Menderson Daily Dispatch

Births And Deaths Drop In The State During May For Third Month In Row

Raleigh, June 18.-For the third successive month, North Carolina showed a declining birth rate in May. The total number of children corn Health Officer, "but it must always during that and the two preceding months was 20,083, as compared with permanent statistics on reports of a 20,515 the corresponding period in 1937 showing a deficiency of 432. On the other hand, the number of

deaths in the State also continued to show a steady drop, the total for March, April, and May, this year, being 8,426, as compared with 9,079 the corresponding 1937 period, a decline

Deaths Among Children.

Diseases of children took an inthe State Board of Health, of which Dr. R. T. Stimpson, is director, redied died under a year old was 533, an increase of 45 over last year. The 26, while 157 children under two years

teritis, an increase of 122.

"While, if only one month or even a year were taken into consideration, this would be a bad showing," commented Dr. Carl V. Reynolds, State be borne in mind that we can't base month or a year, but these must be determined over a period of years."

Dr. Reynolds Comments.

Dr. Reynolds further pointed out that preventable diseases in general showed a decrease. For example there was a decrease of three in the number of deaths reported from diphtheria, the total for the month having been only 1, as compared with 4 last year. Typhoid fever deaths totalcreased toll last month over May, ed only 2, compared with 6 in May a 1937, the Vital Statistics Division of year ago. Tuberculosis in all form showed a decline for the month of 11. The May report revealed a decline ports. The number of infants who of 9 in cancer deaths and of 52 in pneumonia fatalities. Preventable ac as compared with 380 a year ago, an cidents claimed only 98, as compared increase of 153 for the month. Ma- with 125 last May, or a decline of 27 ternal deaths numbered 51, an in- for the month. Automobile fatalities creases of 9 over the previous May, reported to the State Board of Health while measles, which was in the State in May numbered 61, as compared in epidemic form, took a toll of 51, with 83 the corresponding 1937 month a drop of 22. In this connection, Dr. increase n whoopng cough deaths was Reynolds, again commenting on the report, referred to the safety campaign being waged throughout the of age died from diarrhea and en-

Eastern Gateway in Great Smokies Has Altitude of 5,325 Feet

Daily Dispatch Burean, In the Sir Walter Hotel, Raleigh, June 18—Eastern entrance to the Great Smoky Mountain National Park and the terminus of the new \$20,000,000 Blue Ridge Parkway may be at Black Camp Gap and the Heintoooga Ridge, at an altitude of 5,325 feet

Highway commission officials here believe this is likely to follow refusa! of Cherokee Indians of the Qualla reservation to grant a right-of-way tion. This would make the entranc. to the park only 17 miles from Way nesville in Haywood county instead of the present distance of more than 50 miles around by Sylva to Cherokee.

When the parkway was first contemplated, consideration was given to routing it from Balsam Gap to Black Camp Gap and over to Heintooga Ridge because of the spectacular view of the entire North Carolina side of the park that unfolds from the shelf running along the ridge.

If the National Park Service will open the road it has already built for ing points of my whole life that very fire protection purposes inside the park area, it would now be possible to drive into the national park from Waynesville over N. C. Route 293 to this road 11 miles out of Waynesville, then four and one-half miles over supper, or whatever the occasion was into big things. Which saying that this county road to Black Camp Gap when the cloth was used on the made me think of the cocoon on the on to Heintooga Ridge and then down to Cherokee over the park service road. But so far the service refuses to permit any travel over this road, although it was originally one of the major roads scheduled for development of the park proper.

ICE SKATING CARNIVAL, WITH REAL ICE, ON STAGE PRO-GRAM AT STEVENSON

The Stevenson has got a real show for you Sunday. It is an ice skating carnival on real ice with real skaters as the performers.

There will be a company of seven-teen skaters, all experts, including a chorus of si xpretty skating chorines. There will be a 45-minute program of the most expert sort of dancing and clowning on ice besides a lot of technical figure performing. Some of these people are nationally-
