

HITLER PLANS TO ANNEX SUDETEN REGION

Young Democrats Vote FDR Commendation

Rolling Through Henderson

A section of the 62nd Regiment, United States Coast Artillery, is pictured rolling through the streets of Henderson earlier in the week and as it came through Henderson on Thursday. Some 100 pieces of equipment were in the cavalcade, enroute from Fort Totten, New York City, to Fort Bragg, N. C. The 62nd is equipped with the newest anti-aircraft devices.

Bailey Talk Says South Is Own Boss

Senator Declares Section Can Meet Problems Without Federal Interference and Efforts To Destroy Leaders Here Cannot Succeed; Gray President

Durham, Sept. 10.—(AP)—The commendation of President Roosevelt was voted today by the resolutions committee of North Carolina Young Democrats shortly before Senator Josiah William Bailey, in a luncheon address demanded that the South be allowed to work out its problems without "federal interferences," and asserted that "federal efforts to destroy accepted southern leaders could not succeed."

After many heated sessions, the committee praised Mr. Roosevelt by name for his efforts to lead the nation to better times during the last six years. The resolutions, to be given the convention later in the afternoon, also pledged allegiance to the "traditional principles of the Democratic party."

A complete slate of unopposed candidates faced the final business session this afternoon of the seventh annual convention, with Gordon Gray, Winston-Salem publisher, groomed for the presidency. A last-minute change was announced indicating that Governor Bibb Graves, of Alabama, would not speak tonight as scheduled.

Meanwhile, the Young Democrats held eleven congressional district meetings, electing regional chairmen and vice chairmen and other officers. Most of the sessions were quiet and harmonious and quickly over, but differences in the tenth district caused a postponement of final action until this afternoon. The district chairmen and vice chairmen form the State executive committee. By districts the officers elected were:

First—Bryan Grimes, of Washington, chairman; Mrs. Camilla Glenn, Gatesville, vice-chairman. Second—Leonard R. Britt, of La-Grange, chairman; Mrs. George Ragland, of Littleton, vice chairman; Harry Finch, of Wilson, secretary-treasurer.

Third—Robert L. West, of Warsaw, chairman; Miss Daphne Gaskins, of New Bern, vice-chairman. Fourth—Lawrence Wallace, Smith.

FDR Orders Bridge Work In Maryland

New York, Sept. 10.—(AP)—Colonel Maurice Gilmore, regional PWA director, today disclosed he had been instructed by Administrator Harold Ickes to expedite applications for federal grants toward the construction of two high way projects in Maryland. Both bridge projects, which have been awaiting the approval of the New York regional office for about four weeks, were mentioned approvingly by President Roosevelt

Candidate Shot In Arm In Louisiana

New Orleans, La., Sept. 10.—(AP)—James Morrison, Candidate for Congress in Next Tuesday's Democratic primary in the sixth Louisiana district, was shot in the left arm early today by an unidentified assailant at his summer camp seven miles east of Hammond. Morrison was brought to an infirmary here. He had a 32-caliber bullet wound in his upper arm, and was suffering from shock and loss of blood. Physicians said he was not seriously wounded. The candidate had been carrying on an energetic and fiery campaign against renomination of Dr. J. K. Griffith, candidate of Governor Richard Leche's State administration.

Morrison said he would resume his speaking tonight "if it kills me." He was scheduled to conclude his campaign tonight in Hammond, his home city.

Huge Slices Of WPACash Given State

Number of Cities and Towns Share Day's Allocation of \$3,150,000 Grants

Washington, Sept. 10.—(AP)—The PWA announced today approval of grants totaling about \$3,150,000 for 60 non-federal projects estimated to cost about \$7,000,000. Today's list included (all grants): Goldsboro, N. C., hospital, \$340,553; Greenville, N. C., schools, \$29,295; Kinston, N. C., municipal building, \$141,750; Lumberton, N. C., schools, \$36,855; Williamston, N. C., street improvements, \$52,200. Other Washington developments: The Farm Administration indicated the quota for dark tobacco production would remain in effect despite a crop forecast 12,000,000 pounds below the quota, and pleas of dark-fired leaf growers for its suspension. Producers of the dark-fired type in the "black patch" of Tennessee and Kentucky asked that the quotas be suspended because of damage to the crop from wildfire and heavy rains. The administration has set a quota of 147,000,000 pounds for dark tobacco for all types, dark fired, one-sucker, Green River and Virginia sun-cured.

