

HUNT, CLEMENTS, ROBINSON ARE NOMINATED

REYNOLDS MAJORITY OVER HANCOCK GOES WELL ABOVE 100,000

With Less Than 200 Precincts Unreported, Reynolds Has 276,471, Hancock 181,958

CONGRESSMEN WITH OPPONENTS ALL WIN

Kerr, Barden, Bulwinkle and Weaver All Renominated; Bone Wins Office Again Over Valentine; Second Primaries in Sixth and Eighth Districts Loom

Raleigh, June 6.—(AP)—Senator Robert R. Reynolds' majority over Representative Frank W. Hancock, Jr., passed the 100,000 mark today as scattered returns were received from Saturday's primary for the United States Senate nomination.

With 1,706 of 1,862 precincts reported, Reynolds had 285,653 votes, and Hancock 184,707.

The total vote already reported was, therefore, 469,000, or just short of the previous high record of 471,014 for a Senate primary, which was established in 1936.

In Washington, Senator Reynolds said his "fine victory" in the primary "helps to lighten the burden of a man in public office."

"It is naturally most gratifying to have been renominated to the Senate by such an overwhelming majority," he said in a statement.

Raleigh, June 6.—(AP)—Tardy returns hiked the majority of Senator Robert R. Reynolds close to 100,000 today for renomination to the United States Senate.

Unofficial tabulation of ballots from 1,696 precincts of 1,862 in the State in Saturday's Democratic primary gave Reynolds 276,471 votes and his opponent, Representative Frank W. Hancock, Jr., 181,958.

Hancock, congressman from the fifth district since 1930, sent Reynolds a congratulatory telegram pledging him "active support and sincere cooperation in your every effort to advance the social and economic welfare of our people."

Representative A. L. Bulwinkle, of the tenth district, John H. Kerr, of the third, Graham A. Barden, of the third, and Zevelon Weaver, of the eleventh, the only congressmen to have opposition, all were renominated on the face of a fairly complete returns.

The hottest fights developed in three districts in which the incumbents did not seek re-election.

In the fifth, National Committeeman A. L. Folger, of Mount Airy, had a comfortable majority over two other candidates.

Lewis E. Teague, of High Point, and

Jap Planes Bomb Canton Eighth Time

French Hospital Is Ripped, Two Chinese Killed, French Surgeon Is Injured

Canton, China, June 6.—(AP)—Japanese war planes scored a direct hit on the French-owned Doumer hospital today as they subjected Canton to terrific bombardment for the tenth successive day.

One side of the building was blown out and a French military surgeon slightly wounded. Two Chinese patients were killed and many wounded.

French authorities immediately rushed 30 Marines to the scene and erected barricades around the hospital. Corpses were strewn in front of the hospital as buildings nearby were hit.

Forty-five bodies were laid in the street outside a Red Cross unit next door to the hospital.

Meanwhile, Japanese shock troops began the envelopment of Chengchow, key to Hankow, after having captured Kaieng, one-time capital of China.

One column, driving westward from Kaieng and in pursuit of retreating Chinese forces, advanced to Chung-mow, 23 miles east of the junction of the Peiping-Hankow and Lung-hai railways, while other columns closed in from the south and southeast.

Japanese aerial observers reported large-scale Chinese withdrawal was underway at Chengchow.

Reynolds Lead Is Run Still Higher

Raleigh, June 6 (AP)—Returns from 1,721 out of 1,862 precincts in the State in Saturday's Democratic primary for the United States Senate nomination gave Robert R. Reynolds, 287,170 and Representative Frank Hancock, Jr., 184,787.

21 DEAD, 50 HURT IN REBEL BOMBING OF SPANISH TOWN

British Ship Set Afire In Harbor of Alicante, on Eastern Mediterranean Coast

RAIDS CARRIED OUT BY GERMAN PLANES

French Territory Invaded Again by Bombing Planes from Spain, Bringing Warning That "Next Error" Will Be "Unpleasant Surprise" for Spanish

Madrid, June 6.—(AP)—Insurgent war planes left 21 persons dead, 50 wounded and a British ship ablaze in a fierce foray over Alicante, 75 miles south of Valencia, on the eastern Mediterranean coast.

The dead included nine women, one child, two Alicante stevedores and three members of the crew of a British ship identified as the Winfred.

This and other new raids along the coast followed a week in which more than 400 persons died in aerial bombardments, and in which new protests came from neutral nations.

Five German-made Junker planes carried out the assault on Alicante.

