## CONGRESS SET TO ADJOURN ABOUT JUNE 11

IN THE CLOUDS OVER ARLINGTON

There is nothing new about death  
Nor new perceptions of decay.  
Death's as ancient as the first  
breath  
Of an amoeba rocked by sway  
Of almost shoreless cosmic seas.  
By time honored custom today  
Man pays tribute to all of these  
The khaki clad—the blue and gray,  
Touched by the hand of one of four  
By the grimest of horsemen four.

Now stand we here remembering  
The men who lie beneath the grass  
As cell by cell dismembering  
The empty husks long since did  
pass  
From what we all once knew as  
men  
Into the elements and dust.  
And all remains for tribute then  
On which honors and wreaths we  
thrust  
Is memory of an idea  
Old memories of an idea.

Behold a man was born and grew  
Fair-haired and laughing with the  
sun  
To what purpose one never knew  
For ere his gallant youth was done  
He left the quiet country lane  
And soon upon a sodden field  
Found himself caught in deadly  
rain  
Of whining steel that brooked no  
shield.  
He fell as many others did,  
Mangled like hosts of others did.

Man interrupts the natural laws  
Some in total he quite denies  
And some for which he knows the  
cause.  
With shibboleths and other ties,  
Forces to creep at slower pace,  
While others like a stallion hold  
He burns with hot spurs of the race  
Hastening the young into the old.  
We say they have not died in vain.  
Neither would they have lived in  
vain.

—C. David Vormelker.

### World Record Set By Floyd Roberts To Win Auto Race

Covers 500 Miles At  
Indianapolis in  
Four Hours, Fifteen  
Minutes

Speedway, Indianapolis, May 30.—  
(AP)—Floyd Roberts, of Van Nuys,  
Cal., roared to a record-breaking  
victory in the 500-mile automobile  
race here today. It was his first  
major triumph in 22 years of racing.  
Roberts, driving the entire distance  
without relief, and making only one  
30-second stop, received a tumultuous  
accolade of the huge crowd as he  
piloted his car across the finish line.  
The winner finished about five  
miles ahead of Wilbur Shaw, of In-  
dianapolis, winner of the 1937 classic.  
Roberts covered the 500 miles in  
4:15:58.40 to establish the remarkable  
average of 177.200 miles an hour  
smashing the record of 113.580 hung  
up by Shaw last year.

### REORGANIZATION IS DROPPED FOR TERM BY ADMINISTRATION

Relief Bill To Pass Senate  
by Middle of This Week,  
Leader Barkley  
Predicts

ROOSEVELT WANTS  
BILL NEXT SESSION

Both Houses In Recess for  
Memorial Day, But Voting  
on Relief Bill Amendments  
Will Be Started By  
Senate on Reconvening on  
Tuesday

Washington, May 30.—(AP)—Mem-  
bers of Congress want to go home by  
June 11, and Senate Leader Barkley,  
Democrat, Kentucky, expressed con-  
fidence today that they will get their  
wish.  
"We should pass the relief bill in  
the Senate by the middle of the week,"  
Barkley said. "Then all we will have  
left are a compromise on the wage-  
hour bill, a deficiency appropriation  
measure and a few odds and ends that  
can be sandwiched in at any time."  
Administration leaders, it was learn-  
ed, have decided definitely to aban-  
don the government reorganization  
bill for this session. There have been  
frequent rumors that the measure,  
shelved in the House after Senate pas-  
sage, would be revived before adjourn-  
ment.

Several informed congressmen pre-  
dicted, however, that President Roose-  
velt would renew his request for the  
legislation next year.

Both chambers were in recess for

NO BOMBS DROPPED  
BY FOREIGN CRAFT

Japanese Fear Flights May  
Be Preliminaries to Mass  
Attacks on Crowded Ports  
and Industrial Districts;  
Second "Raid" in Ten  
Days

Shanghai, May 30 (AP)—Japanese  
reinforcements battled furiously to-  
day in an effort to reach Lieutenant  
General Kenji Dohira's trapped divi-  
sions, virtually surrounded by Chi-  
nese northwest of Lanfeng.  
Chinese dispatches said the rein-  
forcements were still five miles east  
of Lanfeng, however, and blocked off  
by masses of Chinese troops.  
The lieutenant general's reputation  
as an outstanding army leader and  
the chief Japanese political manipu-  
lator, would make his defeat by the  
Chinese of tremendous importance.  
The Chinese, with General Chiang  
Kai-Shek reported personally com-  
manding operations, have thrown a  
mighty barrier of fighting men in  
front of the Japanese forces and are  
fighting desperately to stop the of-

### Storm Warning Is Hoisted on Coast

Washington, May 30 (AP)—The  
Weather Bureau warned shipping  
today that a storm centered south  
of Cape Hatteras, N. C., would  
cause strong winds, probably  
reaching gale force, from Cape  
Hatteras to Atlantic City today  
and tonight.  
Warnings were issued for small  
craft as far north as Nantucket.

