

Three Bulldogs Boomed For All-State Honors

Three members of Henderson high school football eleven are being boomed for All-State eleven honors. They are Billy Peace and Captain Tommy Jenkins, backs, and Robert Rideout, center.

Peace, leading scorer and ground gainer for the Bulldogs, is a triple threat fullback, and has gained more ground this season than the remainder of the backfield. He is a hard runner, elusive, and employs the straight arm with a decided advantage. He kicks and passes well, and is equally at home skirting the ends or ramming the line. He is one of the best backs in Henderson high school football history.

Jenkins, playing his first and last year with the Bulldogs, has been a real find at quarterback. He passes and kicks also, and can be counted on for gains anytime he carries the ball. Jenkins started at center, but gave way to the backfield when Coach Miller uncovered Rideout.

Rideout has been nominated by the mentor for the mythical honors, while the other two have been mentioned by the press for the honors. Rideout has been the definitive star for the Bulldogs during the season. He is in practically every play, and is a deadly tackler. On the offense, he turns in a beautiful game with perfect passes from his post. In the Chapel Hill game here Friday, Rideout broke through on occasions to block Chapel Hill kicks, one of them behind the goal line. The ball bounded out into the playing field, being downed on the one yard line as the half ended.

Drill for Lawrenceville
The Bulldogs are drilling for Lawrenceville, Va., there Friday. During

the week, blocking, which has vastly improved at the high school, will be stressed. Bobby Green, former Wake Forest college lineman, has been tutoring the boys, giving Coach Miller more time with the backs. The line has developed into a hard charging forward wall that will compare with any line in schools of similar size in this section. Very seldom do backs get a gain through the forward wall. Miller intends to continue to polish his new huddle system, which he introduced to the Bulldogs the first time this season. It is of the delayed variety, with the quarterback not in the huddle. The local lads work the system to perfection.

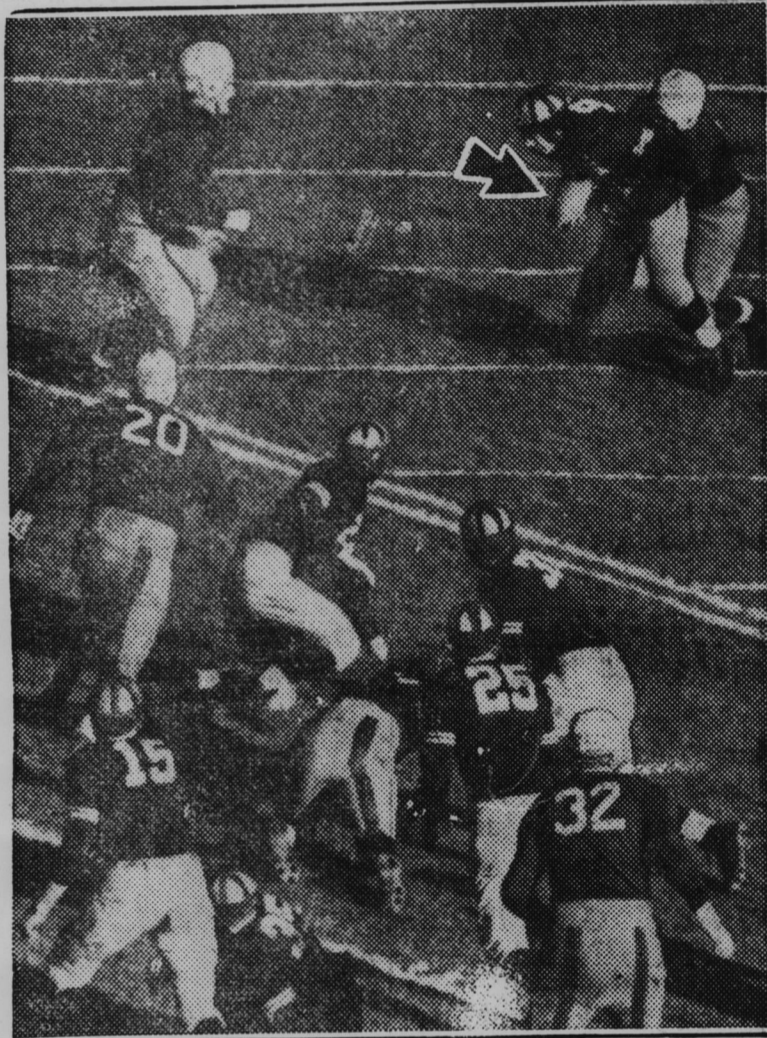

'CATS PLAY HEELS ON HOMECOMING DAY

Davidson, Nov. 2—Back on the warpath, the Davidson Wildcats, with their first Southern Conference win of the season safely tucked away, began preparations for what they hope will be the season's upset, a Davidson victory over the University of North Carolina before a capacity crowd at Rich. Mon. Sat. Saturday afternoon.

