TODAY'S HOROSCOPE
Today gives a tendency to rove but mainly from the desire to get away from people. The disposition is an unsociable one and may become misanthropic. Strive to overcome and peculiarities that may show themselves, and keep the moral tone as high as possible. Careful training will do much for this degree.

A New Hampshire farmer who says he has been hunting for years for "an honest woman and good companion" for a wife, seems to be seeking two different people.

What Do You Know About North Carolina?

By FRED H. MAY

1. Who was the Orange county man named vice-president of the Republic of Texas?
2. At what two census periods, 75 years apart, did the State occupy the same rank among the States?
3. What was Governor Morrison's recommendation concerning fish hatches to the 1923 legislature?
4. Who was the North Carolina governor to recommend teaching military tactics in public schools?
5. When was kidnapping in North Carolina made a felony?
6. How does North Carolina rank in textile manufacturing?

ANSWERS.

1. Kenneth L. Anderson, of Hillsboro, was vice president of the Republic of Texas in 1842, and second under President Sam Houston.
2. In 1860 North Carolina was the twelfth state in rank in population. Again in 1930 the same rank was held. During this seventy-five years, however, the State's population had increased nearly two and one-half millions. The State ranked sixteenth in 1890 and in 1910.
3. That the State build a small hatchery on every river in the State, and that the keeper, or operator, be a fish policeman for all nearby waters.
4. Governor Thomas Bragg recommended to the legislature of 1865 that a plan be adopted providing for the State to furnish arms to public schools, and for the teaching of military tactics to the youth of the State.
5. In 1935 the legislature adopted an act making the crime of kidnaping a felony and providing a penalty of life imprisonment. Persons or firms implicated through any agents are subject to lose their rights to engage in business in the State and to the payment of a \$25,000 fine.
6. First in the number of cotton mills, first in the number of cotton spindles in place, first in the consumption of cotton, first in the manufacture of cotton goods and in the production of hosiery (quantity).

Doc Newton Club Seeking 1,000 On Roll

Daily Dispatch Bureau, In The Sir Walter Hotel.

Raleigh, Sept. 17.—The Doc Newton Club, sponsored by the Department of Athletics at State College, is driving for 1,000 members at \$10 per member, proceeds to be used by the State College Student Aid Association, Inc., of which Bill Sullivan is president and G. Y. Stradley, of Raleigh, is treasurer.

Prospective members of the club are assured that they can deduct their contributions when filing income tax returns as "this is a legitimate student aid unit."

According to the club's roster, there were 662 members up to September 5, 1938—the membership being drawn from 49 cities (12 of them out of the state) and the college campus. Naturally Raleigh led in number of memberships, with 83. Charlotte was next with 38. There were 31 campus members and 18 from Greensboro. No other towns had as many as ten members on September 5.

The D. N. C., according to letters being mailed by the department of athletics to State alumni, is "patterned after the Buck-A-Month Club of the University of Tennessee and the IPAY (I pay Ten a Year) Club of Clemson College.

In the department's letter to prospective members among the alumni, Doc Newton, the Wolfpack's football coach, now in his second year, is given credit for reviving State College spirit.

"As you know, it has been around a fact making the crime of kidnaping a felony and providing a penalty of life imprisonment. Persons or firms implicated through any agents are subject to lose their rights to engage in business in the State and to the payment of a \$25,000 fine.

MARCHING THROUGH GEORGIA—1938

Feedstuffs Prices Mixed During Week

Raleigh, Sept. 17.—Feedstuff markets firmed during the second week of September influenced principally by advances in feed grains. Wheat millfeeds were irregular. Cottonseed and linseed meals were slightly lower. Soybean meal sold higher for immediate shipment but held unchanged for deferred delivery. Gluten feed and meal were quoted lower. Changes in other feeds depended mostly upon local conditions of supply and demand. The index of wholesale feedstuff prices advanced to 90.8 (1935-36=100) compared with 89.4 a week ago and 85.5 a month back, according to the U. S. and North Carolina Departments of Agriculture.

Best grades of beef cattle were stronger than last week while common and medium grade steers were weaker. The extreme top for fed steers was 13.35. Receipts were larger than last week but grassers boomed large in the run. Fed heifers, cows and vealers were stronger while bulls were about steady. In the hog division most packing cows were steady to slightly higher. The top for the week in Chicago was 9.45, the highest in 3 weeks. An increased supply of sheep and lambs and a weaker dressed meat trade forced prices down on spring lambs, yearlings and sheep. The closing top at Chicago was 7.90.

