

U. S. Makes Protest To Japs On Plane Bombing At Canton

Follows Mexico

Following the lead of Mexico, where oil lands held by foreigners were expropriated, President Leon Cortes (above), of Costa Rica, has approved a bill expropriating the properties of the American-owned Electric Bond & Share Corp., serving San Jose, the capital, with light and power.

Vigorous Representations by Ambassador Grew at Tokyo Over Destruction of Chinese - American Air Liner, With Loss of Many Lives

Tokyo, Aug. 26.—(AP)—United States Ambassador Joseph Grew protested to the Japanese government tonight against the destruction of a Chinese-American air liner by Japanese war planes near Canton, south China, Wednesday.

The ambassador's representations were made during a half hour conference at the foreign office. It was understood on good authority that the United States envoy took the position that such attacks were likely to jeopardize American lives, and that this attack contravened Japan's previous assurance that the lives and property of neutrals in China would be respected by the Japanese forces.

(The American pilot of the plane, H. L. Woods, of Winfield, Kans., escaped injury, but 12 Chinese passengers or members of the crew, are believed to have perished. The plane was operated by the China National Aviation Corporation, owned jointly by the Chinese government and private American interests.)

Downed By Japs

Pictured above is H. L. Woods, of Hays, Kansas, pilot of the giant China National Aviation Corporation plane forced down by Japanese warplanes as it flew from Hong Kong to Wuchow, southwest of Canton. Woods told authorities at Macao that the Japanese machine gunned his grounded plane, killing or wounding at least 14 of the 17 aboard.

Tongue Lashing Candidates Vie For Senate Honors

Here are the three candidates for the South Carolina Democratic senatorial nomination August 30, pictured as they spoke from the same platform at a rally in Laurens. Left, the veteran Senator Ellison D. (Cotton Ed) Smith, lacks for words, so he looks the part when he tells the crowd his opinion of his two opponents. In center, Edgar Brown, a state senator, outlines his program, and at right, Governor Olin D. Johnston drives home a point. South Carolina has a peculiar rule that each candidate must speak from the same platform at every rally and their caravan moves about the state like a traveling road show.

Farley Asks FDR To Fight In Maryland

President Re - Names Donald Smith to Labor Board for Five Years; Senate Problems Warn WPA Workers Not to Give Funds; \$30 Pension Hit by FDR

Hyde Park, N. Y., Aug. 26.—(AP)—President Roosevelt today re-appointed Donald W. Smith, of Pennsylvania, as a member of the National Labor Relations Board. Smith will serve a term of five years. His present term expires August 27.

President William Green, of the American Federation of Labor, recently discussed the expiration of Smith's term with the President, but said he had lodged no specific objections against Smith. Instead, Green said he had suggested to the President that members of the NLRB generally should be "more judicial minded."

Also, the President said he and James A. Farley were "in complete agreement, as usual," during a political conference yesterday. He made this direct statement in response to questions at his present conference.

He and Farley were understood to have gone over the political situations in every state where the New Deal is an issue. Farley repeatedly urged the President to go personally into Maryland in an effort to defeat Senator Tydings, an administration opponent seeking re-nomination. The President did not comment on this, however, saying only that he had no engagements besides the two already announced for patriotic observance in Poughkeepsie, N. Y., and Chattanooga, Tenn.

The President also said that a proposal being discussed in California to give \$30 weekly pensions to all persons over 50 can be described as a short cut to Utopia.

Chairman Sheppard, Democrat, Texas, of the Senate Campaign Expenditures Committee, advised David Lasser, president of the Workers Alliance, at Washington, not to carry out his plans to raise a \$50,000 political fund from donations made largely by WPA workers. Citing a section of the criminal code defining "principals," the chairman said it was his personal belief that Lasser and the Alliance would be violating the law if the Alliance solicited funds from relief workers.

Hines Named As Escort Of Dutch Schultz

New York, Aug. 26.—(AP)—Dudley Brothwell, soft-spoken Connecticut riding master, resumed the stand today in the conspiracy trial of Tammany district leader James Hines to follow up his sensational testimony that Hines was "the man in the red tie" who accompanied Dutch Schultz on a visit to Fairfield, Conn., in 1935.

Appearing yesterday after a parade of admitted gangsters and racketeers, Brothwell was one of the first witnesses without a taint of racket connection called by the prosecution.

Hines' chief defense counsel, Lloyd Stryker, immediately took over the witness for cross-examination. By a swift series of questions, he tried to show that it had been unnecessary for Brothwell to let his gaze rove over the jury and part of the audience late yesterday before he finally picked out Hines and identified him as Schultz's companion.

Q. Are you familiar with court rooms, Mr. Brothwell?

A. "No."

Q. "Haven't you ever seen one?"

A. "No."

Q. "You've seen them in the movies?"

A. "Well, yes."

Q. "And you know defendants don't sit in the jury box?"

A. "I didn't know."

Q. "Do you think the defendant is seated sometimes in the jury box?"

A. "I don't know. He could be, as far as I know."

Q. "When you were asked to see if Mr. Hines was in court, you looked at those spectators over there, then your eyes swept to the jury box, and then to Mr. Hines. Didn't you see him when your eyes swept from the spectators to the jury box?"