Vital Ballot Contests In Coming Week

Washington, Sept. 10.—(AP)—Primaries or nominating conventions in 12 states and Maine's general election will be held next week. Nine senators will come up for renomination. Topping the other primaries in national interest, because of President Roosevelt's efforts to bring about the defeat of Senators Tyding and George, are those in Maryland and Georgia. Maryland Democrats on Monday will write their answer to the President's plea to unseat Tydings as a conservative and replace him with Representative Lewis as the Democratic nominee for senator. Georgia will vote Wednesday. In that State the chief executive gave his political blessings to Lawrence Camp, United States district attorney, who is trying to unseat Senator George. Voters in six other states will nominate Senate candidates on Tuesday. These are: Arizona, Colorado, New Hampshire, Utah, Vermont and Washington.

matter and found Deane entitled to a 22-vote majority over his Davidson county opponent. Attorney General Harry McMillan and Major L. P. McLendon, of Greensboro, made the oral pleas for Deane. In rebuttal, former Governor J. C. B. Ehringhaus argued just as eloquently that Judge Harris was right in his decision, and that Burgin is entitled to a certificate of nomination for the eighth congressional seat. Members of the court showed their interest at many points, but gave no indication of the view they will take of the law and the facts. That the court, as presently con-

Where Arizona Candidate Died

Pictured above is wreckage of the plane in which C. M. Zander, 61, candidate for the Democratic nomination for Governor of Arizona, and pilot Charles Grosso, of Phoenix, were killed, near the airport at Benson. The plane was coming in for a landing.

Britain Is Not Joining Move To "Stop Hitler"

U. S. Won't Help To "Stop Hitler"

Aboard President Roosevelt's Train, Enroute to Rochester, Minn., Sept. 10.—(AP)—President Roosevelt said at a press conference yesterday that interpretations that the United States was morally linked with European nations in a "stop Hitler" move were about 100 percent wrong. The President was told by reporters that such an impression had been growing as a result of recent utterances by himself, Secretary of State Cordell Hull and William Bullitt, ambassador to France.

Sanctions Up As Meeting Of League Opens

Geneva, Sept. 10.—(AP)—Great Britain and France, determined to keep every road open in the midst of the Czechoslovakia crisis, fired the opening gun today in the League of Nations battle of sanctions. Delegates of the Scandinavian nations, the Netherlands and Belgium came to Geneva resolved to start a bitter offensive against Article XVI of the League covenant, which provides for these punitive measures against aggressor nations. The large League powers, however apparently convinced the punitive machinery would be a valuable aid to them in a future war, went into ac-

Says Burgin Is Absentee Vote "Goat"

Raleigh, Sept. 10.—(AP)—A surprise charge that W. O. Burgin, of Lexington, was made the victim of a campaign "to glorify the cause against the absentee ballot" was aired today as the Supreme Court began consideration of the eighth district election dispute. Former Governor J. C. B. Ehringhaus, attorney for Burgin, told the court that his client had been made "the goat," and "sacrificial victim" of a movement to repeal the absentee ballot law. "The absentee ballot law hasn't a friend in the world," Ehringhaus shouted in his dramatic argument to the court, "but it is the law, and as long as it is the law, it is my duty

Czech Chief Urges Calm Over Nation

Broadcasts Plea to His People; Goering Says Germany's Air Force Best in World, And Declares "What Our Fuehrer Does Is Always Right"

Nurnberg, Germany, Sept. 10.—(AP)—Air Minister Wilhelm Goering praised Germany's air force as the best in the world today as Nazi spokesmen declared Adolf Hitler now would demand nothing less than outright annexation of Czechoslovakia's Sudeten Germans. cultured state. He was the first conspicuous, spouted war into the consciousness of his 25,000 hearers at the labor front at the Nazi party congress, with references to Germany's airmight, her strong fortifications, and her ability to withstand a blockade "if it lasted 30 years."

Germany, he declared, was invincible, and Czechoslovakia is not a cultured state. He was the first convention speaker to refer directly to Czechoslovakia.

His hearers cheered themselves hoarse and gave him an ovation such as has been given only to Reichsfuehrer Hitler when Goering shouted:

"What our fuehrer does is always right; therefore, we will follow him wherever he leads us." Regarding German aviation, he asserted: "Our air force is technically the most perfect and numerically the strongest from the viewpoint of morale and the most ready to give all for the fatherland of any country in the world."

Goering's speech followed one made by Chancellor Hitler to 60,000 Hitler youths and girls, in which he reiterated assertions "Germany will stand united, come what may"

CZECH PRESIDENT URGES HIS NATION TO BE CALM Prague, Czechoslovakia, Sept. 10.—(AP)—President Benes, in a calm and

(Continued on page six)

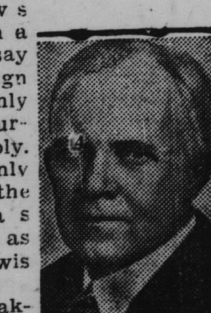

Czechs Face World With Convictions

Prague, Czechoslovakia, Sept. 10.—(AP)—Czechoslovak officials held to the conviction today that they could face the world and Adolf Hitler with a clear conscience in their fight with the Sudeten German minority over self-government. This republic, they asserted, has done its utmost to preserve an honorable peace with a far-reaching appeasement plan, beyond which it cannot go. There was a well founded presumption that these points would be stressed by President Benes in an address tonight before an expectant nation and the world. The Prague government published last night 12 terms under which it is prepared to call off the argument with Nazi-supported Sudeten Germans. Then it wiped out a specific griev-

Democrats Are Fighting Themselves, Not G. O. P.

