HUGHES FLIES TO PARIS IN RECORD TIME

GREAT THROUNGS AT AMARILLO WELCOME ROOSEVELT'S PARTY

President's Special Routed Through Texas Panhandle After Day's Rest on Sunday

CONGRESSMEN OF STATE GREET HIM

Men Through Whose District He Travels Reach To Touch Hem of His Garment for His Blessing in Their Campaigns; Senator Connally Along

Amarillo, Texas, July 11.—(AP)—The estimated 150,000 visitors who greeted the first lady here on Mother-in-law day March 9 may be exceeded when President Roosevelt stops here late today.

Rested by a "nice, quiet family day" in Fort Worth, Texas, President Roosevelt routed his train through the Texas panhandle, bound for the Pacific coast.

He arranged three platform appearances enroute to Amarillo, scene of his biggest speech of the day. Arrangements called for a parade from the train to Elwood park and Amarillo.

Taking with him Senator Tom Connally, Governor James Allred and a group of Texas congressmen, the President agreed to talk briefly to station crowds at Wichita Falls, Childress and Clarendon.

Wichita Falls is in the district of Representative W. D. McFarlane, one of the President's train party for this portion of his trans-continent speaking and sight-seeing journey. Amarillo, Childress and Clarendon are in the district of Representative Marvin Jones, chairman of the House Agriculture Committee, who also came here to ride with Mr. Roosevelt.

Other Texas members of the House expected on the train are Maury Maverick, Hatton Summers and Fritz Lenham.

10 More Are Jerusalem's War Victims

Jerusalem, July 11.—(AP)—A patrol of British troops and Palestine police today killed ten members of an attacking band and wounded many others as it beat off an ambush near Mount Tabor, biblical home of the prophetess Deborah.

One Jewish supernumerary constable was killed and another wounded, and two British soldiers wounded in the battle waged in the village of Dabbouriyeh. This clash brought total casualties in the week's bloody conflict beginning July 4 to more than 300.

CONE MILL GROUP IS OUT ON STRIKE OVER WAGE SLASH

Management Claims Company Cannot Compete Unless It Can Reduce Sales Prices

WHITE OAK PLANT ENTIRELY CLOSED

Full Force at Revolution Mills and Part of Proximity Plant Reported; Wage Cuts Were Made Effective Today; Competitive Conditions Are Blamed

Greensboro, July 11.—(AP)—More than 1,000 workers of the Proximity Manufacturing Company, operators of textile plants at White Oak, Proximity print works and Revolution, seek under which they have worked for several years, refused to report for duty this morning in protest against a wage reduction announced recently by officials of the mills, effective today.

The White Oak plant, one of the largest denim plants in the United States, was closed during the morning after a large number of the workers failed to report, and operations at the print works were practically closed at the same time. A larger percentage of workers reported for duty at Proximity and operations were said to be in full force at the Revolution mills.

Herman Cone, president of the Proximity Manufacturing Company, said competitive conditions in the textile field made it imperative that the Cone mills reduce wages, effective immediately, in order to compete with other large textile industries throughout the South, where wages have already been reduced.

U. S. Warned For Third Time By Japan To Evacuate Area

This Country and Others Urged To Get Nationals Out of Cities Up the Yangtze

U. S. TURNED DOWN FIRST NOTE SENT

Second Has Not Been Answered; French Concession in Hankow Will Be Respected, But No Refugee Zone for Chinese Civilians Has Been Provided

Shanghai, July 11.—(AP)—The United States and other foreign powers were handed new notes by the Japanese today, urging them to evacuate their citizens from half dozen Yangtze river valley cities listed as probable targets for further widespread bombings.

Two previous notes, one a month ago and the other last Saturday, had asked that all foreign vessels and foreigners along the Yangtze river in the path of the Japanese advance to Hankow be removed. The United States rejected the first note and has not answered the second.

The new memorandum informed foreign diplomats that concentration of Chinese troops and military establishments in Hankow and other cities nearby necessitated a bombing campaign. A Japanese spokesman said the neutrality of the French concession in Hankow would be respected, but that he had no knowledge of any refugee zone in that area for Chinese civilians. He did not say when the threatened aerial campaign would begin.

