

Traffic Over Route 1 Is Diverted During Repairs

Henderson - Norlina Section To Be Shut Off Completely for Rebuilding of Line in Great Program of Expansion.

Traffic except that of a north local nature will be diverted to day from U. S. Route 1 between Henderson and Norlina...

The reconstruction program calls for widening of the pavement to six feet for a double concrete surface and lowering one foot of shoulders on each side of the pavement.

Section between the north near Durham and south end of those which occupy the route 1 may leave Route 1 at Crossroads...

There will be no interruption of traffic to existing business and industry for construction of the reconstruction program between Henderson and Norlina...

In addition to widening of the highway numerous sharp curves are to be straightened and an auxiliary entrance to Henderson from the north will be made...

It is anticipated that the reconstruction program will be completed in the near future and the highway will be in excellent condition...
