

Stores And Schools Get Easter Holiday Monday

Virtually All Business To Come to Standstill for Day; High School To Have Good Friday Also; Time Lost Will Be Made Up

Business generally will halt here next Monday for the Easter Monday holiday, it was announced today. It will be one of the three or four virtually complete business suspensions observed here in the calendar year, and a full holiday will be taken by most concerns.

Retail establishments will be closed for the entire day, along with the banks and other institutions. City and county offices are expected to observe the holiday.

All white and colored schools of the city and county will take a full holiday for the day. At the Henderson high school Good Friday tomorrow will also be observed as a full holiday. All time lost by the schools will be made up before the term ends next month.

A number of young people who are away at school are at home for

the spring holidays, though many have already been here and returned to their college work.

Start Drive For Band's Trip To Fair

The campaign to raise funds for sending the Henderson high school band to the New York World's Fair has been started, it was announced today by Mrs. M. W. Wester, president of the Band Boosters Club,

sponsor of the band. The band is to participate in the exercises of North Carolina day at the fair Monday, June 19, and will make the trip by train.

The young people and their escorts and chaperones will have three days and two nights in New York, not including the night trips going and returning. The cost will be a trifle less than \$25 each for actual expenses.

A concert by the band has been arranged for the night of Monday, April 17, in the high school auditorium, and some 3,000 tickets are now being offered for admission as a means of raising at least a part of the money needed to provide for the trip by the band.

A meeting of a committee of the Band Boosters Club with the directors of the Henderson Chamber of Commerce was arranged for tonight to discuss the request of the club that the chamber assume sponsorship of the campaign to raise the money. A meeting of the club was held last Monday night, at which it was decided definitely to undertake the trip.

MUSICAL PROGRAM HAD BY ROTARIANS

Mrs. N. D. Holloway Sings Solos, Spirituals Rendered by "Jones Boys"

A musical program in charge of J. C. Cooper was had at the regular weekly meeting of the Rotary Club last Tuesday evening at the Vance Hotel.

Mr. Cooper presented Mrs. N. D. Holloway in several solos, and there were spirituals by the "Jones Boys" a group of Rotarians, composed of Dr. I. H. Hoyle, R. J. Jones, J. C. Cooper, W. T. Smith and Rev. J. A.

Jones. S. T. Peace, Jr., of Corbett Co., was taken into the club as a new member.

Hughy Tindall, former Rotarian of Camden, S. C., was a guest of the club, as was N. D. Holloway.

A committee composed of the three immediate past presidents, J. W. Jenkins, T. B. Rose, Jr., and J. A. Jones, was named to recommend a slate of officers for nomination, the terms to begin in July.

Cokesbury News

By MRS. ERNEST GILL

Friends will be glad to know that little Ruth Ann Gill, youngest daughter of Mr. and Mrs. J. Edward Gill is getting along nicely at her home after having her tonsils removed at Maria Parham hospital Monday.

Mr. and Mrs. Thomas Walters and little daughter Alice, Mrs. A. R. Walters and Miss Grace Walters from near Oxford were guests of Mrs. Walters' parents, Mr. and Mrs. Norman Harris Sunday, March 26.

Mr. and Mrs. Russell F. King from Greenville, visited Mr. and Mrs. Ernest Gill and Mrs. B. W. Powell Sunday afternoon, Mrs. Gill and Mrs. Powell are both sisters of Mrs. King.

It seems we have gone in for another rainy spell. We had a severe electrical storm in our community Saturday night, followed with lots of rain and a heavy shower of hail, but no damage was done! We usually have cold weather around Easter so maybe we will have good weather this time.

Mr. and Mrs. Robert Stokes have recently moved in our community and started keeping house by themselves for the first time since they were married. We wish them much success and extend them a hearty welcome.

J. W. and Caswell Smithwick,

spent the week-end with friends in Richmond, Va.

Friends will be glad to know that Mr. Conn seems very much improved the last few days. He has a nice wheel chair now and will enjoy getting out in the sunshine so much when it gets a little warmer.

Mrs. Frank Vaughan spent Friday with her mother Mrs. Frazier at Afton.

We are very glad to report that little Elizabeth Fleming is improving after being very sick at her home for a few days.

Miss Janie Gill spent Tuesday night with her classmate, Miss Rebecca Murphy at Epsom.

EASTER FISHING IS PERMITTED HERE

Fishing is to be permitted here Sunday and Monday, according to Game Protector R. I. Burroughs, although the fishing season closed at midnight March 31, and will remain closed until May 10.

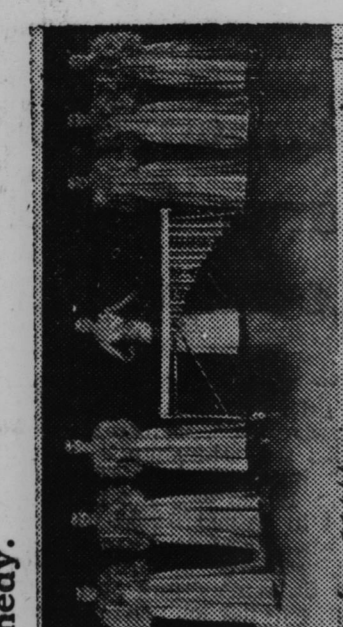

Lake Mattamuskeet, a fishing haven for numerous anglers in these parts will remain open all the year, there being no closed season on fishing there.

England's grouse shooting season opens in July. The grouse season in America opened March 15.