French territory was invaded again by bombing planes from Spain, but prompt warning shots from French anti-aircraft batteries sent them back across the frontier after a ten-minute flight over France.

Nine planes, unmarked, as was the squadron which bombed French territory yesterday, first appeared over the village of Puyornes, near the Andean frontier.

Premier Edouard Daladier of France left Paris by plane for the French-Spanish frontier, accompanied by General Jules Decamp, chief of his military staff, immediately after he received word the planes had crossed the frontier.

His aides said he would make a personal investigation of the scene of yesterday's bombing.

"The next bombing error Spanish planes make over French territory will bring them an unpleasant surprise," one French official commented.

COTTON IS LOWER AS SESSION ENDS

Reactions Set In After Moderate Upturn Earlier in Day's Trading on Exchange

New York, June 6.—(AP)—Cotton futures opened six to nine points off, with lower Bombay cables partly offset by trade buying of July. Prices set by trade a few points further and then held about steady shortly after the first half hour. October had eased from 8.05 to 8.01, and recovered to 8.04, leaving the list seven to nine points net lower. By midday October had reacted to 8.00, with the list 10 to 11 points net lower.

Futures closed 15 to 17 lower. Spot quiet, middling 7.89.

Table with columns: Open, Close, July, October, December, January, March, May. Values range from 7.99 to 8.07.

WEATHER FOR NORTH CAROLINA

Generally fair, slightly warmer in north central and northwest portions tonight; Tuesday partly cloudy, scattered showers in north west and west portions.

KEY FIGURES IN DEMOCRATIC BATTLE IN IOWA

Senator Guy M. Gillette

Representative Otha D. Wearin

The most heated Democratic senatorial battle in the history of traditionally Republican Iowa comes to a climax with the primary election. The campaign became an issue of national importance when

administration leaders sought to strengthen the New Deal faction in the senate by defeating Senator Guy M. Gillette, left, and endorsed Representative Otha D. Wearin, right.

Wage-Hour Standards By Industries Are Planned

Senate Members Make Proposal, and House Conferees May Agree if Minimum Is Lifted to 40 Cents an Hour; Adjournment By Week-End Sought

Washington, June 6.—(AP)—Senate members of a congressional committee drafting a compromise wage-hour bill, said today they had agreed to support a proposal for individual wage standard boards within each industry.

Two members coming out of a separate session of the Senate conferees said sentiment indicated acceptance of a plan proposed by Senator Thomas Democrat, Utah, chairman of the Senate Labor Committee. House conferees, meeting separately, were considering a somewhat similar proposal.

Chairman Norton, Democrat, New Jersey, of the House group, expressed the opinion it would accept the Thomas plan if provision were made for a minimum wage of 40 cents an hour by some definite date. Under the Thomas proposal, a minimum of 25 cents an hour would become effective in all interstate industries 120 days after the bill becomes law. One year later, the minimum wage would be advanced to 27 1-2 cents an hour. The next year this minimum would go up to 30 cents.

Congressional leaders discussed with President Roosevelt the chances of adjourning Congress this week-end, and agreed it could be done if there were an early agreement on the wage-hour bill.

Washington, June 6.—(AP)—A \$212,000,000 Senate addition, to the farm bill threatened today to delay action on the administration's spending-lending bill.

Representative Woodrum, Democrat, Virginia, one of a group of House members appointed to meet with Senate conferees and draft the final form of the bill, told the House that in his opinion "full hearings" would be required if the farm item was to receive serious consideration.

Speaker Bankhead told his press conference, however, that he believed the House would accept the appropriation, and hoped the conferees would agree to it.

Recommendations for an immediate start on projects costing \$650,000,000 Ready in Hands of PWA Engineers Soon as an Agreement Is Reached

Washington, June 6.—(AP)—A \$212,000,000 Senate addition, to the farm bill threatened today to delay action on the administration's spending-lending bill.

Representative Woodrum, Democrat, Virginia, one of a group of House members appointed to meet with Senate conferees and draft the final form of the bill, told the House that in his opinion "full hearings" would be required if the farm item was to receive serious consideration.

Hamlett Leads For Sheriff, But Lacks Majority Of Votes

Paschall Again Coroner, Mundy for Constable; Fleming and Rogers Get Four-Year Terms as Commissioners, Hight for Two; Hancock Gets County

Vance county's hotly contested Democratic primary fight for local offices was apparently settled in every instance except that for sheriff in last Saturday's voting, and Lennie L. Swanson, runner-up, today announced he would call for a run-off with Sheriff J. E. Hamlett on Saturday, July 2.

