Bailey Sees Roosevelt About Crisis

Senator Thinks British Buyers Will Return to Market; Eastern, Middle and Old Belts Open Same Day; Border Date Delayed.

Durham, Sept. 28.—(AP)—The sales committee of the Tobacco Association of the United States decided today to reopen Eastern and Middle Belt tobacco markets on Tuesday, October 10, and to begin sales on the Old Belt the same date.

The time for reopening of South Carolina and Border Belt markets was not immediately fixed.

Committee members said the markets would resume regardless of the outcome of the October 5 crop control referendum.

Six-Hour Selling Day. George Burton, of Rocky Mount, chairman, issued the following statement after the meeting: "Sales will be resumed Tuesday, October 10. A six-hour selling day and 300-pile selling limit per hour regulation will be enforced. Eastern, Middle and Old Belts will open with a full corps of buyers. South Car-

Hoey Calls Tar Heels To Religion

Raleigh, Sept. 28.—(AP)—Governor Hoey issued a statement today urging North Carolinians to observe "Loyalty days" September 30 and October 1 by assembling in synagogues and churches to "re-dedicate themselves to the service of God and humanity, and to rekindle the spiritual fires in their lives."

The national committee for religion and welfare recovery has asked for a nationwide observance of the days, the governor said. "Many people are disturbed over the present conditions, and some even predict the collapse of our civilization," Hoey said. "I do not share this gloomy view. I believe with proper dedication on the part of all our people to the ideals of our country, to the principles of our religion, and to the purposes of God in the world, we may conceivably have a re-birth of civilization."

Expect Reynolds To Vote For Arms Embargo Repeal; Fears Hoey's Opposition

Daily Dispatch Bureau, Raleigh, Sept. 28.—It's quite a far piece, as the country fellows say, from Raleigh to Washington, with the result that reports reaching here from the nation's capital may quite easily be garbled.

There is so much going on in Washington's political circles nowadays that even a whirling dervish might well get dizzy trying to keep abreast of the latest signs and portents.

Norway (1) reports prolonged naval engagement off Skagerrak. Russian fleet (2) masses off Estonia. Red army (3) crowds Estonian border. France claims to have pierced Westwall (4). Germans reenter Warsaw suburbs (5). Russian army (6) threatens Rumania. Soviet closes River Neva (7), connecting Lake Ladoga with Baltic, to Finnish ships. Latvia (8) fears Russia will demand Riga as a harbor. Sweden (9) protests sinking of her ships by Nazis and threatens to stop shipments of her iron to Reich.

German Tale Is Ridiculed In London

Expected German-Soviet Military Alliance May Be Basis For Hitler Demand For Peace as Alternative to Ruthless Warfare.

Berlin, Sept. 28.—(AP)—The supreme army command, announcing for the second day a success for the German air force against Britain's naval might, reported today a British heavy cruiser has been bombed off the east coast of Scotland.

(A spokesman for the Admiralty in London declared this was "all poppycock.")

End in Poland. At the same time the command foreshadowed the end of the campaign in Poland with the news that the fortress of Modlin, 15 miles north west of Warsaw, had offered to surrender, following the capitulation of the Polish capital.

In describing aerial activity yesterday, the command's communique said a "heavy British cruiser was successfully attacked off the Isle of May (at the mouth of the Firth of Forth) one air force fighting unit. One 250-kilo (550-pound) bomb hit the prow." The announcement failed to assess the damage, but added:

"Of the heavy British naval forces which were attacked the day before (Tuesday) one airplane carrier was hit by a 500-kilo (1,100-pound) bomb and one battleship was hit at the prow and amidship by two 250-kilo bombs.

No Hits Made. (Winston Churchill, first lord of the Admiralty, announced yesterday in the House of Commons that 20

Radio From Warsaw Now Is Silent

Budapest, Sept. 28.—(AP)—Except for strange sputtered signals, the wave length of the Warsaw radio was silent today.

Apparently the station's epa: tale was told, ended on the same defiant note it struck during the 20 days it told the outside world of the German siege. Its last message, broadcast at 3 p. m. yesterday, was a new challenge to the Nazi besiegers.

"We will never give in while one of us is alive." But last night the Polish Telegraph Agency carried a dispatch dated Warsaw, which indicated defense of the Polish capital had been abandoned. German announcements

Four Navy Cadets Die In Auto Crash

Memphis, Tenn., Sept. 28.—(AP)—Four U. S. Naval Academy midshipmen, enroute to Annapolis for classes, were killed early today in a collision of their automobile and an apple truck near Braden, Tenn., about 35 miles northeast of Memphis.

The dead were identified by G. S. Jones, undertaker at Stanton, Tenn., as Britton C. Cole, of Tenn.; as Britton C. Cole, of Bryan, Texas; Phillip L. See-walk of Amarillo, Texas; Max E. McConnell, of Clovis, N. M., and T. B. Orr, Jr., of Ardmore, Okla. All were around 18 to 22 years old.

