Newman pitched and Hughes caught for the losers. McGhee caught for the winners.

BULLS WILL OPEN UNDER THE LIGHTS

Durham, April 21.—Followers of the Durham Bulls will be treated to something different this year, getting their first glimpse of the local Piedmont entry under the lights. The Bulls will inaugurate the current home season by tackling the Richmond Colts at Durham Athletic park, Monday night, April 24. Cherry's Remedy Proves Helpful

"I had suffered from neuritis for several years, and tried a number of remedies with little or no help. Was not able to do any work, and after taking four doses of Cherry's Remedy, I started feeling better and pain had left me. I can not give too much praise for this wonderful remedy."

Laura Durham, Route 2, Henderson. What Cherry's remedy has done for others it can do for you. Use it for rheumatism, arthritis, neuritis, high blood pressure, asthma, sinus trouble, indigestion. It is a great liniment for external use, can be used on sores and surface cancers and for athlete's foot.

Prices Mixed Upon Cotton

New York, April 21.—(AP)—Cotton futures were five points lower to one higher in an active opening. Most selling came from Bombay, while Liverpool and the South also offered. Spot houses and the trade were buyers. Mid-morning prices ranged four lower to four higher. Active months were traded in a range five lower to around four higher around midday.

Stock Trend Is Erratic

New York, April 21.—(AP)—The stock market crawled over an uneven terrain today as efforts to extend the recent rally met with a little profit-taking opposition. Price changes on the whole were small, and, from the standpoint of analysts, rather meaningless when the exceptional slowness of dealings was taken into consideration. Advances predominated near the fourth hour. Bonds were selectively higher.

Raleigh, April 21.—(AP)—The executive committee of the North Carolina Farm Bureau Federation will meet tonight in Tarboro to discuss amendments to be proposed to the tobacco section of the federal farm act.

"We will discuss proposals and decide what changes, if any, we think we should back," said E. F. Arnold, executive secretary. "Then a committee will discuss the matter with the State's congressional delegation to find out whether it is advisable to propose any changes."

There is no such thing as strict neutrality — newspaper editorial. Better not tell that to a baseball umpire.

Seek Relief Rather Than Pick Berries

(Continued From Page One)

berries grow on. As a result, Charles U. Harris, chief appeals deputy for the U. C. C., but known as the "strawberry judge" to Negroes in the east, is hearing some of the weirdest, wildest stories explaining just why it is absolutely impossible for the tellers to work in the berry fields.

This comes about because if Harris finds that berry picking is suitable and available employment for them, they must take the picking of them or go without unemployment checks for periods prescribed by the appeals deputy.

Sick mothers, fathers, grandmothers, sisters and crazy uncles-in-law are springing up on all sides and have been moving pleading before Mr. Harris as excuses from berry picking.

One claimant had been "hit on the head" and "no count back". Some eyes were too weak to see berries. Other physical afflictions were numerous enough to be in epidemic form.

The climax was reached when one applicant said he had to stay home and attend to his hog. Later this man's wife urged the same exemption. "I'll never eat strawberry shortcake again as long as I live", wearily sighed Mr. Harris.