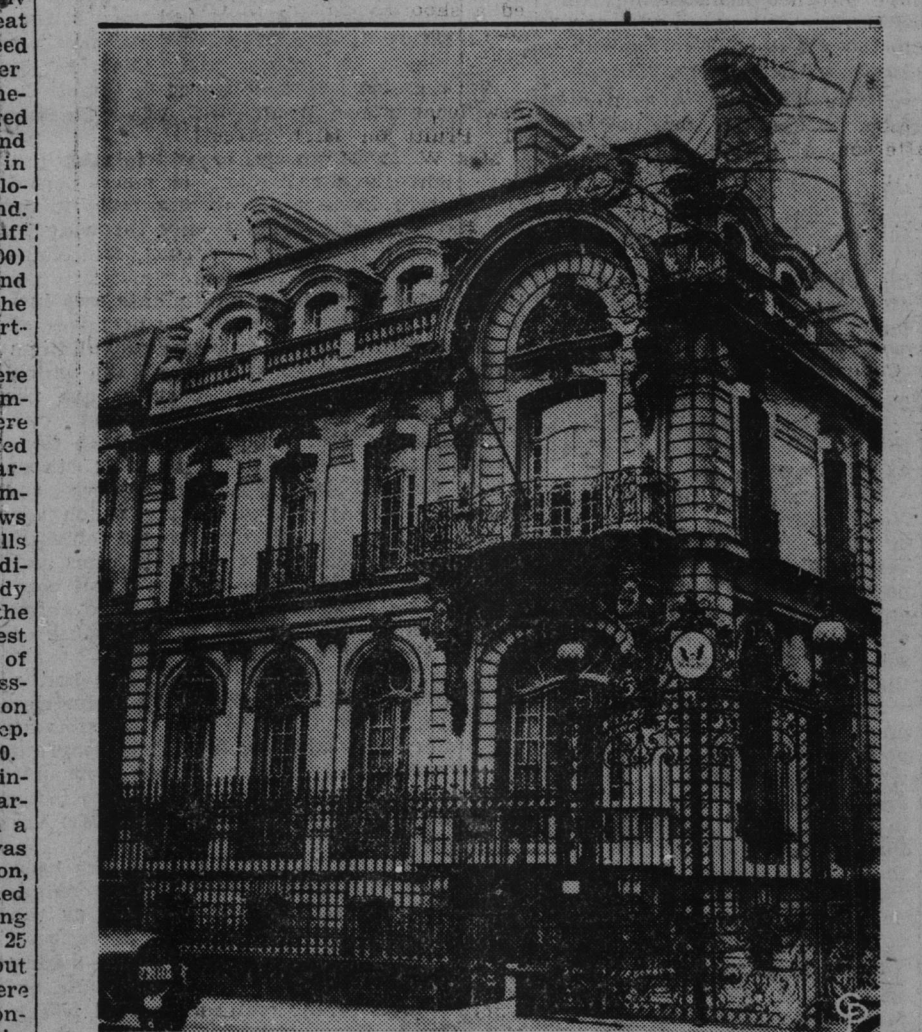

The fall crop of turkeys is beginning to appear on some of the markets. In New York, turkeys were in a very light supply and the market was slightly higher. At Washington, young hens, 10 to 12 lbs. were quoted at 24 cents per pound while young toms of 15 lb. and up brought 25 cents. Other live poultry was about steady except chickens which were slightly easier. The egg markets continued firm and the statistical picture remained unchanged, (smaller supplies, lighter market receipts and smaller storage stocks than in 1937).

This week's wholesale Dressed Meat Market at New York was featured by price losses in all classes except top

good to prime Steer and Koster, Steer Chucks and Plates which were steady. The latter closing strong. Other grades of Steer beef were .50 to 1.00 lower; Lamb opened the week steady to .50 cents higher but closed the period 1.00 to 2.50 below the opening. Pork Shoulder cuts opened .50 to 1.00 higher and closed barely steady to .50 cents lower while Loins

opened .50 to 1.50 higher and closed .50 to 1.00 lower on 8's to 12's and steady to slightly lower on others. Practically no Farmers' Stock Virginia Type Peanuts are now moving to the mills. However, nominal prices on a delivery point basis are about as follows per lb.: Jumps, best 4-4 1-2 cents. Bunch, best 3 3-4 cents. Best shelling stock, 3 1-2 to 3 5-8 cents