The group was due back at Annapolis for classes September 30. They left Gainesville, Texas, Wednesday.

Hunting the Road to Peace

Senator Key Pittman, of Nevada, chairman of the Senate foreign relations committee, and Senator William E. Borah, of Idaho, isolationist leader, confer on the problem of neutrality legislation. Influential Senate Democrats promised a decisive victory for President Roosevelt's embargo repeal plan if he would keep "hands off."

Choice Is Unanimous When Opponents Withdraw; Chicago Convention Asks Outlawing of Communists and German Bund in U. S.

Chicago, Sept. 28.—(AP)—Raymond J. Kelly, corporation counsel of Detroit, was elected national commander of the American Legion today. Kelly was chosen unanimously to succeed Stephen Chadwick, of Seattle, after two other contenders for the office had withdrawn.

The new chief of the organization of 1,026,034 ex-service men has been head of Detroit's legal department since 1933. He worked his way through the universities of Notre Dame and Detroit and served ten months overseas during the World War as a lieutenant in the artillery.

Legislation to outlaw "the communist party, the German bund and similar organizations" was advocated by the Legion. Delegates attending the final session of the convention approved the report of the Americanism committee urging such action.

The pronouncement also asked continuation of the Dies committee investigating un-American activities, suggested registration of aliens, and requested the Legionnaires to aid in

London Says Subs Driven Off Sea Lane

London, Sept. 28.—(AP)—German submarines were said in an authoritative statement today to have now been "driven from thickly dotted shipping routes" around the British coast.

"In less than a month," the statement declared, "they have found the pace too hot for them and have retreated from "much-used shipping channels, and are now forced to operate much further out in the open sea, where the 'catch' is bound to be a much smaller one."

The ministry of information announced during yesterday and last night Royal Air Force aircraft carried out further reconnaissance over Germany and the western front.

"In spite of opposition," the announcement said, "valuable information was obtained. All aircraft returned safely."

British sources, commenting on the contention that German submarines have been driven out to sea, said: "The position now is similar to the one that existed at the end of the last war, when the U-boat menace was practically defeated."

Meanwhile, conviction that Adolf Hitler is working toward a spec-

Roosevelt Thinks Hitler Outsmarted The Allies

By CHARLES P. STEWART Central Press Columnist

Washington, Sept. 28.—While nobody doubts that Roosevelt's and State Secretary Hull's sympathies are entirely on the side of the European democratic countries against the totalitarian lineup, it doesn't follow that they do not think Prime Minister Neville Chamberlain of Great Britain and Premier Edouard Daladier of France have bungled their old world policies.

There's no quotable authority for it, but Washington's general impres-

Cash-Carry Bill Okayed By 16 To 7

Reynolds Votes For It To Get It Before Senate; Warring Nations Must Take Title To Purchases and Then Carry Them Home.

Washington, Sept. 28.—(AP)—The Senate Foreign Relations Committee approved today the administration neutrality bill to permit the sale of American armaments to belligerent nations. Senate debate on the measure is scheduled to start Monday.

Senator Borah, of Idaho, ranking Republican member of the committee, announced the vote as 16 to 7. He said several of those voting for the measure did so to get it to the Senate floor for debate. They reserved the right to oppose it later.

Senate Majority Leader Barkley, of Kentucky, said the committee had agreed to an amendment to

Hitler Lauds His Submarine Forces For Their Action

Wilhelmshafen, German, Sept. 28.—(AP)—Adolf Hitler visited this North Sea naval base today to congratulate submarine crews returning from cruises in "enemy waters."

Announcement of the fuhrer's visit said he came to laud the submarine flotilla for "successful trips" abroad.

Munitions Blast Fatal to Fifteen In North England

London, Sept. 28.—(AP)—The ministry of supply announced that 15 persons were killed today by an explosion in a munitions factory somewhere in the north of Britain. The location of the factory was not disclosed beyond the fact that it was in the north.

Four other persons were injured.

The communique issued by the ministry of information said in part: "The material damage will not seriously interfere with production."

and this cabinet chief regard these two government heads as having been completely out-smarted by Herr Hitler. And it's said they haven't much patience with such a couple of supposedly top-notch statesmen for being diplomatically half to death by Berlin's presumably semi-nutty, formerly house-painting Fuehrer.

It seems to be the administration's theory that had Mr. Chamberlain and M. Daladier stood pat against Germany a good deal sooner, there needn't have been any war.

Not Very Democratic. The theory seems to be that the pair of them are mildly Fascist themselves. They're anti-Communist, certainly. They're not regarded as having been even Naziistic. And probably they weren't out-and-out Fascists. They're suspected, though,