The game, the 34th in the Davidson-North Carolina series, will be the feature of the Davidson homecoming. The annual alumni luncheon will be held at 12:30 o'clock. As an extra feature for the occasion, the Davidson fraternities will be adequately decorated.

1836—Beginnings of Harvard—The Massachusetts Bay Colony's General Court "agreed to give 400 pounds towards a schoole or college."

Yale Scoring a Safety

Hutchinson, of Dartmouth (arrow), is shown being tackled behind his own goal line by J. Miller, of Yale, in the second quarter of the Yale-Dartmouth game in the New Haven Bowl. The play gave Eli a two point lead. Dartmouth scored nine points in the last quarter to earn a 9-9 tie. (Central Press)

CITADEL NEXT ON WOLFPACK'S SLATE

South Carolina Team Comes To Raleigh For Game Saturday Afternoon

College Station, Raleigh, Nov. 2—Topping North Carolina's grid slate this week is the State-Citadel game in State's Riddick Stadium Saturday afternoon.

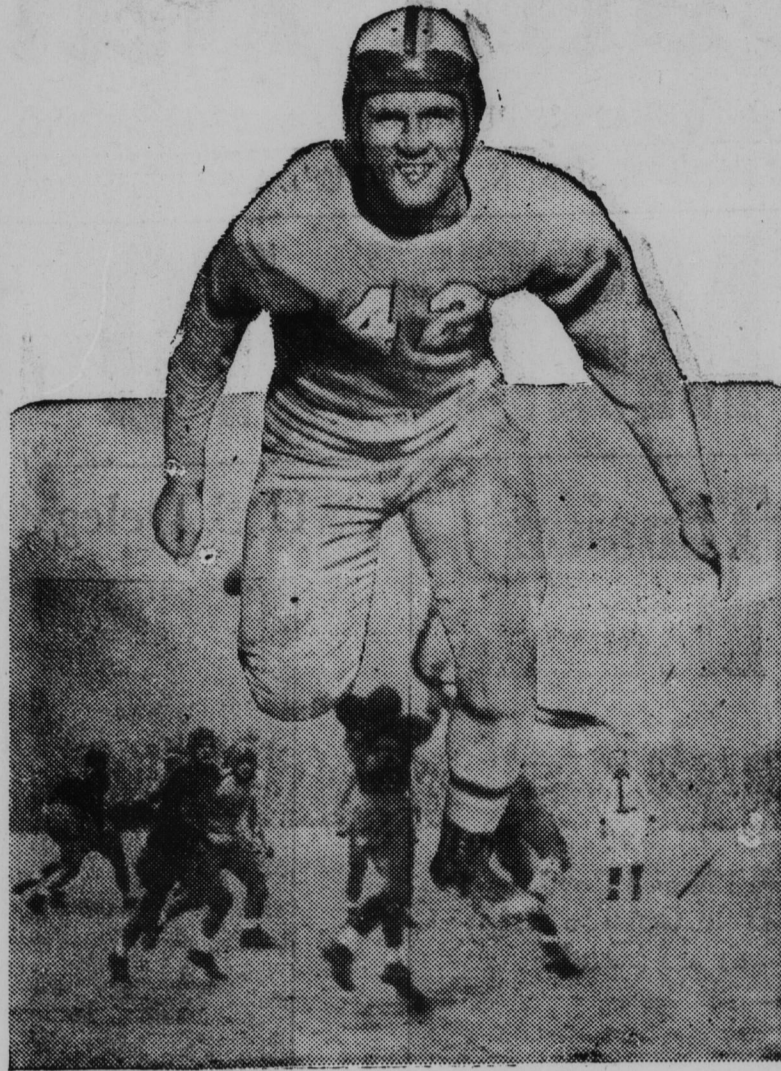

The kick-off has been set for 2:30 and the second largest crowd to see a game in the stadium this fall is looked for.