Vance county's hotly-contested Democratic primary fight for local offices was apparently settled in every instance except that for sheriff in last Saturday's voting, and there was speculation today as to whether or not Lennie L. Swanson, runner-up, would call for a run-off with Sheriff J. E. Hamlett on Saturday, July 2.

W. A. Hunt for the State House of Representatives; R. E. Clements, seeking another term for recorder, and Horace M. Robinson, running for another term, were all re-nominated over all opposition.

S. B. Rogers and E. L. Fleming were nominated for the two four-year terms as county commissioner, and Henry W. Hight won a clear majority in a field of five for the two-year term as county commissioner.

Asa P. Paschall, seeking renomination as coroner, won over two opponents, while John L. Mundy, Henderson township constable, came so near a clear majority over two opponents that a run-off was regarded as very unlikely.

J. C. Cooper and E. B. Taylor were renominated for places on the County Board of Education in a field of

A second primary for sheriff was assured this afternoon when Lennie L. Swanson, runner-up against Sheriff J. E. Hamlett in last Saturday's election, announced he would call for a run-off. The election will be held on Saturday, July 2, and, so far as known at this time, will be the only office voted on at that time.

four for three impending vacancies on the board. J. S. Norwood was third man, with H. L. Wright as the low man in the race.

Vance county gave a majority to Representative Frank W. Hancock, Jr., opposing United States Senator Robert R. Reynolds, seeking renomination, and went overwhelmingly for Stanley Winborne, State utilities commissioner, seeking renomination, and opposed by Paul Grady, of Kenly.

The biggest vote polled by any individual candidate was that of Horace M. Robinson, who received 4,057 votes over Charles F. Tankersley, Jr., who got 1,411 for register of deeds.

Sheriff Hamlett received a vote of 2,478 to 1,799 by Lennie L. Swanson, runner-up, with Jesse M. Baity, third man, having 1,184 in the contest for sheriff. The sheriff's vote was 595 less than the combined vote of his two opponents, who had an aggregate of 2,983.

All figures were unofficial, but were those turned in after the counting had been completed in the several precincts Saturday night. It is expected there will be minor changes when official vote is tabulated by the Vance County Board of Elections tomorrow, but not enough to change the results.

Recorder R. E. Clements polled an unofficial vote of 2,995, against 1,998 for J. M. Peace and 534 for John W. Beckham, his opponents, a clear majority of 463.

For the House of Representatives, W. A. Hunt's vote of 2,708 was 33 more than the combined vote of Brooks P. Wyche, with 1,706, and S. R. Chavasse with 963, Jr.

For constable of Henderson township, John Mundy polled 1,849 votes, which was only 78 less than the combined vote of E. F. Murphy, with 1,155, and Jack Collins, with 772. A run-off was considered very unlikely.

A total of nearly 5,500 votes appeared to have been cast in the election, which was several hundred more than in the primary of two years ago.

The complete unofficial vote for all offices, with totals for the entire county, follows:

House of Representatives—W. A. Hunt, 2,708; Brooks Wyche, 1,706; S. R. Chavasse, 969.

Register of Deeds—Horace M. Robinson, 4,057; Charles F. Tankersley, Jr., 1,411.

Sheriff—J. E. Hamlett, 2,478; Lennie L. Swanson, 1,799; Jesse M. Baity, 1,184.

Recorder—R. E. Clements, 2,995; J. M. Peace, 1,998; John W. Beckham, 534.

Coroner—A. P. Paschall, 3,011; P. M. Porter, 1,755; Henry Davidson, 561.

County Commissioner, four-year term, electing two—H. E. Parrott, 1,503; S. B. Rogers, 3,155; S. R. Harris, Jr., 2,098; E. L. Fleming, 2,915.

County Commissioner, two-year term, electing one—W. W. Currin. (Continued on Page Six.)

G. O. P. STRATEGY IN CONGRESS WORKING

Policy of Quiet While Democrats Claw Each Other Is Helping

By CHARLES P. STEWART, Central Press Columnist

Washington, June 6.—Republican management has been first rate throughout all the fighting which has been raging in congress in recent months between "pro" and "anti" New Dealers.

The G. O. P. senators and representatives are "antis", of course. Even if a few of them are in personal sympathy with certain New Deal policies, they are "antis" on partisan grounds. And they all vote partisanly. Senator Hiram W. Johnson of California, for example, always has been a mighty liberal and occasionally an outright bolting Republican. Nevertheless, he has been as consistent as New Deal "antis" as any Old Guardsman of late.

Senator George W. Norris of Nebraska might be cited as an exception. He has been very regularly "pro" New Deal. However, he was not elected the last time as a Republican, but as an Independent.

