

Florida Man Killed And Another Injured In Bad Wreck On Raleigh Road

J. T. Monfils, Jr., Lawyer, of Miami, Fla., Dies Instantly; Lee S. Tucker, Driver of Car, in Hospital, Police Detain Negro Truck Driver, David Alston

J. T. Monfils, Jr., 27-year-old lawyer, whose identification card gave the address of 1000 Lincoln Road, Miami Beach, Fla., was instantly killed today shortly after noon when a Plymouth coach, driven by Lee Stanley Tucker, real estate operator who gave his address as 7422-24 Collins avenue, Miami Beach, Fla., smashed into the rear end of a tractor-trailer truck, driven by David Alston, Negro, who said his address was Weldon, and the truck was the property of Hazelwood and Dickens Trucking Co., at the intersection of the Raleigh highway and a through road, leading to the Oxford highway.

Alston was being detained this afternoon by officers, pending the outcome of a two-fold investigation of the accident, one by State Highway Patrolman T. E. Cooke, Jr., and the other by Coroner A. P. Paschall. Monfils and Tucker were said to be enroute to Richmond, Va. Tucker told Patrolman Cooke that he saw the truck, sounded his horn and applied brakes to his automobile, but was unable to stop. The truck and trailer had proceeded far enough across the highway that the automobile crashed into the rear of the trailer in front of the rear wheels, and lodged there. About an hour was required to extricate the trailer and get the body of Monfils from the wreck. He was considerably broken up, it was said. Tucker was rushed by ambulance to Maria Parham hospital, and his condition was said not to be so serious. The automobile was almost a total wreck, part of the body being forced back upon Monfils, battering him to death.

Alston related that he had been out on the Oxford highway to deliver a load of brick to a dwelling that is being erected there, and was returning to the city. The accident occurred at the city limits, and at a point where a branch line of the Southern Railway crosses the highway. S. Brooks Brummitt, operator of a service station at the intersection, said he did not see the wreck, but he rushed to the aid of the injured man when he heard the crash and saw what had happened. Mr. Brummitt said Tucker was apparently unconscious when he took hold of him in the city. The city, county and state police responded to a call to the scene. Late this afternoon, County Prosecutor Brooks P. Wyche swore out warrants charging Alston and Tucker with careless and reckless driving and with manslaughter. Bonds for each had not been set.

RECKLESS DRIVING CHARGE IS HEARD

Raymond Elmore Harris, Davis street resident, pleaded guilty to reckless and careless driving in city court today before Mayor Henry T. Powell, and prayer for judgment was continued upon payment of a fine of \$10 and costs of court.

Chilean To Preach For First Baptist

Honorio E. Espinoza, of Santiago, Chile, will deliver the sermon at the 11 o'clock service at the First Baptist church Sunday. His topic will be "Why Latin America Needs the Gospel."

Mr. Espinoza will teach the Baraca class of that church Sunday at 10 o'clock, and Monday afternoon will speak before the Baptist Woman's Missionary Society on "Religious Conditions in Chile."

Converted some years ago, Mr. Espinoza joined the Baptist group of Chile in the early years of missionary activity in that republic. He felt the call to preach while he studied law in the University of Santiago, a great national institution to which two thousand students from other countries go to study. After his graduation in law, Mr. Espinoza practiced law in the capital while he served as pastor of the growing First Baptist church of Santiago. His people elected him as president of the Chilean Baptist convention. Two years ago he came to the United States, bringing his lovely wife and two children, Edward and Edith, and has been enrolled as a student in the Southern Baptist Theological Seminary, in Louisville, Ky. Mrs. Espinoza has been studying in the training school, and the children have been attending the elementary schools of that city.

Foreign Mission board of the Baptist denomination plans to start a seminary in Chile next year, and Mr. Espinoza will return to take up the responsibility of acting as its head, after a third session at the Louisville institution.

Mr. Espinoza speaks English fluently, and it is hoped that a large number of people will hear him in the services tomorrow.

Balance Rock Opens Sunday For Season

Prof. S. M. Crowder, of the high school faculty, said today Camp Balance Rock would open for the summer season tomorrow.