### BANKHEAD WARNS OF JAP TEXTILES

Senator Says Cotton Is  
Bought In South America,  
Goods Sent Here

Washington, May 30.—(AP)—Sen-  
ator Bankhead, Democrat, Alabama,  
told Congress today Japan is flooding  
the United States market with tex-  
tiles produced largely from cotton  
bought in South America and India.  
His remarks, made during a debate  
on Japanese competition with United  
States industry, were published today  
in the Congressional Record. He said  
Japan now is buying from the United  
States much less cotton than she had  
purchased in previous years.  
In recent months Congress' atten-  
tion has been called by various mem-  
bers to increasing cotton production  
in Brazil and other South American  
countries.  
Bankhead spoke after Senator  
George, Democrat, Georgia, had de-  
clared Japanese cotton textiles were  
finding their way into the United  
States market "in increasing and  
alarming proportions."  
"I serve notice now," George said,  
"I do not propose to see the utter

### Week Will Be Crucial For Peace

Praha, Czechoslovakia, May 30 (AP)  
—The progress of peace parleys this  
week may determine the chances of  
effective compromise between the  
German and Czech elements of this  
republic.

The second of three Sunday mun-  
icipal elections yesterday showed, as  
did those of last week, that 80 to 85  
percent of the vote in German com-  
munities stood solidly behind Konrad  
Henlein, the Sudeten German "fueh-  
rer!" Czech communities among the  
2,740 where elections were held fol-  
lowed a trend to the left.  
It was taken for granted that the

Akron, Ohio, May 30.—(AP)—Ad-  
jutant General Emil F. Marx said to-  
day he had ordered about 30 Ohio  
National Guard commanders to hold  
themselves in readiness for possible  
duty at Akron, where the Goodyear  
Tire & Rubber Company plans to re-

of a strike called by the CIO United

### Kidnapers Of Levine Lad Hunt

Decomposed Body of  
Long Missing  
Youth Is Washed  
Up Out of Sound

New Rochelle, N. Y., May 30.—(AP)  
—One hundred police and G-men  
searched nearby shores today for  
remnants of the body of kidnaped 12-  
year-old Peter Devine, whose wire-  
trussed headless torso was yielded up  
last night by the waters of Long Is-  
land Sound after three tragic months.  
Scores of residents joined the  
search. Dozens of small volunteer  
boats patrolled the coast seeking evi-  
dence that might point to the killed,  
Detective Lieutenant George Reisen

### Find Body Of Missing Ohio Child

Cincinnati, May 30 (AP)—The body  
of six-year-old Shirley Woodburn,  
missing since Sunday, was found cov-  
ered with weeds in a wooded patch  
near her home today. Police Major  
Gustav Lorenz said she had been rav-  
ished.  
Police hunted the girl since her  
parents reported she failed to return  
from an errand. Playmates said she  
was seen with a youth of about 17. Mr.  
and Mrs. John Woodburn discounted  
the story, asserting Shirley had been  
told never to go with strangers.  
The child's home is within a short  
distance of a neighborhood from  
which Frieda Hornberger disappeared  
in 1921, and Emily Gump in 1909.  
Neither ever was accounted for.

Raleigh, May 30.—(AP)—Dr. Ralph

months, apparently injected himself  
into the Democratic primary cam-  
paign today with an appeal to voters  
in the second judicial district to sup-  
port I. T. Valentine for the choice for  
superior court judge.  
Valentine was one of McDonald's

### Japs Try To Free Troops Bottled Up

Rapid Advance by  
Insurgent Troops

Hendaye, France, May 30.—(AP)  
—General Francisco Franco's in-  
surgent legions were on the march  
today down the broad Teruel-Val-  
encia highway flanking the govern-  
ment's mountain stronghold at  
Mora de Rubielos.  
The raid insurgent advance three  
tened to drive the government  
troops from their carefully pre-  
pared defenses.  
In addition, General Franco sent  
two other divisions straight thro-  
ugh the coastal Sierras. The con-  
vergent point designated for these  
three units was Albentosa, ten  
miles south of Mora de Rubielos.  
Advances of three to ten miles  
were made by these forces yes-  
terday as the insurgents pushed  
through the worst mountain ter-  
ritory and neared the coastal  
plains.

### SAYS U. S. FORCED TO GREATER NAVY

Senator Walsh Recounts  
Precarious World Events  
In Memorial Speech

Washington, May 30 (AP)—Sen-  
ator David I. Walsh, Democrat, Massa-  
chusetts, asserting that world  
authority had been shattered by disre-  
gard for national treaties, said today  
that peace for the United States could  
be assured only by a strong national  
defense.  
"Regrettable as it is, the inescap-  
able fact is that we are living in a  
world where truth, justice and moral

### Campaign In Final Week With Public Indifferent

Neither Reynolds nor Hancock Has Generated Any  
Great Enthusiasm; Utility Contest Warming Up  
and Local Fights Reaching White Heat

Daily Dispatch Bureau,  
in the Sir Walter Hotel,  
Raleigh, May 30.—The primary  
campaign in North Carolina swings  
into its last week amid greater public  
apathy than has been the case in the  
recollection of reasonably aged com-  
mentators and observers, the general  
indifference extending at least to the  
two Statewide races to be decided by  
the voters this coming Saturday.  
Neither Senator Robert R. Rey-  
nolds nor his opponent, Congressman  
Frank W. Hancock, has been able  
to rouse the populace to a talking  
heat, though there may be more in-
