

# WPA Work In Schools Is Outlined By Mr. Rollins

## What Has Been Accomplished by Federal Grants of Cash Shown as Related to City Group; Much Work Done on Grounds of Schools

A summary of the repairs, additions and improvements to the physical plant of the city schools made within the past year with WPA funds was made public today by Superintendent E. M. Rollins. Mr. Rollins made some recommendations, which are being submitted to the city school board. The statement follows:

In the spring of 1938, the Board of Education of Vance County sponsored a joint project with the Board of County Commissioners and the Henderson Board of Aldermen. The funds received from this project were used for the improvement of the school property; the majority of which was expended on school grounds.

On March 18, 1939, the board of education secured another grant from the WPA in the sum of \$35,000 to be used for labor, the sponsor agree-

as same was done by WPA labor the cost to the board of trustees is estimated at \$5100.

3. The school yard has been leveled and sowed in permanent grass and one walk way laid at a cost of \$250.

During the year we have also purchased sixty uniforms for the band at a cost of \$870.00. We owe at present only \$20 for the uniforms and we have made arrangements to pay for the balance due on said uniforms. The money was raised by public subscriptions. We have one of the best bands in the State under the supervision of Mr. A. T. Hearne.

All the equipment for the high school has been paid for and we have purchased during the year one cooling unit, at a cost of \$198 for the Domestic Science Department, and 60 chairs for the band and have expended about \$240 for books for our library.

The moving picture machine was purchased for the school and installed one year ago. The balance due on the machine is \$150. The P.-T. A. has made arrangements to pay this \$150 during the ensuing school term. The Board of Trustees donated \$109.50 toward the cost of the machine.

**Junior High School.**  
The grounds at this school have been graded and a wire fence erected around the rear of the grounds. One basketball court has been laid out and enclosed by a rock wall and the necessary fixtures purchased and erected including one iron and wire backstop, and shrubbery has been pruned and reset and worked by WPA.

**Central School.**  
The roof has been painted and the yard enclosed.  
The roofs have been repaired and put in good condition at the following schools:  
North Henderson.  
Clark Street.  
West End.  
The buildings have been sprayed to exterminate termites at the following schools: Clark street and Junior High.  
Our buildings are in good repair and in a clean and sanitary condition. The last Grand Jury stated: "All buildings and school premises in the Henderson City Schools are in a clean and sanitary condition and well kept."

**Cafeterias.**  
New cafeterias have been installed and equipped at the following schools:  
Central.  
Clark Street.  
Junior High.  
We now have cafeterias at all schools except West End. We are giving monthly about 1080 free lunches. These cafeterias have been well equipped with cooking utensils, stoves, tables, benches and sinks. The WPA has furnished workers to prepare and serve the food. The total cost for the three cafeterias was about \$450.00.

The project on which the WPA is now working will run until the \$35,000 granted for the project is expended. The grounds at West End, South Henderson, Central and Henderson Negro graded school will be graded and play grounds provided for games and physical education. The WPA is now grading a standard athletic field for the Henderson Negro high school.

As soon as funds are available, I recommend that the shrubbery named by our landscape gardener in his plans be planted on the Henderson high school grounds. We have the drainage of the landscape gardener on file, which gives in detail how the shrubbery should be planted.

# DUKE CENTENNIAL ORDER OF EVENTS

## Over 5,000 Persons Expected to Attend Opening Event Friday, 3 P. M.

Durham, April 21. — Upwards of 5,000 persons are expected to attend the opening event on Duke university's formal centennial celebration program at 3 o'clock Friday afternoon.
