THE MESSIAH PROMISED: I will declare the decree: The Lord hath said unto me, Thou art my Son this day have I begotten thee. Ask of Me, and I shall give thee the heathen for thine inheritance, and the uttermost parts of the earth for thy possession.—Psalms 2:7

Today....

TODAY'S ANNIVERSARIES

1651—Sir William Phips, poor Maine born youth, who found a million dollar wreck-treasure, was knighted, and became first royal governor of Massachusetts, born. Died Feb. 18, 1693.
1809—George Engelmann, St. Louis physician, botanist, pioneer meteorologist, born in Germany. Died Feb. 4, 1884.

1815—John Kraus, German scholar, through whose efforts kindergarten methods were introduced here, born in Germany. Died in New York, March 4, 1886.

1825—John C. Dalton, New York psychologist, born at Chelmsford, Mass. Died Feb. 12, 1889.

1843—Knut Nelson, Minnesota's famed governor and senator, first Norwegian-born to attain such eminence, born. Died April 28, 1923.

1846—Francis M. Smith (Borax Smith) Western pioneer, discoverer of the world's greatest borax mine, Death Valley borax mine owner and Oakland, Cal., capitalist, born at Richmond, Wis. Died Aug. 27, 1931.
1892—Emory W. Hunt, Baptist clergyman, president of Denison University, and Bucknell University, born at East Clarence, N. Y. Died May 20, 1938.

TODAY IN HISTORY

1794—French Convention decreed it treason for an officer to surrender his ship to a force less than double his own.

1829—Died—Deborah N. Logan, nee Philadelphia, early American historian.

1848—Treaty of Guadalupe Hidalgo, ending war with Mexico. Mexico ceded vast territory now California, Utah, Nevada, and parts of Arizona, Colorado and New Mexico.

1876—The National League of Professional Baseball Clubs organized in New York. The eight clubs were, Chicago, Hartford, St. Louis, Boston, Louisville, Brooklyn, Philadelphia and Cincinnati.

1891—The Society of Christian Endeavor—founded in Portland, Maine, by the Rev. Francis E. Clark as the Williston Young People's Society of Christian Endeavor.

1899—(50 years ago) Three-million dollar fire in Buffalo, N. Y.
1932—First world conference on disarmament opens in Geneva.

TODAY'S BIRTHDAYS

William Rose Benet of New York, author, born there, 53 years ago.
Julius H. Earnes of Duluth and New York corporation head, born at Little Rock, Ark., 66 years ago.
Fritz Kreisler, famed violinist, born in Vienna, 64 years ago.
Johnston McCully of Calif., novelist-dramatist, born at Ottawa, Ill., 56 years ago.
Joseph H. Choate, Jr., of New York lawyer, ex-Federal Alcohol administrator, born in New York, 63 years ago.
Charles Hanson Towne of New York, noted editor-author, born at Louisville, Ky., 62 years ago.
Dr. Christian Gauss, dean of Princeton University, born at Ann Arbor, Mich., 61 years ago.
Geoffrey O'Hara, Tuckahoe, N. Y., composer and author, born in Canada 57 years ago.
James Joyce of Paris, author, born in Dublin, 57 years ago.

TODAY'S HOROSCOPE

Today gives a naturally aggressive nature, but one suave and outwardly cautious. The mind is fertile in expedients, but lacking in concentration. Be careful of the opinion of others, lest your aggressive nature stir up others.

ADMINISTRATOR'S NOTICE

I have this day qualified as Administrator C. T. A. of the estate under the will of my wife, the late Laura Newsom O'Neil, and this is to notify all persons holding claims against her estate to present them to me on or before January fourth, 1940, or to her before January fourth, 1940, or to my recovery. All persons indebted to her estate will make payment to me.
This 4th day of January, 1939.
M. J. O'NEIL,
Administrator C. T. A.

What Do You Know About North Carolina?

By FRED H. MAY

1. In event the Federal Social Security act should not be repealed what would happen to the North Carolina act?

2. What was North Carolina's position in establishing the term of President?

3. When were circuit riders first authorized by the Methodists in North Carolina?

4. What complaint was made about the pay of the legislators in 1804?

5. What was the outcome of the Craig-Pritchard joint campaign for U. S. Senate in 1902?

6. What was the organization, "Heroes of America?"

ANSWERS

1. It would be repealed automatically. The governor would be required to issue a proclamation announcing the repeal. All unexpended taxes paid under this act would then go to the general fund of the State.

2. The delegation to the constitutional convention at Philadelphia in 1787 favored a longer term and ineligibility for re-election. When the four-year term was adopted North Carolina was the only state to vote against it.

3. In 1800. No parsonages were provided and salaries of only \$64,000 were paid.

4. It was complained that members of the legislature had increased their pay too much. Under the crown they had drawn per diem of six shillings and six pence, or about seventy five cents. By 1804 they had increased their pay to thirty shillings, with ten shillings being worth a dollar. This "extravagance" was sending the State along the "road of destruction."

5. Both of them were defeated and Lee S. Overman was elected. Locke Craig and Jeter C. Pritchard had canvassed the State in an exciting campaign, both seeking the election, which was then at the hands of the legislature.

6. It was a secret political society of the Reconstruction period and more generally known as the Red Strings. It was organized among the whites, and was active in support of Governor Holden and his carpetbag cohorts. Its allied organization among the Negroes was the Union League.

ANSWERS TO TEN QUESTIONS

5-10-20 YEARS AGO

(Taken from Daily Dispatch Files)

February 2, 1934.
Miss Edna Garlick, of Greensboro, is expected in the city this afternoon to spend the week-end with her family here.

