### No "Freshmen" In State's Congressional Delegation

Daily Dispatch Bureau, In the Sir Walter Hotel.  
Raleigh, June 25.—Victory of W. O. Burgin of Davidson in a second primary against C. B. Deane last Saturday insures that there will be no freshmen in the North Carolina delegation to the 77th Congress, barring death or what is much less probable, a political upset which would put a Republican in the group.  
This is in considerable contrast to the case two years ago when three new members were selected—Burgin, Carl Durham from the Sixth and Lon Folger from the Fifth.  
None of that three went in by winning over a sitting member, and this year's results leave the Bailey-Simmons senatorial race of 1930 and the Reynolds-Morrison upper house battle of 1932 as the only instances within memory of the younger generation wherein an incumbent was defeated for renomination—and Morrison had not been elected by the people, but was serving by appointment.  
When the eleven North Carolina House members start their term for the 77th Congress next January they will have behind them a total service of 134 years (67 terms) prior service, an average of slightly more than twelve years apiece; though of course the service is by no means evenly distributed.  
On the contrary it will run from R. L. (Farmer Bob) Doughton's full thirty years down to the two put in so far by Folger, Durham and Burgin.  
Next to Doughton, in continuous

### How Treaties Split France

Modern France, the Gaul of Caesar's time, is again divided into three parts, with two 1940 dictators occupying the most vital segments. Shaded area on map goes to Germany under armistice terms. Black area on Mediterranean coast was reported demanded by Italy. White area, bled pale of industry and material, remains under a limited French government.

### Foreign Policy Row In GOP Committee

#### Tobacco Quota Referendum To Be Held July 20

The election will be held under recently approved amendments to the agriculture adjustment act to permit marketing quota periods of more than one year. It will be held in Virginia, North Carolina, South Carolina, Georgia, Florida and Alabama.  
Under the recent amendment, farmers will chose a marketing quota applying to the 1941 crop or one applying to the three-year period.

#### Husband Held In Death Of Wife, Children

Norfolk, Va., June 25.—(AP)—Commonwealth Attorney A. O. Lynch said today Charles C. Sanderlin, 64-year old egg peddler, was being held for investigation in connection with the slaying of his wife and three children. The four bodies were found hanging in a chicken house on their Norfolk county farm yesterday.  
Coroner L. C. Ferebee found the deaths resulted from strangulation.  
Evidence indicated, Deputy Sheriff Frank Wilson said, that Mrs. Sanderlin, 28, and the children—Charles C. Jr., 7; Louise, 5 1-2; and Joelle, 6 months—may have been killed elsewhere and their bodies placed in the chicken house.  
Sanderlin went to a nearby village and told officers he had discovered the bodies, relating that he had been ill in bed and had last seen his wife about five hours before the discovery.

### Churchill Says French Broke Vows

British Prime Minister Tells Commons He Had Made It Plain To Petain Government That Conditions Not Complied With.

London, June 25.—(AP)—Prime Minister Churchill told commons today the French had broken their promises not to let their fleet fall into enemy hands, but in the house of lords Viscount Caldecote, dominion secretary, said Churchill would not relax his efforts to retain French naval help.  
Churchill, making his sixth war report to commons, made no reference to the whereabouts of the French fleet, but said it was clear that French war vessels under this armistice passed into German or Italian control.  
Caldecote summed up the situation thus briefly:  
"The prime minister will relax no effort to secure that French ships will not continue to serve the cause for which they have been employed so many months."

Churchill said he had made it clear to the French that the British would go on fighting and that he had made it plain to the Petain government that the conditions indispensable to French release from their agreement with the British had not been complied with.  
A dispatch from Alexandria said units of the French fleet stationed at that British naval base flew their flags at half-mast today in compliance with a French government order for a day of mourning.  
(This dispatch indicated that thus far these stipulations of the armistice that all French naval vessels return to home ports for disarming or internment.)

"Governor James has retrieved the heart of the Republican party in Pennsylvania. Our delegation feels very kindly toward him."

She was returning home from a party when the car in which she was riding skidded and turned over several times.

### North Carolina Ends Most Prosperous Year

Raleigh, June 25.—(AP)—The State government prepared today to close its books at midnight Sunday on its most prosperous year.  
Revenue collections from the general fund June 1 had already reached a total in excess of any previous fiscal year and this month's receipts have boosted the record margin. Highway revenues are at record levels.  
Complete collection statistics for the fiscal year through June 18 showed a total income taxes were \$11,825,368.37.  
The sales tax receipts this year were \$11,977,935.03, compared to a previous high of \$11,320,245 in 1936-37.

