American, British and French Delegates Appeal For Peaceful Processes in East

ITALY IS AGAINST ANY "QUARANTINES"

Mussolini's Delegate Refers to Roosevelt Chicago Speech; Norman Davis Suggests Direct Negotiations Between China and Japan at Once

Brussels, Belgium, Nov. 3.—(AP)—A concerted appeal for direct negotiations between China and Japan to end their sanguinary conflict marked the opening session of the Brussels conference today, with Italy asserting there can be no question of sanctions.

Delegates of the United States, Great Britain and France joined in an appeal for the Chinese and Japanese to settle their conflict "by peaceful processes."

Count Aldrovandi-Mareschotti, Premier Mussolini's representative, went further. He said the conference could not speak of "quarantine" of one or the other of the fighting nations. This was seen as a reference to President Roosevelt's Chicago speech.

Norman Davis, United States delegate, sounded the keynote of the conference.

CONTEST THURSDAY FOR CORN HUSKING

Marshall, Mo., All Set for Gala Event; Roosevelt To Press Button

Marshall, Mo., Nov. 3.—(AP)—Approach of the zero hour for the farmers "world series"—the national corn husking contest—brought this central Missouri town more excitement today than it has known since homefolks reduced their wildcat fire whistles to a pip squeak Armistice Day.

A world series tomorrow, contest is, too. The President of the United States will signal the start. Crowds cram every available hotel space and spill over into private homes. Thousands of inevitable hotdog stands spread indignation woes.

And 20 young men from ten corn belt states are ready to go in and pitch.

Shanghai Warfare To Be Moved From Foreign Sections

Shanghai, Nov. 3.—(AP)—Negotiations were under way today to move Shanghai warfare from fringes of the French concession, where many Americans make their homes.

A Japanese spokesman told of conversations to neutralize the Nantao area, just south of the concession. He declared representatives of a neutral power had approached Japanese with a plan designed to avoid further endangering of foreign and Chinese non-combatants.

Coincidentally, foreign military observers reported Chinese lines extending from the international settlement were thinning and added they would not be surprised if Chinese withdrew from the area immediately around Shanghai in the next few days.

Insurgent Press Publishes Declaration of Franco That "War Is Won"; Says Opposition Will Collapse Suddenly and Probably Very Shortly

Madrid, Nov. 3.—(AP)—Rescue squads searched bomb-shattered buildings in the Catalan city Lerida today for additional victims of an insurgent air raid already reported by the government to have taken 125 lives. Hospitals were filled with injured men, women and children.

More than 50 bodies of children had been removed from a primary school which was wrecked over their heads near closing time yesterday when nine tri-motored planes roared in from the west and dumped their explosives.

The government communique called the raid a "vicious and criminal attack upon civilian population." After the raiders dropped their bombs, the statement charged they flew low over the city, machine-gunning many panic

Crazed Man Kills Two in His Family

Chicago, Nov. 3.—(AP)—Alexander and Nancy Economos, 14 and 15 years old respectively, were shot and killed, and Mary, 17, their sister, was critically wounded today, police said, by a brother who went berserk with a pistol in the family home.

Policeman Walter Tracy said Samuel Economos, 24, who fired the shots, told him he intended to kill two other brothers "in order to make it the biggest funeral ever held here."

James Economos, 29, told police and his brother George, 28, were awakened by shots, and when they ran to the dining room they found Samuel standing over the bodies of his victims.

"I threw a chair at him and knocked him down," James said, "and then George disarmed him. We later found an empty liquor bottle."

MAJOR FARM CROPS DROP 29 PERCENT

Average Level Lowest Since June, 1936; Valuation Drop Uncertain

Chicago, Nov. 3.—(AP)—Prices of eight principal major farm commodities from which the bulk of farm income is derived have declined an average of 29 percent in Chicago markets since the recovery peaks were reached, a survey showed today. Their average level is the lowest since June, 1936.

