#### PREFERENCE IN SUIT IS TO "PLAINTIFF"

In the story in the Daily Dispatch yesterday about the suit of R. H. Pernell against the City of Hender-son, the word defendant was used in one or two places where the word should have been the plaintiff. The inadvertence is regretted, and this correction is made.

A. A. Bunn, city attorney, assisted by J. H. Bridgers and Jasper B. Hicks, will represent the city in the suit. Mr. Pernell is represented by Gholson and Gholson, and W. H. Yarborough, of Louisburg.

A total of 5.264 persons registered for the May 25 primary during the two weeks the books were open, endtwo weeks the books were open, end-ing at sunset last Saturday, A. W. Gholson, Jr., chairman of the Vance County Board of Elections, announc-ed today. No tigures were available to show the registration on the old books, but the total put on in this new countywide registration is almost as much as the vote Vance county has cast in primary elections for the past several bienniums.

Some believe that most of those who registered will vote, as the names enrolled represent citizens who are now residents in the county, and who probably would not have qualified had they not intended to vote. Of the total registration, 5.053 are Democrats and 211 Republicans. In Henderson township, where five of the thicteon precincts in the county ire located, 3.418 Democrats and 103 Republicans registered. Separate books were maintained for the two books were maintained for the two party affiliations, and a third book Finals Begin was also kept for the registration of independents. If there were any of the latter, Mr. Gholson did not report

Congressman Harold D. Cooley, of his district, was here yesterday afternoon and evening looking after his campaign for re-election. He made a number of calls and discussed the situation with a number of his friends. He appeared to be very op-timistic about the outcome of the campaign.
