The women in the Home Demon stration Clubs in the county have for their subject this month, "Building Body Resistance to Disease." For vig-orous health good food and other good health habits is essential. They should be started early in childhood and continued through life. Food must pro-vide all the elements that are necessary for normal growth—energy, pro-tein, minerals and vitamins. The food factors essential for good nutrition are found in such a variety of foods that there is little chance of a complete absence of any one factor. There is danger in an amount below that needed for vigorous health, yet which is too high to produce immediate evi-dence of deficiencies. Many who feel perfectly well may have low resistance to disease without realizing it until they have to endure some unusual stress or strain. Too many people are more or less lacking in vigor because they live on food containing less than essential amounts of certain substances. Check your meals by Daily Food Essentials and see that your die contains foods supplying amide a mounts of vitamins and minerals especially calcium and iron. An important factor contributing to good health is a generous supply of calcium. It not only builds bones and teeth, but it is most important for every activity that makes life possible, such as digestion, blood circulation, nerve control, the beating of the heart and the moving of every muscle. For ance this year is expect safety, then, everyone should have a all previous conventions.

DR. JULIAN MILLER SPEAKS TO MAYORS

Charlotte Observer Editor Banqu Speaker at Winston Conven-tion Next Week

Patty Dispatch Bureau.
In the Sir Walter Hotel.
Raleigh, Sept. 25.—Dr. Julian S.
Miller, editor of the Charlotte Observer has accepted an invitation to be principal banquet speaker for the 27th annual convention of the North Carolina League of Municipalities in Winston-Salem next Monday and

Mayor George A. Iseley, of Raleigh, president of the League, in making this announcement this morning, said that Dr. Miller's acceptance rounded out the program planned for officials of North Carolina towns and cities at their convention next week.

Outstanding experts on municipal problems from Chicago, New York and other cities have been obtained to discuss various phases of local gov-crnment, Mayor Iseley said. The convention, which assembles

Monday morning at the Hotel Robert E. Lee in Winston-Salem, will draw elective and administrative officers from the league's 150 member towns and many non-member towns and cities in the State.

Discussion groups, open forums and addresses are included on the two-day program as well as features of enter-tainment including the League Banquet and Ball Monday night and the annual municipal officers golf tourna-

ment Tuesday afternoon.

Mayor Iseley stated that the attendance this year is expected to exceed

"ARTISTS AND MODELS" FEATURES RADIO STARS

Radio, generally considered the 'baby" among entertainment mediums has just discovered that instead of being the child, it can justly claim to being the daddy of the new Jack Benny filmusical, "Artists and Models," which opens next Monday at the Stevenson Theatre, for 3 days, with a cast headed by Benny, Ida Lupino, Gail Patrick, Richard Arlen, Ben Blue Judy Canova, Louis Armstrong's Swing Orchestra, Martha Raye, Con-nie Boswell, and Andre Kostelanetz' Orchestra.

Benny, starring in the film, is heard regularly every Sunday over a coast-to-coast hookup. Misses Lupino and Patrick, and Arlen, have appeared many times as guest stars on nationalhill-billy comedienne, gained her tre-mendous popularity, which led to the offer to appear in "Artists and Models" on the air, and Connie Boswell is a member of the famous Boswell Sisters radio songstresses.

Martha Raye, familiarly known as the 'UltralViolent Raye,' disports herself on the air every week—Andre Kostelanetz and his Orchestra are a dy feature—and Armstrong's Swing Orchestra has swing devotees hanging over the loudspeaker, oblivious to everything but Ol' Louis' trumpet blaring away!

FARMERS ASKED TO **GIVE INFORMATION**

Return of Cards Makes Possible Fore-casts and Serves to Grower's Advantage

The department's officials are par-cularly anxious that the farmers fill in and return the crop survey cards which are now being distributed to them through rural mail carriers. It is pointed out that all that is necessary is for the farmer to fill in the card and put it in his mail box. No dress is required and no postage i