The setting is right for a colorful game. Both clubs are much stronger than last year. Citadel lost a heart breaker to South Carolina on last Saturday while State was defeating a favored Boston College eleven.

The Citadel Bulldogs will come here Saturday hitting perfectly on all 11 cylinders as a result of that loss and State's Wolves, anxious to continue their winning ways, hope to be at their best. Freakish breaks of the game enabled South Carolina to win over Citadel as the Bulldogs completely outtrashed the Gamecocks.

Citadel has the best team it has had in 17 years. It is noted especially for its fine forwards who, according to Coach Glenn Thistlethwaite of Richmond University, are more powerful on offense than the Duke of Duquesne University. Richmond has played both teams. It lost to Citadel, 26-0, and to Duquesne, 24-0.

The Citadel Must Face Him

The Citadel meets State College in Riddick Stadium in Raleigh Saturday afternoon, but if the Citadel Bull Dogs had their way about it they would have George Fry, above, State's 200

pound right tackle, look on from the bench. Fry is one of the most powerful tackles in the Southern Conference. He is a junior.

REA IN APPROVAL OF LOAN IN STATE

\$10,000 for Private Concern in Macon County Surprises Raleigh

Daily Dispatch Bureau, In The Sir Walter Hotel, Raleigh, Nov. 2—Announcement that the Federal Rural Electrification Administration has approved a \$10,000 loan for a small project in Macon county has occasioned more than a little surprise here.

Two factors contributed to the feeling of amazement, first the smallness of the approved loan and second the fact that it was made to a private individual, owner of a small utility concern.

Previous announcements by the Federal REA have been uniformly to the effect that governmental agencies and cooperatives were preferred customers of REA projects and that only in exceptional instances would loans be approved for private companies.

It has also been frequently stated by Federal REA officials that the administration does not care to consider or approve loans of less than \$100,000.

The Macon county project, for which the \$10,000 loan has been approved, marks the first instance in which a project in the far western section of the State has been initiated. State REA officials have been decidedly and frankly worried by the slow progress of rural electrification in the section and are frankly pleased to see something started.

The \$10,000 approved is for use of the Rabun Land and Water Company, of Atlanta, Georgia, a property of J. B. McCrary, utility and real estate man of the Georgia capital. It calls for construction of 31 miles of line to serve approximately 100 customers in Rabun county, Georgia, and Macon county, North Carolina. The McCrary concern already has a hydroelectric plant operating in the territory, serving 77 families. The company plans to add \$8,000 to the Federal loan. It is predicted that many customers in the vicinity of Otto, Macon county, will be using electricity by next summer.

Capital Gossip

BY HENRY AVERILL

Daily Dispatch Bureau, In The Sir Walter Hotel, Raleigh, Nov. 2—Raleigh, official and unofficial, hadn't quite recovered today from the shock of Fordham's defeat of the Tar Heels over at Chapel Hill Saturday. The capital had worked itself into the frame of mind where it expected a Carolina victory.

There is, however, a still prevalent impression that the Wolf-coached Carolinians constitute a better than "fair to middling" football team and all hands are awaiting the Duke-Carolina impreglio with bated breath.

It looks like Southport is trying to

SEEK RECALL OF "TWIN" MAYORS

Mayor C. R. Berghult

Mayor Bryn Ostby

Petitions seeking the recall of the mayors of the twin ports of Duluth, Minn., and Superior, Wis., cities separated only by a state boundary line, are in circulation. In Duluth, the recall of 32-year-old Mayor C. R. Berghult, one of the youngest mayors in the United States, is sought on charges he has been "inefficient" and he "wasted public funds". In Superior, Mayor Bryn Ostby's recall is sought as a result of the city's efforts to buy the Superior Water, Light & Power Co., although 10 charges are listed in the petition.

100,000 men...

Maybe you hadn't thought of it, but this newspaper has one department of 100,000 individuals.

That department is The Associated Press.

This cooperative world-wide staff collects, verifies and distributes each day's news over 285,000 miles of leased wires direct to member newspapers.

Its credit line, "By The Associated Press," guarantees accurate, swift and impartial coverage of the news wherever it breaks.
