

16 CHILDREN HERE IN CRIPPLE CLINIC

All But Two Colored From Granville Come From Vance County

Six new patients appearing for the first time attended the cripple clinic here Wednesday, four of them from Vance and two from Granville county. Two of the four from Vance and both those from Granville were colored.

Dr. A. D. Gregg, health officer, said there were ten or eleven patients present who have been at the monthly clinics before this, making a total of 16 or 17 in all for the day. Dr. W. F. Cole, of Greensboro, was in charge of the clinic, as he has been since it was inaugurated here last spring. He made the examinations. Present Wednesday were also J. T. Barnes, State supervisor of cripple work, and Miss Meisner, his assistant, both being from the State Board of Health. Mr. Barnes approved several orders for braces.

The two colored twins from Townsville, eight years old, who were at the August clinic, were back Wednesday, and they were ordered to a cripple hospital for colored children in Greensboro to have braces fitted. Their limbs will be fitted from the knees down. Neither has any legs, other than mere stubs, except that one has a semblance of a leg from the knee down.

Each month the clinic is held in Henderson for the benefit of cripple children in Vance and adjoining counties. A much larger attendance is anticipated in October, including a number of children from adjoining counties, Dr. Gregg said.

1936—Harvard celebrates its tercentenary—Anarchists take over city in Spain.

CLEAN FALSE TEETH—GET RID OF STAINS

New Easy Way—No Brushing
Stera-Kleen, amazing new discovery, removes blackest stains, tarnish, tartar like magic. Just put false teeth or bridges in a glass of water and add Stera-Kleen powder. No messy brushing. Recommended by dentists—approved by Good Housekeeping. At all drug stores. Money back if not delighted.

SANITARY OFFICER RETURNS TO DUTIES

H. M. Champion Virtually Recovered from Severe Burns He Received Last April

Vance county's health department sanitary inspector, Horace M. Champion, was back on the job today after an absence of several months recovering from severe burns he sustained when his automobile took fire while being filled with gasoline. The accident occurred on the national highway several miles south of the city last April. Mr. Champion was severely burned about the lower limbs, and still is forced to get about with crutches.

During his illness the work has been taken up by Jesse Cannady, who has now given up his work with the health department. He has gone to Chapel Hill to take a course in public health work at the University of North Carolina. Mr. Champion has taken over his normal duties, though still partially incapacitated. Dr. A. D. Gregg, health department head, said his recovery had been slow, but apparently was sound.

BRUNSWICK STEW ENJOYED BY LIONS

Two New Members Added at Meeting at Hight Brothers Cabin

The Henderson Lions Club enjoyed a Brunswick Stew yesterday afternoon at 6:30 o'clock at the cabin of Henry and Bill Hight on the Satterwhite road, and a meeting of the civic group followed.

The program for the evening was in charge of Lee D. Marbury, J. D. Mayo and R. C. Brake, and was enjoyed by the membership.

Two new members, J. M. Bivens, manager of Efrid's department store, and J. L. McMullan, who is connected with J. C. Penney Co., were added to the roll.

County fairs report booming business as burlesque plays to half-empty houses. It seems we average Americans still would rather gaze at a jar of pickled pears than a stage full of undraped peaches.

JUNIOR ORDER TO SPONSOR CONTEST

District Prizes and State Scholarships Await School Winners

Victor R. Johnson of Pittsboro, State councilor, announces that the State Council, Junior Order United American Mechanics, of North Carolina, will sponsor an original oratorical and original essay contest on the subject of Americanism; the oratorical contest open to every senior high school boy and the essay contest open to every senior high school girl in the State. He says that the State Council will give a medal to the boy delivering the best oration and a medal to the girl delivering the best essay in each of the twenty-eight districts in the State. There will then be given a tuition scholarship to the boy who delivers the best oration and the girl who delivers the best essay in the final or Statewide contest. Said scholarships are for the 1938-39 scholastic year and have been donated by the University of North Carolina and Meredith College respectively.

The preliminaries to select the representatives for each of the high schools will be a public contest open to every high school senior and will be held on November 11 in the different high schools. These winners will compete in a public contest to be held at some central point in each of the twenty-eight districts of the State on Tuesday before Thanksgiving, November 23. Each winner in the oratorical contest and essay contest in the twenty-eight districts will be given a medal. On February 22 the winners of the 14 districts in the eastern part of the State will have a public contest in an eastern city nearest the center of this territory and on the same day the 14 districts in the western part of the State will in a city nearest the center of that territory have a public contest. The winner in the oratorical and the winner in the essay contest in the 14 eastern districts and the winner in the oratorical and essay contest in the 14 western districts will compete for the final award, which will be a tuition scholarship at the next State Council of the Junior Order United American Mechanics to be held in Charlotte on the 23rd day of August, 1938.

The contests will be judged on composition, memory and delivery and by three disinterested judges.