Brothwell was a puzzled frown, replied calmly: "Well, I might have seen him then."

"It was all display, wasn't it?" Stryker demanded.

"Yes, I wanted to be sure I was right," the witness said.

Minors Told To Quit Job In Gastonia

Big Textile Mills Feel First Effects of Wage-Hour Bill, Soon Applicable

Gastonia, Aug. 26 (AP)—Gastonia county, the nation's largest producer of combed cotton yarns, began today to feel the first effects of the new wage-hour law. Several hundred youths between 16 and 18 were being told they would have to give up their jobs in cotton textile mills.

In scores of mills throughout the country, notices were being posted setting September 23 as the deadline for the work of those under 18.

Among the youths who fell within that age boundary, and among their neighbors, there was considerable speculation over what they could do until they grow old enough to qualify legally for the jobs which they have already done. Most of them are looking already for jobs in other fields.

"I hate to see them go," said one plant foreman, "but there is nothing I can do about it. I don't know what they will do. In many cases that I know, these youngsters are the sole support of their families. We have ten men applying for every job."

Discussion of the notices ran through groups of workers who loitered on the grass in front of mills during the rest period.

Wallace's Farm Program Hitting Snag; No Cure-All For Problem, Babson Says

BY ROGER W. BABSON,

Financial Bureau, Inc.

Babson Park, Mass., Aug. 26.—Secretary Wallace and his aides in the Agriculture Department are unhappy with the way their farm program is going. Cotton prices are down below the loan point. With the exception of 1932-3, wheat prices are the lowest in three hundred years. Corn prices are off 50 per cent from the 1937 level. As a result farmers are losing faith in the whole AAA program. In fact, the brass hats at Washington are carefully avoiding a referendum on marketing quotas either for corn or for wheat. They fear that the New Deal farm program is failing.

Taxpayer's Headache. Hence, many things will be done between now and election to window-dress farm prices, at the expense of tax-payers. The promises already made will cost Uncle Sam about half a billion dollars with no beneficial results.

Despite this huge outlay, the program only covers four major products whose share of total farm income is not more than 22 per cent. For instance, wheat normally contributes only six per cent and cotton only 10 per cent. This means that nearly 80 per cent of the total farm output is receiving no subsidies. Those farmers who are getting nothing, but who are helping to foot the tax bills, are unhappy.

Every one recognizes that we have a real farm problem. Consumption has been declining and our exports have been falling. The result is that we have more farm products than we can use. Consequently, prices are very low. Meanwhile, union wages, rising taxes, and high tariffs have boosted industrial costs. Hence, the prices the farmer must pay have gone up while the prices he gets have gone down. In 1913, there was a good balance between

State-Owned Railroad Has Slight Profit

Raleigh, Aug. 26.—(AP)—The State controlled Atlantic & North Carolina railroad made a profit of \$105,871 in July, President H. P. Crowell, of Morehead City, reported to Governor Hoke today.

The line had an operating revenue of \$25,134.96 and operating expenses of \$19,502.13, Crowell said. More than \$5,000 went for fixed charges and rents.

"The revenues for July were slightly below those for June," Crowell reported. "However, we have managed to keep operating expenses and car hire payments within the revenues and avoid running into losses."

General conditions improved late last month, he said, and should "be reflected in more favorable earnings for August."

Asheville, Aug. 26.—(AP)—Mrs. J. B. Ballard, 55, of Bradenton, Fla., was killed instantly in an automobile-truck collision here today. Mrs. W. E. Ballard, a daughter-in-law, and three children, Doris, Laura Belle and three children, were injured.

YUGOSLAV CABINET MINISTERS RESIGN

Belgrade, Yugoslavia, Aug. 26.—(AP)—Three Yugoslav cabinet members, including the war minister, resigned today on the heels of the Little Entente conference which granted Hungary the right to re-arm. The Yugoslav News Agency said the resignation council accepted the resignations.

16 Arabs At Jaffa Killed By Bombings

Jaffa, Palestine, Aug. 26.—(AP)—A terrific bomb explosion in the crowded Jaffa market place today killed 16 Arabs, wounded 30 and touched off frenzied rioting. While ambulances were taking the dead and wounded to hospitals, enraged Arabs were trying to set fire to the Jewish-Anglo-Palestine Bank and other buildings.

Police and soldiers, however, got the situation under control. All roads into this busy seaport were closed, and the border section between here and Tel-Aviv were patrolled by soldiers and police.

British troops dynamited several houses in Jenin last night as punishment for the slaying of British District Commissioner W. S. Moffatt by an Arab, who later was shot when he was said to have tried to escape from the Jenin military camp.

Nearly 300 persons have died in Arab-Jewish strife in the Holy Land since July 5, when the ambushing of a bus brought on a wave of rioting and tension.
