Model and Baby Knifed, Mother Slain

Mrs. Nedra Evans, 22, hailed as America's most beautiful brunette model, and her two-year-old son (with whom she is pictured) were seriously wounded and her mother, Mrs. Ethel Sanders, was stabbed to death in their Chicago home. Police say the crimes were committed by the beauty's husband, William Evans, believed temporarily deranged by his wife's suddenly-revealed divorce plans. After the attacks, Evens stabbed himself several times. Note bandages on his neck and chest.

Spring Feet!

New Season Brings Pedal Aches

By LOGAN CLENDENING, M. D.

One of the slams of spring, along with spring fover, is that the feet begin to hurt. This is a perfectly natural phenomenou due to the sudden enabges of temperatures that occur torough the winter, the exposure of the feet to wet and

Dr. Clendening will answer questions of general interest only, and then only through his column.

Total Process of the feet to wet and the feet to we have the feet to be perfectly fitting shots. Occasionally the inflamed bursa must be removed surgically.

Children may be prevented by giving proper attention to the warm covering of the foot in winter and by care in the wing out freezen or nearly freeze feet.

Lenten Reducing Diet

Ocrtel's (famous Vienna physi-

consist of rising on the toes and coming down on the outer sides tained appreciable amounts of vi-

cold, and the small transmatisms that occur from slipping and sliding around on the beauth slock.

A Catalian physician, Dr. C. C. Ross, has elessified the emises of painful feet in a recent article, very interestingly;

Corns develop as a result of pressure and friction over a small area. If the pressure and friction over a small area, If the pressure and friction over a small sexerted over a larger area, callosities are produced. The cause of corns is primarily badly filting shoes and the transmatisms and temperature changes which I mentioned above. The corns may persist after the badly filting shoes and the transmatisms and temperature changes which I mentioned above. The corns may persist after the badly filting shoes and make an application of corn paint twice daily until the corn disappears. An effective corn paint twice daily until the corn also persons are also to the collodion to make I ounce.

Flat Feet

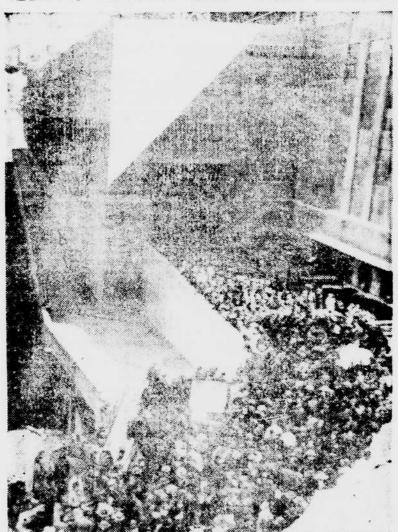

Flat feet cause pain due either to a breaking of the lengitudinal arch or of the transverse arch at the head of the foot bones.

The choice of treatment depends upon the type and decree of flatness. Mild types are often the result of weakness of the muscles occurring after an illness and standing too soon without propersone support. Simple methods correct this condition. Strapping of flat feet, with the help of corrective chose, is satisfactory treatment.

Exercises to strengthen the feet consist of rising on the tees and country down on the outer sides of the feet, cotaline to note rises of the feet, cotaline to note rises of the feet consist of rising on the toes and config down on the outer sides of the feet, cotaline to he of corned to the feet contains of the feet countries to a fresh possible amounts of earning down on the outer sides of the feet, cotaline has one of the consumer should ask that the manufacturer state on the label whether the product contains of rising on the tees and config to the countrie of the countries of t of the feet, rotating the toe in a counter-clockwise direction with the knees crossed, or stroking the foet up and down the shin bone.

Hallax valgus, or hammertoe, is a very common cause of painful feet, which usually needs surface to the first terminal appreciable amounts of vitamins.