Japanese planes already were active in the Yangtze valley, bombing Nanchang and Kiangyang air fields and the boom across the river 30 miles up-stream from Kiukian. A Japanese report said five buildings were set afire at Nanchang and that four planes were destroyed and two damaged at Hangyang.

Where Justice Cardozo Died

Justice Benjamin Cardozo; Judge Lehman's home where he died In this beautiful home of Judge Irving Lehman (of New York's highest court) at Portchester, N. Y., Associate Justice Benjamin Cardozo, supreme court liberal, died last Saturday. Cardozo was 69. Prior to being appointed to the United States Supreme Court by President Hoover, Justice Cardozo was on the bench of New York's highest court. Judge Lehman is a brother of Governor Herbert H. Lehman of New York.

ATLANTIC HOP TO PARIS COMPLETED IN 16 1-2 HOURS

Second Leg of Round-World Flight, With Moscow as Goal, Is Delayed by Weather

TO RENY JOURNEY PROBABLY TUESDAY

American Flier Had Hoped To Take Off for Russian Capital in Two Hours After Landing at LeBourget; Gets To Paris Sooner Than Was Expected

Paris, July 11 (AP)—Howard Hughes, after spanning the Atlantic New York to Paris non-stop in less than half of Colonel Charles A. Lindbergh's time, was delayed tonight on his globe-girdling flight by bad weather and slight damage to his big twin-motored monoplane.

He announced that he would not take off for Moscow on the second leg of the flight until tomorrow. The American flier had hoped to be off within two hours after landing from his record-shattering crossing 16 hours, 35 minutes from New York. But at the last minute a slight crack was discovered in the tail of his plane. He estimated repairs would require about three hours.

Hughes himself was at the controls when the plane was wheeled to the runway late in the afternoon, preparatory for the take-off for Moscow. But he wheeled it back into the hangar for the repairs. He landed here at 4:55 p. m. (10:55 a. m., eastern standard time).

Lindbergh's time was 33 1-2 hours. FLIGHT TIME LESS THAN HALF LINDBERGH'S HOP Paris, July 11 (AP)—Howard Hughes landed at Le Bourget airport at 4:58 p. m. (10:58 a. m. eastern standard time) this afternoon on a trans-Atlantic flight from New York, the first leg of a projected round-the-world flight.

The American sportsman-flier glided to an easy landing, exclaiming up the concrete runway in front of the air-drome, where a crowd of officials and on-lookers rushed to meet the big twin-motored plane.

The flight was made in less than half the time of Colonel Charles A. Lindbergh, who flew non-stop from New York to Paris in May, 1927, in 33 1-2 hours. Hughes' time from New York was 16 hours, 31 minutes.

The American flag was run up on the air-drome mast five minutes before Hughes and his four-man crew loomed over the field long before they were expected.

The fliers were expected to remain in Paris long enough only to refuel, and then take off for Moscow, in hope of completing their round-the-world flight within six days.

The big plane rolled to a gentle stop in front of the air field main building, where United States Ambassador William C. Bullitt headed a throng of French and Americans waiting to greet the airmen. Hughes, however, did not cut the two motors for almost a full minute after rolling to a stop.

As soon as the propellers stopped turning, the ambassador went to the door of the plane and opened it. He stuck his head in and shouted his congratulations. Hughes said he was planning to take off for Russia "as quickly as possible" (Continued on Page Two.)

Queen Ends Mourning; To Go To Party

Windsor, England, July 11 (AP)—Queen Elizabeth, apparently satisfied that King George is on the way to recovery from a sudden illness, today decided to emerge from mourning and take her place at a Buckingham Palace presentation party tomorrow night.

She motored to London from the royal lodge at Windsor after physicians had assured her that the king was improving, but needed a few days rest for recovery from an attack of gastric influenza.

The queen had planned to stay away from the party because of mourning for her mother, the Countess of Strathmore, who died June 23.

