To Direct Census

John Biggers

John Biggers of Toledo, O., who has been asked by President Roosevelt to direct the taking of a census of the unemployed, is president of Libby-Owens-Ford Glass company of Toledo, a position he has held since 1930.

New York, Sept. 13 (AP)—United States Senator Royal S. Copeland brought the name of Supreme Court Justice Hugo Black into the New York mayoralty campaign today, referring to new allegations that the former Alabama senator "was and is now again" a member of the Ku Klux Klan, and demanding his resignation "at once" from the Supreme Court bench.

Senator Copeland's demand was followed by Senator David Walsh, Massachusetts Democrat, who said that if Justice Black had not resigned "from his alleged life membership" in the Klan, he felt the justice was "confirmed by the Senate under a misunderstanding and misapprehension and the President should ask for his resignation."

Conviction Obtained In Chance Case

Greenville, S. C., Sept. 13 (AP)—A jury's verdict rendered in general sessions court here today convicted George Clapp and Otis Jamison, Greenville business men, of conspiring to permit the operation of slot machines, but reported a disagreement in the cases of their codefendants, Representative Lewis Prince and Francis Drake, a colonel on Governor Olin D. Johnston's staff.

One Report Is Disabled "Pirate" Ship Is Lying On Bottom With Crew Still Alive; League Spikes Mussolini's Hopes of Expelling Ethiopia

Geneva, Sept. 13.—(AP)—The League of Nations rebuffed an attempt to unseat the Spanish government from its assembly today at the outset of a tense, closely-guarded session, which is to hear a Spanish accusation of Italy as a Mediterranean pirate power.

While the Assembly met, France and Great Britain assembled a mighty fleet of 60 men of war to drive mysterious raiders from the inland sea. Already there were unconfirmed reports from Spanish Cartagena, on the Mediterranean, that a pirate submarine, her crew still alive, lay blasted and crippled under the water.

But the League credentials committee decided credentials of the Valen-

TWO-YEAR LOWS IN THE STOCK MARKET

Rally at Opening of Market Quickly Turned Into Sudden and Speedy Declines

New York, Sept. 13.—(AP)—An opening rally of one to three points in today's stock market was quickly converted into a selling move that brought general losses of as much or more. There were a few declines, ranging from five to eleven. Past at the start, the pace soon slowed. Larger offerings began to appear and momentum on the downside increased. Near the fourth hour minus signs were in the majority. Offsetting the Washington development was continued uneasiness over Far Eastern and European complications and the lack of a clear outlook on fall domestic business prospects.

The March of Civilization in Nazi Germany

Here is another straw that shows how the wind blows on a continent primed for war. Children in Germany are shown being fitted with gas masks, in the first distribution of these essentials to European civilization. Officials are overseeing the distribution to make sure that the masks fit properly before the recipients are allowed to take them home—after paying two marks fifty pfennigs (about one dollar) for them.

To Restore Lash?

Gov. E. D. Rivers

Protests are being sent to Gov. E. D. Rivers of Georgia against his attempt to restore use of the lash on prisoners. The lash was abolished in Georgia in 1923 following nation-wide agitation against it. Since then Georgia has resorted to solitary confinement, bread and water, stripes and shackles as punishment.

NEW ALIGNMENT OF PARTIES IS RAPID

New Principles Certain, No Matter What Names May Be Adopted

By CHARLES P. STEWART, Central Press Columnist. Washington, Sept. 13.—President Nicholas Murray Butler of Columbia university may be a very ultra-conservative—or maybe not, but many folk say he is.

Nevertheless, he says some things with which it is difficult to disagree. For example, he remarked recently that both the "historic American political parties" are "completely wrecked."

He suggested, accordingly, a realignment. He might have gone farther than that—to the effect that the realignment already is in progress. It has been in progress for a dozen or fifteen years, in fact. A point has been reached now where it seems as

President Is To Stay Near The Capital

World Situation So Serious Roosevelt May Abandon Trip to Pacific Coast

Hyde Park, N. Y., Sept. 13 (AP)—President Roosevelt will bring to an end tonight his longest stay away from Washington this year, when he leaves his family home a day ahead of schedule to consult with capital advisors on what he regards as "serious" world conditions.

Government To Lend Aid For Peanuts

Washington, Sept. 13.—(AP)—Agriculture Department officials discussed today with more than 100 representatives of the peanut industry a program looking to increased use of peanuts for non-edible purposes.

The program, similar to one established for the 1935 season, would provide Federal help in diverting peanuts from the normal channels of trade, principally into oil and by-products.

Japanese Business Men Back Sino-Japanese War

Third Party in Struggle Before Long Also Envisioned in Address to Clearing House Groups By Hirozo, One Of Giants Of Nippon Finance

Tokyo, Japan, Sept. 13 (AP)—The first public utterance came from Japan's bankers concerning the government's stringent financial and economic policies today. It was fatalistic and envisioned a "third party" in the Sino-Japanese War.

Hirozo Mori, one of the giants of Japanese finance, speaking as chairman of the board of the Tokyo Clearing House, told the government and members of clearing houses throughout the island empire:

"Expansion of the Asiatic continent is the Japanese people's heaven-decreed destiny, which neither the world nor we ourselves can check or alter," he said.

Not One House in Strategic Village Northwest Of Shanghai Left Standing; First American Refugees To Leave on U. S. Warship Taken Out

Cholera Rampant In American Area

Shanghai, Sept. 13.—(AP)—Cholera, constant Oriental peril of either war or peace, took a grave turn in the international areas today, while 23 Americans were being evacuated on a United States warship.

There were unconfirmed reports that one American left in Shanghai was dying of the dread disease. In all, there were 529 new cases in the foreign areas, 450 of them in the French concession, where most Americans live. The other 79 were in the international settlement.

Most of the victims were Chinese refugees, who had spread into the foreign sections. Sixty had died in the last 48 hours.

Shanghai, Sept. 13.—(AP)—Under heavy fire from Japanese land and sea batteries, the Chinese army abandoned the hotly-fought Kiangwan salient north of Shanghai today, and withdrew all forces to the powerfully fortified second line of defense network of trenches stretching from Shanghai 25 miles to the northwest.

The Chinese retreat was orderly and strategic to prepare positions which they had expected to fall back on as soon as the full force of Japan's mechanized advance surged against them. The Japanese followed hard on the heels of the retreating Chinese and quickly occupied the Far Eastern race course in the new completely ruined Kiangwan civic center.

The Chinese had held the area for a full month against the fiercest Japanese assaults.

Thrusting hard against the center of the Chinese first line at Yangchang the Japanese rushed up reinforcements in an effort to turn the withdrawal into a rout. The Chinese held fast, however, and fought a furious covering action to protect the establishment of new positions.

All day Sunday and all last night the battle raged through Yangchang. Not a house in the strategic village, ten miles north, was left standing. Observers said it was the bloodiest fighting of the five weeks' old battle of Shanghai, which is estimated to have taken a toll of 50,000 killed or wounded Chinese and Japanese troops.

Accuse Japs Of Bombings On Hospital

Deliberate Attack, Despite U. S. Flags, Is Charged By Churchman

Hong Kong, China, Sept. 13 (AP)—P. V. Thomas, head of the American Seventh Day Advents mission hospital at Falchow, charged Japanese today with the apparently deliberate bombing of the hospital, despite the prominent display of American flags.

Thomas, who arrived here today, bringing wounded members of his Chinese staff, said Japanese war planes bombed the hospital for 15 minutes yesterday.

Flags, he said, were prominently displayed over the mission and the attack apparently was deliberate, as there were no military objectives nearby.
