Reports of German Request for Right of Way Through Hungary Met With New Allied Drive for Unity of Balkans.

War Fears

Budapest, May 3,-(AP)-Reports of a request for a German army right of way through Hungary and a strong British drive to weld the Balkans into a "defensive alliance" gave new shape today to southeastern Europe's

war fears. It was generally felt that the belligerents, searching for a battlefield, had picked this corner of Europe as a likely spot.

The reports of a German request on Hungary for free passage of her le-gions into the southeast—presumably an action to be taken when strategy dictates—was carried by the official Hungarian news agency with a note saying that thus far the report could not be verified.

It was circulated on the heels of