The lake has been filled, settled and drained, and within the past few days has been filled again, with a swift stream feeding the lake at all times.

"Doc" Crowder will be manager for the camp this year, but will not be on duty until near the end of the coming week, because of being with the high school band on the New York trip. Bill Bryan will again serve as life guard at the camp.

Chlorinating solutions have been put into the waters of the lake, and it is believed that it is entirely a safe place for bathing purposes.

Schedule Of Sales Mapped For Tobacco

The sales committee of the Henderson Tobacco Board of Trade met today to work out a final sales schedule for the 1939 selling season on the tobacco market.

It was necessary, it was explained, for several plans to be laid out due to the fact that the Tobacco Association of the United States has not yet met and set opening dates and limitations on selling time. But the constitution and bylaws require the local board of trade's sales committee to formulate a sales card on or before July 1 each year.

The sales committee consists of R. F. Thompson, chairman; A. T. McNeny and C. J. Fleming.

It isn't true Europe refuses to give us anything in exchange for the war debts she owes us. Europe is perfectly willing to let us borrow trouble at any time.

HIGH SCHOOL BAND LEAVES FOR WORLD'S FAIR

This picture of the Henderson high school band was made after the final drill last Wednesday on the steps at the main entrance of the school. The band leaves tonight for New York to participate in North Carolina Day exercises at the fair next Monday. The band will also play at the fair on Tuesday. Fifty-odd members of the band are making the trip. Director W. T. Hearne is in charge of the musicians. They will be accompanied to New York by some of the parents, and a number of other adults and young people.

Statement Given About Finances Of Band Trip

A statement showing in detail the financing of the Henderson high school band's trip to the New York World's Fair was made public this afternoon by Mrs. M. W. Wester, president of the Band Boosters Club. It follows:

STATEMENT HENDERSON HIGH SCHOOL BAND TRIP TO NEW YORK

Paid Out:	
E. G. Davis & Sons Company	\$3.26
Telephone, Telegraph, Sundry expenses	7.80
	\$11.06
TOTAL	\$ 54.97

Band Group Off Tonight To The Fair

Leave at 9:50 p. m., Arriving in New York Early Sunday; Many Have Gone by Automobile for North Carolina Day

Traveling on two special day coaches, members of the Henderson high school band and more than that many more of parents, friends and young people, leave tonight for New York to participate in exercises of North Carolina Day at the fair next Monday.

The band's trip was made possible by contributions of citizens and business interests and a number of parents of the boys and girls.

In all, the party numbers approximately 125, after allowing for some last-minute switches. Illness has disrupted some plans, with one or two dropping out of the party and several others joining it.

The group will arrive in New York at 9 a. m. Sunday, eastern standard (or Henderson) time, an hour later daylight savings, now in effect in the "tropics" for the summer. They will have sight-seeing trips in New York all day Sunday and in the evening, and Monday and Tuesday will be spent at the fair.

The group leaves New York Tuesday evening at 9:45 o'clock and arrives back in Henderson at 8:15 a. m. Wednesday.

A large crowd is expected to be at the station tonight for the departure of the band and its party.

Kiwanians Meet Friday In Townsville

Members of the Henderson Kiwanis club and a number of guests held the weekly dinner meeting of the club in a grove near Rock Spring Baptist church at Townsville Friday evening. The ladies of the community served the dinner and the proceeds went to the Townsville baseball club. About 100 in all attended, including wives and guests of a number of members.

The program for the evening was in charge of W. B. Hight, who called on J. Roy Tolbert to put on a "street query" contest, participated in by a number of members and guests. Prizes were awarded those answering their questions correctly. Those who failed to answer rightly had their neckties clipped off at the neck, and at the close very few ties were left intact.

The club voted unanimously to provide funds for sending two 4-H club members, one boy and one girl, to the 4-H short course at N. C. State College next month, as recommended by the club directors.