FOURTH-CENT DROP HITS COTTON MART

New York, July 11.—(AP)—Cotton futures opened eight to 14 points lower in response to lower markets abroad, liquidation and foreign selling. Cotton moved up 7 1/2 to 8 3/8, with prices late in the first hour eight to eleven points net lower. October reacted to 8.74, and at noon was selling at 8.75, with prices generally 18 to 20 points net lower.

JURY STILL OUT IN FT. BRAGG SLAYING

Fayetteville, July 11.—(AP)—A jury continued today to deliberate the fate of four Asheboro men held in connection with the slaying of Sergeant J. G. Mott, ranger on the Fort Bragg reservation. The State asked conviction of Bill Cross on a second degree murder count, and Walter Routh, Hal Rush and Jesse Crofts as accessories after the fact.

WEATHER FOR NORTH CAROLINA.

Partly cloudy tonight and Tuesday, scattered thundershowers Tuesday afternoon.

Desperate Stand Made By Spanish

Hendaye, France, July 11.—(AP)—The Spanish government rushed all available reinforcements into the Euzpandan mountains today to form a human wall along the last natural barrier to the insurgent advance against Sagunto and Valencia.

Insurgent dispatches said the range had been "invested" but military observers expressed doubt that the insurgents had enough man-power to surround the mountains completely. Squads of insurgent war planes swept over government lines in the Euzpandan mountains today in successive attacks. Reports from the battle zone said the defenders were hanging on.

Reforms In Election Law Seem Likely

Washington, July 11.—(AP)—Capital speculation over a successor to Supreme Court Justice Benjamin N. Cardozo, who died Saturday after a long illness, centered today on two possible courses: President Roosevelt might select Senator Robert Wagner, Democrat New York, or some other New Yorker, because the late justice was a resident of that State.

He might appoint a resident of the Far West because that region is not now represented on the court. There is, of course, no requirement that the President follow either of those two courses.

In any event, he will probably make no appointment before fall, because the court is in recess until October.

The few political leaders remaining in Washington's mid-summer heat agreed that Mr. Roosevelt undoubtedly will choose a man of the same liberal views as the 68-year-old Cardozo, who had voted in favor of more New Deal legislation than any of his associates.

STATE PEACH CROP PRICES THIRD OFF

Raleigh, July 11.—Despite good quality and size of North Carolina peaches, growers are now receiving between 30 and 40 per cent less per bushel for this year's crop compared to last season, the State Department of Agriculture's markets division reported today.

A. B. Harless, chief of the markets news service, reports that U. S. No. 1 peaches (two-inch minimum size) were bringing from \$1 to \$2 per bushel July 7 in New York, while in July last year "virtually the same" (Continued on Page Two.)

Road Terms In Raid In Edgecombe

Tarboro, July 11 (AP)—Judge W. Stamps Howard gave only road sentences to the seven bootleg cases that were reached in Edgecombe county recorder's court this morning, as a result of a county-wide ABC crackdown that brought 55 alleged bootleggers into recorder's court today under 100 warrants issued and served Saturday. The Branch Detective Agency of Norfolk, Va., representatives of the ABC court board, have been working quietly for two and a half months, and their sudden decision to round up the alleged bootleggers took county officials by surprise.

Judge Howard ordered 23 Rocky Mount cases to the Rocky Mount recorder's court, granted continuances to all those represented by counsel, or wishing a jury trial, until July 18. Judge Howard heard only those cases not represented by counsel nor asking a jury trial, and gave out sentences ranging from three months to nine months. No fines or costs were given to the defendants.

CHAMBERLAIN PLAN IS FULL ISOLATION

Washington, July 11.—Premier Neville Chamberlain of Great Britain takes practically the same position, as to the war in Spain, that safety-first folk in this country took in the early days of the world conflict. It was perfectly evident toward the end of 1914 or early in 1915, at any rate that eastern European waters were dangerous for neutral shipping as well as for the shipping of the belligerent nations. However, these were very profitable waters for our vessels to trade in, provided, as we (Continued on Page Five.)
