reported today by A. D. Huddleston, plant manager here as about 1,000 workers filed through picket lines into the huge mill closed by a strike May 18.

The official said the tower, located between Alcoa and the company's hydro-electric plant at Calderwood, was dynamited about midnight. The blast caused a short interruption in service.

Slayer Of Little Tots Admits All

Los Angeles, Cal., July 7 (AP)—Small, swarthy Albert Dyer, accused of murdering and ravishing three little school girls, was well launched today on the legal path the State declares will end at the gallows.

The county grand jury meeting in special session last night, returned indictments charging the WPA school crossing guard with first degree murder. He is 32 years old.

Dyer is accused of having lured Madeline Everett, 7, her sister, Melba, 9, and Jennette Stevens, 3 into the Baldwin Hills, a few miles from their Ingleswood home June 26, strangling them and violating their bodies.

The haggard, toule-headed prisoner shouted as the indictments were being read in court: "I plead guilty!"

He was told the action was futile at the time.

War Claims In U. S. Are Thrown Out

German - American Mixed Claims Commission Dismisses \$22,000,000 Item

Washington, July 7.—(AP)—The German-American Mixed Claims Commission, by unanimous agreement, dismissed today a motion of the United States for an award of \$22,000,000 to claimants who suffered losses in wartime fires and explosions, including the disasters at Black Tom and Kingsland, N. J.

The motion was made by Robert Bonyng, the American agent. It was opposed by Dr. Richard Paulig, third secretary of the German Embassy, and agent of the German government.

The American motion was based upon an agreement entered into last summer at Munich by agents of both governments, including Bonyng, but not Dr. Paulig.

The latter refused to sign the pact for compromise of the \$50,000,000 in claims. Today, he opposed granting of the American motion on the grounds the agreement was not valid without his signature.

After listening to arguments, the German and American commissioners and Supreme Court Justice Roberts, the umpire, retired for half an hour

Says Only Foremen and Bosses Are In Plant; State of "Brutal Terrorism" Prevails on Ohio Strike Front, CIO Attorney Statement Says

Cleveland Ohio, July 7 (AP)—Republic Steel Corporation plants hummed today under the protection of gristling National Guard bayonets as Lee Pressman, general counsel for CIO steel strikers, charged a state of "brutal terrorism" prevails on the Ohio strike front.

"New steel by Friday" predicted Republic plant officials.

Smoke streamed from towering stacks of three Republic units after the last of a series of successful back-to-work thrusts in defiance of John Lewis' cohorts in the steel industry.

Pickets were limited to 12 at each plant gate. Nearly 1,000 troops were here to preserve order.

"This is the beginning of the end of John L. Lewis," said H. G. Ellison, Upon superintendent. "They'll never get these men out on strike again."