By CHARLES P. STEWART Central Press Columnist Washington, Sept. 10.—Nobody seems to care a nickel's worth what the Republicans are doing. Heaven knows that this has been a red-hot, not to say a vitriolic campaign thus far, but only one party has figured in it noticeably. That is to say only one party label, the Democratic, has been mentioned as of David J. Lewis any consequence. Politically speaking, this year's primaries are tests to determine whether New Deal or anti-New Deal Democrats really are Democrats. The Republican primaries are inconsequential. In most states the district's G. O. P. nominees expect to be licked

Probe Made In 1934 Of Jas. J. Hines

Former Assistant U. S. Attorney Testifies at Trial of Tammany Chief

New York, Sept. 10.—(AP)—Lyon Boston, New York lawyer, and once assistant under former District Attorney William Dodge, testified today in the conspiracy-lottery trial of James J. Hines that Dodge ordered an investigation of Hines in 1934.

Boston also testified that he aided Dodge in what he described as a relentless drive against policy racketeers during the same year. The witness, a slim young man, son of Charles Anderson Boston, former president of the American Bar Association, was called by Defense Counsel Lloyd Stryker to counter testimony that Dodge was "influenced, intimidated or bribed" by Hines, for years a powerful Tammany Hall leader, as the State charges.

Boston said in March, 1934, Dodge summoned him in connection with an investigation of the policy gambling game. The \$20,000,000-a-year Dutch Schultz enterprise, which District Attorney Thomas Dewey's witnesses have accused Hines of serving in the role of "political fixer," Boston said he was ordered by Dodge to investigate reports that Hines was involved in the policy racket, and that if the reports were true to indict and prosecute him.

"Mr. Dodge gave me full power," the witness said. "He told me he wanted in particular to investigate

Wage Cut On Railroads Is Fixed Oct. 1

Chicago, Sept. 10.—(AP)—Representatives of the nation's major railroads have fixed October 1 as the date on which a 15 percent wage cut will become effective for 929,000 rail workers. The carriers' joint conference committee announced last night the new wage scale would be adopted on that date, "unless and until some further development arises." Presidential intervention in the dispute between the railroads and rail unions was considered as one possible development. Under the railway labor act, the president may name a fact-finding commission to report on the controversy. Such action is contingent upon the railroad brotherhoods setting a date for a strike. A strike vote is now being conducted. The roads proposed the wage cut May 12.

Cherry Return Might Affect Speakership

Daily Dispatch Bureau, In The Sir Walter Hotel.

Raleigh, Sept. 10.—Political waters in this neck of the woods are willing to lay a few small wagers that the name of Gregg Cherry will be frequently mentioned in connection with the speakership of the 1939 House, despite the fact that in taking a committee nomination for one of Gaston's seats the "Iron Major" tried to make it clear that he will come back as a private in the legislative ranks and not with any aspirations again to occupy the dais from which he hurled so many barbed wisecracks at hapless members in 1937.

Nobody thinks that Cherry is going to make a fight for the speakership, all conceding that he is absolutely sincere in his present intention to come back just as one of the boys.

On the other hand, those who peer into the crystal ball of the political future see the possibility of a deadlock when it comes to naming the 1939 presiding officer for the House, with Victor Bryant, Libby Ward and Bill Fenner dividing the votes in such a manner that none of them will have the majority needed to nominate in caucus.

It is then, these peers point out, that Cherry's name will come back into the picture. What could be more natural or logical, they ask, than that the man who so ably, if ruthlessly, kept the 1937 House working at full speed and strictly on the administration's side of the fence?

As a matter of fact, it is decidedly doubtful that Gregg would accept the post, even under the conditions cited. He is now State chairman of the Democratic party, and it is hardly likely that he would want to hog all the honors lying about. Just the same the Cherry name is going to be bandied about in connection with the speakership.

Deane-Burgin Case Goes To Last Legal Tribunal

Daily Dispatch Bureau, In The Sir Walter Hotel.

Raleigh, Sept. 10.—The tangled legal skein of the Deane-Burgin election puzzle was today handed to the Supreme Court to unravel. Attorneys for the Richmond county man argued long and vigorously that Judge W. C. Harris followed good law of the dead past when he ruled that the State Board of Elections could not go behind returns certified by the county boards; but, they contended the present state of law is otherwise and claimed that Chairman W. A. Lucas and his associates were clearly within their rights and were acting only in complete fulfillment of their duties when they investigated the