February 2, 1919.
The home work of the students of the city schools was to be continued during the present week as a result of the suspension of the regular class room exercises during that period. All students who have not received their assignments were asked to communicate with their teachers to get an outline of the work mapped out.

February 2, 1929.
L. W. Barnes, formerly of Henderson, who has been manager of Rose's 5 and 10c store at Oxford, has been promoted to manager of their store in Raleigh.

A meeting of the City Council will be called for Monday evening of next week to adopt an ordinance setting up regulations for the new electric signals which have just been installed here.

February 2, 1919.
The home work of the students of the city schools was to be continued during the present week as a result of the suspension of the regular class room exercises during that period. All students who have not received their assignments were asked to communicate with their teachers to get an outline of the work mapped out.

Mayor M. H. Stone has recovered from a recent slight illness which confined him to his home, and is now able to be out again.

The total acreage allotment for new flue-cured tobacco farms for 1939 will be limited to not more than 8,800 acres, or one percent of the national acreage allotment.

"Old tobacco farms already are capable of producing annually, under normal conditions, over one-third more tobacco than the present annual world consumption of U. S. flue-cured tobacco," Floyd pointed out. "Therefore, the new farm allotments are intended to take care of the limited number of cases where tobacco farmers have operated or are just beginning operation for themselves on farms which tobacco has been grown in recent years."

The Unemployment Compensation Commission had written the amendments and that they were approved by the social security board at Washington.

The short session of December, 1936 hadn't been away from Raleigh long before questions arose as to the wisdom of some features of the bill it had adopted at the instigation of Washington officials. Later it developed that the haste was not necessary. Some other states did not act for months—and got just as much as North Carolina did. Early last year there was much criticism of the way the commission, headed by Charlie Powell, was handling unemployment benefit payments. Indignation meetings were held over the state and threats that the next legislature will get the commission set-up were frequently heard. Then all that died down, payments began to go out more smoothly and promptly, commission employees and beneficiaries gained better understanding of operations, and the legislature came with the threat removed.

Not only that but last week both houses passed quickly a bill exempting employees from the merit examinations required under the original law. Then the joint committee reported favorably on all changes asked by the commission. But there are still some sore spots. Messages of protest have been coming in. It may even develop that a public hearing will be requested. That's why action was deferred until after the legislators had been home for the week-end.

College Station, Raleigh, Feb. 2.—Farmers who plan to grow flue-cured tobacco in 1939 for the first time since 1934 must file application with their county agricultural conservation committee not later than February 18 to receive an acreage allotment and

kin, for outright repeal of absentee voting. Chairman Morphey, who has repeatedly expressed satisfaction with the status quo in western election procedure, does not expect to call his Senate committee together until they get the House bills. Indications now are that they'll reach the Senate early next week. If the House is too drastic, Senator Morphey's boys will alleviate damage to absentees as much as possible.

February 18 Deadline For Tobacco Crop

terrible, unavoidably, but Yankee assistance did something toward taking the curse off, and all Latin America knows it.

To be sure, Latin folk east of the Andes are little subject to earthquakes, but they can have other varieties of large-scale misfortunes, and Uncle Samuel has had a chance to figure as a valuable friend in need when ever required.

Oh, it was an awful earthquake, but, if there had to be one, it wasn't untimely. Pan-Americanly speaking. Coming after that Lima conference, in its way it could not have been improved on.

Nazi-Fascists Squelched.
Although eastern South America does not have earthquakes, it does have totalitarian activities.

One of these has just been squelched by President Vargas of Brazil, with the arrest of Finio Salgado, who was trying to stir up an Integral Action revolution in Sao Paulo Sao Paulo, though not Brazil's capital (which is Rio de Janeiro) is the republic's principal city (about the size of Chicago), and Sao Paulo state is a big enough tail to wag the bulk of the Brazilian dog. Therefore a Sao Paulo rebellion would be bad business for the whole country. The Integral Action party is partly Fascist, partly Nazi. But it is mainly Nazi, because southern Brazil (Sao Paulo) is predominantly German. Thus this thing had it eventually, would have given Germany a dangerous Brazilian foothold—dangerous from the standpoint of the United States.

President Vargas is pretty much a dictator himself. However, he is not pro-German or pro-Italian; he is pro-U. S. A.

And he has Salgado and Salgado's chief lieutenants in jail.

Not So Bad.
All this is tolerably satisfactory.

Uncle Sam has had a "favorable" earthquake on the South American west coast, in Chile. He has had an undesirable would-be revolution suppressed on the South American east coast, in Brazil.

Brazil and Chile are two of South America's three most important countries. The third is Argentina. The Argentine Republic is rather cold toward us. Primarily it is native; then German, British and Italian, mixed.

The rest of Latin America is fairly friendly to us now—possibly excepting Mexico, which clashes with us a bit over the question of oil. That issue remains to be adjusted.

Incidentally, Latin America is in default to us on certain commercial loans. Senator Hiram Johnson does not want us to be allowed to make any further Latin American advances until those obligations are met. But they are different from our claims against Europe. Europe deliberately has repudiated its war debts to the U. S. A. In Latin America, we simply made some bad investments, and lost out, just as occasionally we do at home. We patriotically advanced several billions to our European associates in war time, and they dumped us. We are supposed to use some business judgment in making Latin-American loans.

New York, Feb. 2.—(AP)—The stock market enjoyed some success in promoting a rally today, but lightness of dealings tended to minimize the recovery trend. Selected steels, zotors, utilities, rails and specialties managed to tack on advances running to a point or so in the forenoon. A little profit-taking shaded best marks near the four hour. Bonds did better all around.