T. S. Kittrell, chairman of the Kiwanis inter-club relations committee, announced an inter-club meeting with the Roanoke Rapids group here Friday evening, June 30. Golf will be provided in the afternoon at West End Country Club, followed by the luncheon meeting.

The meeting Friday evening was presided over by C. E. Greene, president. Guests were: Messrs. James Bryan, E. O. Falkner, W. B. Hight, Frank Jordan, W. C. Cates, S. J. Lane, Henry Mangum, J. W. Sanders, C. P. Tanner, Noel Tuck and W. R. Turner, all wives of members; and Mr. and Mrs. J. H. Davis, with James Bryan; Forest Stainback and Roger Spruill with A. P. Barnes; Mr. and Mrs. Robert Taylor and Mr. and Mrs. A. H. Moore with G. O. McPhail; Miss Margaret Russ, of London, Ontario, Canada, with Dr. H. L. Allen.

The philosopher who said: "Consistency is a jewel," probably never heard of the New York Yankees.

Allen Says Tobacco Is Normal Here

Disagrees With State Department Report on Crop Condition; Looking to Tobacco Association Convention

BY FRED M. ALLEN, JR., Sales Supervisor, Henderson Tobacco Board of Trade.

Contrary to releases sent out this week by the State Agricultural Department that crops over Eastern North Carolina are considerably below normal, observations by the writer in covering this territory reflect normal to better than normal conditions. Tobacco, cotton and grains have shown up unusually well up to now, and farmers everywhere are most optimistic over conditions. Tobacco in Vance and surrounding counties is advancing rapidly now, and with the exception of slight hail damage in some sections last week, little damage has been noted over the area. Farmers have had excellent weather conditions for working and for growth of the plants. Leaves on advanced plants are filling out and very little premature budding has been noticed.

With the annual meeting of the U. S. Tobacco Association only two weeks off, all tobaccoists and farmers are anxious to see what changes, if any, will be made in selling this Fall. All Middle Belt markets are planning to send at least one representative to the meeting in White Sulphur Springs, and the Henderson market is sending two delegates to represent local warehousemen and farmers. For this reason, our next report will be sent out on Monday, July 3, and full particulars of the U. S. Tobacco Association meeting will be announced for your information at that time.

BIG TIMBER TRACTS CONVEYED BY DEED

Two deeds were filed with the Vance Registry Friday, one of them covering considerable timber in Williamsboro and Middleburg townships.

Thomas S. Royster, et al, sold timber rights on three tracts of land of 182½, 219 and 244 acres respectively to Jeffery-Myers Manufacturing Co., of Oxford. The consideration was \$8,000.

T. W. McCracken, et al, sold Addie S. Hicks four acres at Bobbitts for \$10 and considerations.

Europe is a noisy place these days. Big nations are rattling swords, and little ones are knocking knees.

RUPTURE

Shield Expert Here Again

E. J. Meinhardt, widely known expert of Chicago, will personally be in Danville, Va. at the Danville Hotel, Monday, June 19th from 10 a. m. to 4 p. m. only.

He will also be in the following cities same hours: Raleigh, N. C. Sir Walter Hotel, Wednesday, June 21st.

Goldboro, N. C. Goldsboro Hotel, Thursday, June 22nd.

Charlotte, N. C. Charlotte Hotel, Saturday and Sunday, June 24th and 25th.

Please note above dates and office hours carefully.

MR. MEINHARDT says: The new Shield which he recently invented, is a tremendous improvement, usually affecting immediate results. It strengthens the weakened muscles of the Opening—retaining the Rupture in 10 days on the average case, regardless of the size or location and no matter how hard you work or strain. It is waterproof, quickly removable and has no leg straps or cumbersome arrangements. (Positively no surgery or caustic burning injection treatments used.) Mr. Meinhardt has been coming here for 15 years.

Rupture (Hernia) can cause backache, constipation, nervousness, weakness, stomach pains—sometimes resulting in serious conditions. Men having large Ruptures which have returned after surgical operations are also invited. When all others fail—see MEINHARDT. He will be pleased to demonstrate to you privately without charge. Beware of imitators (Only men invited.) Write only.