Six of the items, hogs, wheat, corn, oats, cotton and eggs, are selling well below what they were bringing a year ago. The prices of only two, butter and cattle, are higher.

All, however, are well above the low levels of 1932 and 1933. Cattle are more than triple their low of February 1933. Hogs and corn are triple their values of December, 1932. Wheat, cotton, eggs and oats are practically double the lows and butter is more than double.

Market observers said the levels to which the drop in prices has lopped

TREASURY INCOME PASSES 2 BILLION BUT LAGS BEHIND

Expenditures to November 1 Are \$2,624,836,822 of \$7,345,655,000 for Year

POLITICAL TRENDS LACKING TUESDAY

Democrats Continue To Hold Much of Ground Gained Last Year; Frazier Charges Committee's Crop Control Hearings Were "Packed" In Advance

Hyde Park, N. Y., Nov. 3.—(AP)—President Roosevelt, after the excitement of a State and local election, set aside today for rest and relaxation at his country home. He arranged no appointments before his departure for Washington tomorrow, ending an eleven-day visit here.

At Washington, meanwhile, the Treasury reported its income for the fiscal year, which began July 1, passed the \$2,000,000,000 mark November 1.

On that day, \$2,007,393,652 of the \$6,850,410,000 receipts estimated by President Roosevelt for the complete fiscal year had been collected.

Expenditures by November 1 amounted to \$2,624,836,822 of the \$7,345,655,000 estimated for the year by the President.

Other capital developments: Observers looked in vain for any signs of a general political upheaval in the results of the off-year-elections in 15 States.

Although evidences of party trends were rather scattered, they showed, with some exceptions, the Democrats

McRee and Howard Willis were critically injured, and Chief Deputy George Gilbert received less serious hurts. Boyd Caldwell, also in the party, received minor injuries.

Officials at the sheriff's office here said the deputies were searching for a bootlegger.

3 Men Held In Columbia In Robberies

Wanted for 15 to 18 Safe-Cracking Jobs Highway Patrol Chief States

Columbia, S. C., Nov. 3.—(AP)—Lieutenant Leo Jenkins, identification officer of the State Highway Patrol, said three men captured here last night were wanted for: from 15 to 18 safe cracking jobs.

Jenkins said the men gave their names as J. E. Marsh, 54; Allen Hill, 68, and George Mandell, 32. He said he believed the names were aliases and he was taking steps to establish their real identity.

Jenkins said the men, arrested in a local hotel, were unarmed and offered no resistance. Three revolvers were found in their luggage, Jenkins said, and "complete safe cracking equipment" was found in their car.

Jenkins said he had been advised by officers from without the state that "these men are wanted for from 15 to 18 jobs" and he was investigating the possibility that they were connected with the \$5,500 robbery of the Bank of Sharon Monday night.

SPEND SOME TIME AROUND NEW YORK

Will Then Go To Washington and Later Spend About Ten Days in South; Day-to-Day Itinerary Not Yet Compiled, But Plans Are Taking Shape

New York, Nov. 3.—(AP)—The Duke and Duchess of Windsor's American itinerary took more definite shape today as their American representative announced they will "spend two or three days" in New York State's Mohawk Valley, and about "ten days" in "the deep South" before proceeding westward.

The day-to-day itinerary has not yet been compiled, it was explained, but an effort has been made to chart the royal couple's journey through the States.

They will go to Washington and then continue into what the representative termed "the deep South." He said he was unable to state exactly what states will be included in this region, although he did intimate the Windsors will visit Richmond, Va., industrial towns in the Carolinas and Atlanta, Ga.

HANCOCK CONTEST PLEASES "TORIES"

They Believe They Can Trot Out Real Conservative And Win

Raleigh, Nov. 3.—North Carolina conservatives (economic "Tories," if you will) chuckle to themselves every time they think of Frank Hancock's candidacy for the United States Senate.

Not that they are particularly fond of the Fifth District's capable congressman who has gone after bigger game; for the fact is that they don't like him even a little bit. What they are chuckling about is the "Heads I win, tails you lose" situation which his candidacy has brought about.

