

Building Projects For Country Club Started

Club House Addition and Swimming Pool Work Ordered by Directors at Meeting Last Night; Entire Project to Be Completed by June 1

With contracts let and construction underway on additions to West End Country Club and a swimming pool there, one of the most ambitious and worthwhile programs instituted at the club in many years is now a reality.

Excavations have already been made for the club house addition, and work on the swimming pool began today, after a board of directors meeting last night gave the go ahead sign to contractors holding the orders for construction work.

C. L. Carter Lumber Company has the contract for the club house addition, and B. H. Mixon, Contractor, holds the contract for the construction of a swimming pool. Both contracts call for completion of the work by June 1.

Plans have been advanced to mark the completion of the construction program with a big dance in celebration of the long needed expansion of the club's activities.

The program instituted by James W. Jenkins, president of the club, and with the aid of an energetic board of directors and others interested in the welfare of the club, has carried the program through to the construction stage. Members of the club cooperated wholeheartedly in the effort, realizing that the program, if successful, would give a well rounded West End Club that everyone could enjoy.

March Sales Of Liquor Under 1938

Sales by the Vance county liquor store in March amounted to \$13,735.05, it was announced from the ABC board's offices today.

This brought sales to \$38,335.95 for the first quarter of 1939, compared with \$44,407.10 in the first quarter of 1938, a decline of \$6,071.15.

The March business compared with \$14,001 in the corresponding month last year, and \$12,578 for February of this year. Sales for January this year were \$12,321.90, so that March was the largest month of the three.

The Spanish civil war cost \$20,000,000 and 1,000,000 lives. The latter half of the bill has already been paid.

Pensions To Widows Are By Month

Payments by State to Confederate Women To Be Worked With Old Age Assistance

E. O. Falkner, clerk of Vance Superior Court, who distributes semi-annually State pension funds to widows of Civil War veterans in this county, said today he had been officially advised by the State auditor's office in Raleigh of the change in the method of paying these pensions. Under an act of the legislature, which adjourned early last Tuesday, the payments will be made monthly after July 1 instead of semi-annually, on June 15 and December 15, as heretofore.

There is to be some form of harmonizing old age assistance payments under the social security act, with the State Confederate pensions.

No Confederate veterans in Vance county have shared in the distributions for several years, those who had been on the pension rolls having died. At the present time only widows are receiving payment, and all of them are on the Class A list, receiving \$300 annually, or \$150 on June 15 and a like amount December 15. This will be discontinued after July 1.

The change will in no way affect the June 15 payment of \$150, but that will be the last lump sum distribution. Some 15 to 18 widows are on the Vance county rolls at the present time. The distribution in this county has aggregated in more recent years a sum of about \$3,500 to \$4,000 annually.

MUSSOLINI FLIES PLANE TO BASE UPON ADRIATIC

Rome, April 6.—(AP)—Premier Mussolini flew early this morning to the military airport of Jesi, near an Adriatic seaport, where he reviewed planes and new recruits. The premier piloted a tri-motored bomber to the airport near a point that overlooks the sea toward Albania, as rumors of an impending Italian military occupation of the little Balkan country ran through Europe.

(Yugoslav officials, who said they were officially informed of Italy's in-

tentions, declared the impending military occupation was meant as a warning to both Yugoslavia and Greece not to mix in the Anglo-French project of a "Stop Hitler" bloc.)

The fascist press proclaimed that Italy was "ready for anything at any moment," though the newspapers were silent concerning Albania.

The newspapers, however, displayed prominently a communique saying Italian-German military talks were proceeding in Germany.

Il Duce appeared on a balcony at Jesi after inspecting the airport and saluted the crowd, but did not make a speech.

ALBANIA OCCUPATION IS WARNING TO ALL BALKANS

Belgrade, Yugoslavia, April 6.—(AP)—Well-informed sources said here today that the impending military occupation of Albania was meant as a hint to both Yugoslavia and Greece to stay out of the Anglo-

French anti-aggression bloc.

Italy's occupation may be confined to the coast line, hermetically sealing the Adriatic, the same source said. The Yugoslav government, officially informed of Italy's intentions, professed to be calm, but the people were nervous. They heard that several Italian planes arrived at Tirana today, carrying high Italian officials.

were determined upon by the aggressors."

Senator Borah, Republican, Idaho, replying to Henry L. Stimson's appeal to ban munitions sales to aggressor nations, declared that such discrimination "would inevitably lead us into war." Borah talked with reporters before the committee called Baruch.

Stimson, former secretary of state, thinks that nations, as well as individuals, should have some hope for forgiveness if they reform.