Mr. Johnson says that the Junior Order, which has always fought for public education and the principles upon which our great government was built, realizing the need of greater training in public speaking and the perils which face our government, think this a good opportunity to acquaint the public with these dangers and to develop self-expression.

Cooperation From Mussolini Is Left Entirely With Him

(Continued from Page One.)
craft carried triple loads of depth charges and a full supply of torpedoes with which, if necessary, to blast belligerent submarines out of Mediterranean trade routes.

The munitions cargoes were reminiscent of World War days, when Britain battled to prevent German U-boats from cutting off her food supply.

Britain was building her Mediterranean fleet up to 90 ships, counting the 42 on regular duty. She and France as her co-partner in the unprecedented job of policing main sea lanes will have more than 150 vessels on guard against the undersea threat to European peace, already menaced for 14 months by war on the Spanish peninsula.

Navy yard sailors worked day and night loading tons of munitions on Britain's fighters.

Pickers of Cotton Are At Premium

(Continued from Page One.)
made by the driver to entice Negroes away, "we tell the Negroes it is an 'out county' truck and to leave it alone," he said.

Neither the sheriff of Warren nor Sheriff J. L. Kitchens, of Glasscock, anticipate trouble.

Hogan said Tuesday some Glasscock farmers offered the Warren county Negro pickers 75 cents a hundred pounds and "a drink of liquor in the morning and evening." Warren county growers are paying 40 cents per hundred.

Three Results Of New Liquor Ruling

(Continued from Page One.)
of Wilmington, wants to be governor of North Carolina, and that he is laying the groundwork for a vigorous campaign for that post on a "Down with the Raleigh Gang" platform.

On point number one, Cutlar Moore, State board chairman, was reticent only in declining to be drawn into any controversy with Mayor Cooper, who had termed the board's advertising action "insane."

Mr. Moore pointed to subsection (m) of Section 3 of the ABC act which says that the State board shall "have all other powers which may be reasonably implied from the granting of express powers... together with such other powers as may be incidental to, or convenient for carrying out... powers and duties herein given to said board."

He stressed the fact that the board will not hesitate to exercise the powers it has, but declared that it intends no abridgment of the freedom of speech or press. He also said it believes liquor houses will gladly submit to censorship.

The second point needs little said as its truth is almost universally conceded.

As for Mr. Cooper, he has lost no chance to hit at the State officials.

Red Tape Jeopardized Life

Shown at Philadelphia with his father, Nick Kappas (left) and Dr. R. M. Grieco after they had flown him from Williamsport, Pa., is 11-year-old James Kappas, victim of infantile paralysis. The lad was rushed to an iron lung in University Hospital, but because a city law requires contagious diseases to be treated in a city hospital, was removed from the lung and transferred to Municipal Hospital. The transfer aroused a storm of protest. (Central Press)

HEARING IN DEATH OF CHIEF ARRANGED

Findings of Experts May Throw Light on Lumberton Police-Man's Apparent Slaying
Lumberton, Sept. 16 (AP)—The State Industrial Commission will hear late today the findings of expert witnesses in an investigation into the death of Police Chief Vance McGhill, found shot to death in a storage room in town hall last November 18.

The investigation was started at the request of the Maryland Casualty Company, carrier of the town's compensation insurance. Findings of a postmortem examination of the body last February 10 will be presented. The examination was conducted by Dr. R. S. Beam, of Lumberton; Dr. Henry Winkler, of Charlotte; Dr. Willie Forbus, of Duke University, and a ballistic expert from the Charlotte detective force.

A waiter punched a customer who razzed the menu in his restaurant. Ha, just another case of roast-biff!

THREE CHURCHES IN TRAINING SCHOOLS

Courses for Sunday School Workers To Be Offered Week of Sept. 26

A Christian workers training school under the joint auspices of the First M. E., First Methodist Protestant and First Presbyterian churches will be held in the First M. E. church Sunday school rooms during the week of September 26 to October 1, inclusive, it was announced today by Rev. R. E. Brown, pastor of the M. E. church. The three congregations will join in the program, and any others desiring to attend are invited to do so, it was stated.

JUNIORS TO MEET TONIGHT AT 8 P. M.

The Raymond B. Crabtree council of the Junior Order meets tonight at 8 o'clock in the order's hall, it was stated today. Captain T. J. Whitehead's "side" is leading in the attendance contest, and all members were urged to attend.

Rebel Shells Bring Deaths In Two Cities

(Continued from Page One.)
shelling had little military importance. It followed upon last night's bombing of Valencia, the temporary capital, in which at least 15 persons were killed.

Outside Madrid the battle went on, the government claiming three small insurgent fortifications near suburb Carabanchel had been destroyed, together with a water tank. Insurgent trenches were reported flooded by the bursting of the tank. Government troops took advantage of the confusion to make a slight advance.

Military advances from Sarriena, in northeastern Spain, said government anti-aircraft guns had shot down a tri-motored German-made bomber.