As the situation unfolds itself to them, they can't see how they may be the big winners if the cards fall just right. At present there is a liberal New Dealer in the junior Senate seat, and there is almost as pronounced a liberal and New Dealer occupying the

LAGUARDIA DEFEATS NEW YORK MACHINE BY GREAT MAJORITY

Conservative Richard Reading, Backed by AFL, Wins Detroit Mayorality Over CIO; Senator Harry Moore Beats Republican for New Jersey Governor

(By The Associated Press)

Mounting returns emphasized today the defeat absorbed by Tammany Hall and the CIO in two of yesterday's principal elections.

Old Tammany took its second successive beating from New York voters returning Mayor Fiorello H. LaGuardia, by a record-breaking total and selected racket-smashing Thomas Dewey for district attorney of New York county.

The CIO, in its first major bid for direct political power, lost the Detroit mayorality to Richard Reading, an unaffiliated candidate with American Federation of Labor support.

Because of the dominance of local issues, party leaders found few clues to national political trends in the scattered off-year elections.

Late returns showed today: Senator A. Harry Moore, of New Jersey, won back for the Democrats the governorship he has twice held, leaving the Republicans with only six governors out of 18.

Bruce Barton, advertising executive and author, was elected to the House from New York's "silk stocking" district, replacing a Democrat and increasing Republican strength in that branch of Congress. Three other congressional elections to fill vacancies developed no party switches.

James A. Price, Democrat, was easily elected governor of Virginia. Foremost in general interest was LaGuardia's striking victory in New York. He was the first "reform candidate ever to beat Tammany twice in a row. He received 1,344,016 votes, a margin of 454,425 over Jeremiah T. Mahoney, Democrat.

EFFORT TO MURDER STALIN RECOUNTED

13 Prominent Politicians of Caucasian Republic Go On Trial at Moscow

Moscow, Nov. 3.—(AP)—Two attempts to assassinate Joseph Stalin in 1933 and 1935, when he was vacationing at Sochi, on the Black Sea were recounted today at the trial of 13 prominent politicians of Abkhazian, Caucasian republic.

A newspaper, "Dawn of the East," reporting details of the attempts, said shots were fired in 1933 at a boat in which the general secretary of the communist party was cruising in the Fistsunda bay. The second plot failed when gunmen arrived too late at a place selected for an ambush.

DEMOCRATS HOPING FOR G. O. P. REVIVAL

Would Be Good for Democrats To Have Cohesive Foes at Capital

By CHARLES F. STEWART Central Press Columnist

Washington, Nov. 3.—Not a few Democrats are well disposed toward a Republican party revival.

I do not mean to say that any Democratic office holder is well disposed toward a Republican revival that will cost him his job. I do not mean to say that any Democratic congressman, for example, wants to see his own state or district go Republican at the next or some subsequent election.

But a sizable number of Democratic old-timers would shed no tears if quite a bunch of Democratic new-timers were to be beaten by Republicans in the nearest possible future.

They greatly prefer a Democratic majority on Capitol Hill; what they

Shuford Strike At Hickory Is Closed

Hickory, Nov. 3.—(AP)—More than 600 employees of the Shuford mills returned to their jobs today after settlement of a strike called by the Textile Workers Organizing Committee.

Mills affected by the strike called October 18 in protest to what the union termed the "stretchout" system, were three units of the Granite Falls Manufacturing Company and the Granite Cordage Company at Granite Falls, and the Hickory Spinning Company at Long View.

Alex Shuford, president of the chain said the agreement signed with the TWOC was for a year, subject to cancellation provided notice was given 30 days before November 1, 1938.

Roy Lawrence, Carolinas director for the TWOC, said the agreement included a 40-hour work week, recognition of the TWOC as sole collective bargaining agency, time and a half for overtime, a clause covering seniority, a clause covering arbitration and all grievances, including work load, and a clause covering preferential shop.
