### TODAY'S HOROSCOPE

Today endows with a kind and noble disposition; magnetic and fanciful, with considerable talent. It is a day that usually leads up to positions of trust and the person born today will rise by his or her own merits, perhaps to a considerable eminence. It is not a day for great wealth, though it promises success.

You get what you pay for. Remember that the next time you feel like asking lawyer or doctor friends for free advice

The way those little European sea coast countries fear the Nazis pocket battleships you'd think their real name would be pickpocket battleships.