E. H. BROWN DIES AT HOSPITAL HERE

Was Native of Chapel Hill and Resident of Henderson 35 Years

Ernest H. Brown, 55, known to a host of friends as "Deacon" Brown, died at Maria Parham hospital here at 9:30 a. m. today following an immediate illness of six days due to complications. He had been in failing health for several years, and for some time had been retired from his work as a clothing salesman.

Mr. Brown was a native of Chapel Hill, where he was born October 23, 1883, but had lived in Henderson over 35 years. He was a member of the First Baptist church here.

He was never married, but is survived by one brother, J. Lee Brown, of Connecticut, and two sisters, Mrs. I. J. Rogers and Miss Pauline Brown, both of Henderson. His parents have been dead more than forty years.

Funeral services were announced to be held at the graveside in Oakwood cemetery in Raleigh at 4 o'clock Friday afternoon, in charge of Rev. R. E. Brown, pastor of the First Methodist church here.

The funeral cortege will leave from the Barnes Funeral Home at 2:15 p. m. tomorrow for Raleigh, it was announced.

Active pallbearers were announced as J. W. Gill, R. E. VanDyke, F. E. Marston, R. D. Starke, Sam Fox, Sr., Ed Powell, G. N. Gill and Thurman Hicks.

"POTASH PAYS ON ALL CROPS" Says R. C. BROWN

JOHN WHITWORTH, Waco, says: "Top-dressing wheat with 50 pounds of MURIATE OF POTASH along with nitrate of soda gives me increased yields, plump grain and extra weight per bushel."

R. C. BROWN, R. D. 2, Rocky Mount (right), says: "Potash pays on all crops! For many years I have side-dressed my tobacco with NV SULPHATE OF POTASH at 100 pounds per acre. This produces bigger yields of better quality tobacco which shows no disease. I have also used extra potash on my cotton with excellent results. Extra potash prevents rust and makes larger bolls and better lint. My corn gets an extra 50 pounds of NV MURIATE OF POTASH per acre. This produces increased yields and heavier ears of better-quality corn. I have never used less than 10% POTASH in sweet potato fertilizer."

D. H. JONES, Micro, says: "We top-dress our cotton with 150 pounds of NV MURIATE OF POTASH per acre. This prevents rust and produces more than a bale per acre. We have also side-dressed tobacco with extra potash and will use NV SULPHATE OF POTASH this year."

JOHN SIDNEY LOCKE, R. D. 1, Enfield, says: "For several years my cotton has gotten 200 pounds of 10-10 top-dresser per acre. This produces healthier plants and there is less shedding of leaves. Peanuts need plenty of potash. My peanut fertilizer contains 10% POTASH to increase yields."

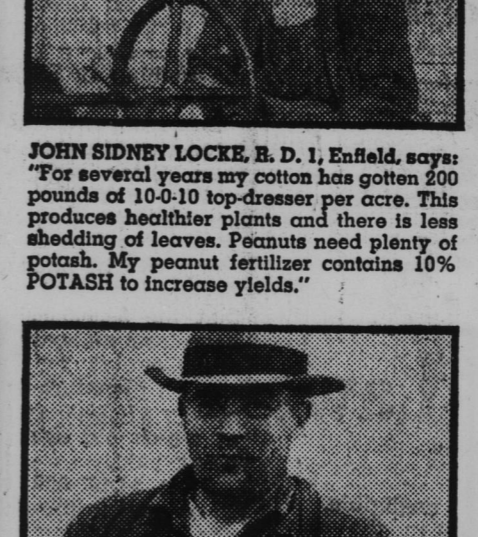

W. H. STEPHENSON, Angier, says: "Potash pays! For several years I have side-dressed with 100 pounds of NV SULPHATE OF POTASH per acre to improve the quality of my tobacco. I have also tried extra potash on corn, using 200 pounds of NV KAINIT per acre. Kainit certainly grows big yields of quality corn." The photograph below shows Mr. Stephenson's beautiful home at Angier, N. C.

W. C. GRADY, Kinston, says: "I am a firm believer in plenty of potash as a result of handling and using fertilizers for 33 years and testing extra potash on my farm for the last 10 years. This year my tobacco gets 1,000 pounds of 8% POTASH fertilizer per acre at planting and a side-dresser of 200 pounds of NV SULPHATE OF POTASH-MAGNESIA. On my corn last year I added 200 pounds of NV KAINIT per acre to my soda application and made 40 bushels per acre."

FRANK GALLOWAY, Stantonburg, says: "I won two first prizes and one second prize at the 1938 Tobacco Festival at Wilson. I have used extra potash for five years and top-dressed with NV SULPHATE OF POTASH again in 1938. My yield from six acres was 9,858 pounds, which brought \$5,000.00 or an average of about 32c per pound. My yield was 1,610 pounds per acre—representing about \$500.00 per acre."

FULTON CARR, R. D. 1, Clinton, says: "I have been growing tobacco for 23 years. During the last eight years I have tested extra potash and side-dressed with 100 pounds of NV SULPHATE OF POTASH-MAGNESIA per acre in addition to using fertilizer containing 6% POTASH under my crop. This gives me better quality and increased weight."

for TOBACCO The Tobacco Research Committee recommends side-dressing tobacco with potash, equal to 100 to 200 pounds of SULPHATE of POTASH per acre, within 20 days after transplanting. The Committee states: "Experiments indicate that the acre value of tobacco may be materially increased by additional potash."

for COTTON The North Carolina Experiment Station recommends side-dressing cotton with 50 to 100 pounds of MURIATE of POTASH, or 125 to 250 pounds of KAINIT per acre, on fields which have shown heavy Rust damage in the past and where the complete fertilizer treatment contains only 3% POTASH.