### Keeps France in War

Gen. Charles de Gaulle Under Secretary of War in the war cabinet of former Premier Paul Reynaud, General Charles de Gaulle formed a "French National Committee" in London to continue the war against Germany. The Petain government of France stripped him of his rank for combating the peace with Hitler, but American support for the government-in-exile was foreseen.

### Nazis Wait Next Phase

Berlin, June 25.—(AP)—Germany's population, which for six weeks had watched anxiously yet confidently the progress of the battle of France, cheered the conclusion of that war today and waited for the next phase—the battle for England.  
"We're sailing against England" sang men and women. Bands played the song against a background of peeling bells—acclaiming what the high command called "an incomparable victory."

### "We're Sailing Against England" Is German Theme Song As French War Ends

In a fresh gesture, apparently designed to erase the memories of the 1918 defeat, Adolf Hitler named Wiesbaden as the seat of a new French-German armistice commission—Wiesbaden, where the French army of Rhineland occupation had its headquarters.  
General Heinrich von Stuepnagel was named chairman.  
The fighting in France had ceased at 1:35 a. m. and to the end, the high command said, the Germans had continued their thundering advances, reaching Rayon at the mouth of the Gironde on the Atlantic coast.  
In Lorraine and on the Rhine, its communique reported, France lost

### Hostilities End Quietly On Schedule

Some Five Million French, German and Italian Soldiers Quietly Obey Order To "Cease Firing"; Nazis Bomb England.

(By The Associated Press)  
German and British bombing planes struck with renewed fury today as peace filled the battle fields of France and a total of some 5,000,000 French, German and Italian soldiers quietly obeyed the "cease firing" order.  
There were few outbursts of joy—none of the whooping shouts that marked the end of the hostilities in the World War on November 11, 1918.  
Italian infantrymen merely stacked their rifles and sat down on the mountainside to drink hot coffee and wine. Artillerymen left their still smoking cannon to join their comrades.  
Some Italians called across the Alpine snow to French troops, but there was no answer.

The combined nazi-fascist onslaught against France halted at 1:35 a. m. today (6:35 p. m. e.s.t. yesterday) with the terms of the axis armistice still undisclosed officially.  
According to best available figures, France originally had 2,780,000 soldiers engaged in the conflict. Germany sent some 2,000,000 men into France and Italy about 750,000. Casualty figures were still unavailable.  
The German high command announced that in the last day of fighting Hitler's armies continued to advance.

While nazi warplanes bombed England—the German high command said the attack was aimed at British airbases—the British attacked the Ruhr, Germany's rich industrial region, and plastered high explosives on German-held airdromes in Holland.  
Waves of German bombers, in the greatest forays of the war, thundered over Britain from London to the northeast and penetrated to the west coast over Wales and northern England, dropping explosives at many points, while British fighters and anti-aircraft gunners struggled to bring the raiders down.  
Despite the extent of the areas attacked, however, only three civilians were killed and 13 injured, the government announced.  
London itself had its first raid alarm since the first week of the war. No bombs were reported dropped.  
The "cease firing" orders that came as scheduled, six hours after France yielded to Italy, created dramas of

### FDR Signs Tax Measure

\$4,692,500,000 Tax Bill To Finance Huge National Defense Appropriations.

Washington, June 25.—(AP)—President Roosevelt signed into law today a \$4,692,500,000 tax bill to pay for the huge national defense appropriations of the recent congressional session.  
Dipping into the pockets of an estimated 2,000,000 additional income tax payers for the first time and boosting existing taxes on nearly everything but chewing tobacco, the measure was designed to raise the \$4,692,500,000 over five years—\$715,300,000 in the fiscal year beginning July 1, and \$994,300,000 in each of the following four years.  
The measure also increased the federal debt limit from \$45,000,000,000 to \$49,000,000,000, authorizing the treasury to sell \$4,000,000,000 in special "national defense notes" to pay for armaments until the taxes come in.  
Income tax payers will bear the heaviest part of the increase—\$319,000,000 in the next fiscal year and \$580,000,000 each year for four years.  
After them will come the millions of Americans who will pay an extra penny or extra dollar on such things as cigarettes, playing cards, theatre admission, automobiles, radios, toilet preparations, liquor and beer.  
On top of all other income taxes was added for five years a "super tax" of ten percent. Under this tax, a taxpayer will figure out what he owes to the government and then add a flat ten percent.
