London, Oct. 6.—(AP)—The Britsh government said tonight that Adolf Hitler's peace proposal would be subjected to "careful examination in consultation with the goveraments of the dominions and the French republic.

"But", the statement added, "it is necessary to remember two things: "First, no peace proposal is likely to be accepted which does not effectively free Europe from the menace of aggression.

HITLER'S PROPOSAL GIVEN COLD SHOULDER GENERALLY (By The Associated Press.)

Adolf Hitler's proposal for any all-inclusive peace conference was coldly received in unofficial quarters in Paris and London. Italy was Go To Senate hopeful it might lead to peace, but not optimistic.

Keynote of early British reaction was the single word "no" heading the main editorial of Lord Beaverbrook's Evening Standard. "If he has made his last peace offer, he also has made his last war", the Standard said. "He has spoken his own funeral oration."

Satirical comment came from semi-official French sources. They agreed with British commentators Hitler had offered nothing new. French commentators said Hitler had attempted to induce all other powers to bow "to every injunction and every desire" of Germany. First members of Congress to

How Duce, Hitler Planned to Divide World

Here is how Hitler and Mussolini originally planned to share the world, according to reports issued by the Russian Comintern last year when Germany and the Soviet were still enemies. Dates indicate when each country was to be grabbed. Austria and Czecho-Slovakia were seized by 1938, as scheduled, but Hungary remains independent. Hitler got less than half of Poland as a result of his alliance with Russia. The Mediterranean was to become an Italian lake and Mussolini started by seizing Albania.
