Says German Naval Losses Are Heavy

Hitler Has Made Great Strategic and Political Error, Churchill Tells House of Commons; Danish Islands Occupied.

London, April 11.—(AP) — The pounding guns of Britain's men-o'-war and bombs bursting from swarming warplanes have crippled the German fleet and sent the allies on the road "to victory in a world cause," Winston Churchill told the house of commons today.

The first lord of the admiralty put German sea losses at about 18 ves-sels—four of them cruisers—but added to Britain's sorrow with news of the loss of the destroyers Glowwor worm and Guckha. "We have greatly gained by what

has occurred in Scandinavia and northern waters in the strategic and military sense," he said.
"Hitler has made as great a stra-