Now, the New Deal naturally has been exceedingly repulsive to old-line Republicanism all along. It has been a terrible temptation to its spokesmen to give it oratorical hades on Capitol Hill. Yet they have exercised an admirable restraint. Why?

Political Sagacity. Well, they showed remarkable political good sense. If the Democrats had stuck together behind the administration there would have been nothing left for the Republicans to do except to yell their heads off impotently as the overwhelming majority proceeded to ram the New Deal program through in all its details.

But G. O. P. leadership had the perspicacity to foresee from the first that the enormous preponderance of the Democrats virtually assured strife within itself. The Republicans had reason to know this, for they have had huge congressional majorities of their own, and were aware, from sad experience, that too big a majority

HANCOCK VOTE ONE OF REAL SURPRISES

Congressman Strongest Where Best Known; Other Events Unexpected

Daily Dispatch Bureau. In The Six Walter Hotel. Raleigh, June 6.—Of necessity, these remarks and comments on Saturday's primary returns are written before the tumult and shouting have died away and before anything more than the sketchiest sort of outline of what happened is available; and so it follows that there exists a distinct possibility that in a few cases belated returns may make incorrect some of the information herein—but that's something that can't be helped as this piece must be written in time for Jim Farley's hirelings and political henchmen to convey them safely to our editors.

Standing out above the returns is the surprising strength shown by Frank W. Hancock, who polled more votes and carried more counties than any one outside his headquarters staff thought possible.

It was noticeable that the fifth district congressman's strength lay where he is best known—which is quite a compliment to him. Not only did he win every county in his own district by a whopping and whooping majority, but his reputation as an able man had obviously overflowed into adjoining territory, as witness his success in counties touching the fifth such as Vance, Franklin, Alamance and Yadkin, and had extended over into such other contiguous ones as Chatham, Lee and Harnett.

Apparently Frank carried 17 counties (subject to change by last minute returns from unreported precincts), of which no less than 12 were in his own districts or practically contiguous thereto.

The other five—Pasquotank, Camden, Beaufort, Wayne and Mecklenburg—went for him because there he had the support of the right people to get the vote out. Besides, the newspapers covering Pasquotank, Camden, Mecklenburg, and Wayne were ardent Hancock boosters, and the in-

formation it would accept the Thomas plan if provision were made for a minimum wage of 40 cents an hour by some definite date. Under the Thomas proposal, a minimum of 25 cents an hour would become effective in all interstate industries 120 days after the bill becomes law. One year later, the minimum wage would be advanced to 27 1-2 cents an hour. The next year this minimum would go up to 30 cents.

Congressional leaders discussed with President Roosevelt the chances of adjourning Congress this week-end, and agreed it could be done if there were an early agreement on the wage-hour bill.

Washington, June 6.—(AP)—A \$212,000,000 Senate addition, to the farm bill threatened today to delay action on the administration's spending-lending bill.

Representative Woodrum, Democrat, Virginia, one of a group of House members appointed to meet with Senate conferees and draft the final form of the bill, told the House that in his opinion "full hearings" would be required if the farm item was to receive serious consideration.

Speaker Bankhead told his press conference, however, that he believed the House would accept the appropriation, and hoped the conferees would agree to it.

Recommendations for an immediate start on projects costing \$650,000,000 will be made by PWA engineers as soon as Congress sends the spending-lending bill.

MODERATE RALLIES SHOWN FOR STOCKS

News No Worse Than Last Week, but Developments Fail To Inspire Any Buying Rush

New York, June 6.—(AP) Stocks traveled over a rallying trail in today's market proceedings, but were frequently sidetracked by profit-selling, and at the last top gains running to more than two points were reduced. The news was no worse than in the past several weeks, and here and there it was some better. Washington and trade developments, on the whole, were hardly calculated to bring on a buying rush.

It was noted that activity was greatest during the forenoon advance, tapering off when light offerings appeared at the tail-end of the session. Transfers approximated 500,000 shares.

Table with columns: American Radiator, American Telephone, American Tobacco, Anaconda, Atlantic Coast Line, Atlantic Refining, Bendix Aviation, Bethlehem Steel, Chrysler, Columbia Gas & Elec Co, Commercial Solvents, Continental Oil Co, Curtiss Wright, DuPont, Electric Power Light, General Electric, General Motors, Montgomery Ward & Co, Reynolds Tobacco B, Southern Railway, Standard Oil Co N J, U. S. Steel. Values range from 42 1-4 to 123 1-2.
