

Hosiery Mill, Textiles Capture Softball Games

Jackson Allows Guards One Safety in 15-5 Knitter Victory; Boyd Gives Scratch Hit to North Henderson, Loses 3-2.

The Hosiery Mill triumphed on the Home Guards' Friday night club by a 15-5 victory, while North Henderson edged out Western Auto 3-2 in one of the first games seen at the ball field here.

Jackson was crissed with hits for the Guards, taking just one, but he issued 12 in the first inning. The Knitter got off the fast start, scoring seven runs in the first inning.

In the eighth, Archie Boyd was in line when a running hit was hit, a scratch hit by Arroy in the fifth, but five errors by the team water set the stage for his downfall.

Crowder gave on the first, one of an extra base hit, putting the Knitter in a hole for the first time.

There was a large crowd on hand to witness the contest, it being the first "Friday night" of the season.

Finishes First

Rose, Davis Co-Winners Of Big Race

Indianapolis, May 21.—(AP)—Mauri Rose, diminutive Indianapolis driver, and Floyd Davis of Springfield, Ill., accomplished a first in winning the 300-mile Indianapolis Motor Speedway race Friday—an event that was delayed an hour by fire and marred by three wrecks.

Rose and Davis split the task of piloting Davis' car to victory at a speed of 115.17 miles an hour in the annual Memorial Day test of man and machinery on the 2.42-mile brick and asphalt oval.

Davis, who has backed up dirt oval tracks and paved the country, noted the race and the first of the most consistent winners in speedway competition, completed a lap squeezed into the seat of Davis' car of 177 1-2 miles after his own mount had been forced out by a suspension trouble at 152 miles.

The split victory will go into the record books as a triumph for the car which is owned by Lou Moore of Indianapolis, retired race driver.

Football Once Was Game For Real He-Men

Chapel Hill, May 21.—Football need to be a game for real men, curious, strange statements with the rule-makers not being the rule-makers, one of the most notable speakers of all time, told members of the University of North Carolina Menogram Club at their annual banquet here today.

Recalling his experiences and playing days with the Catholic Indians in which he was on the same team with the immortal Jim Thorpe, whom he regarded as the greatest player in football history, the speaker said the game was used to play a league of men at each season, with a total of only 15 men. "We thought nothing of playing three or four lines in 10 days, and once met Georgetown on Saturday and the University of Toronto on the following Monday," he said. "Actually we scrimmaged three or four times a week and Saturday's game was a sort of 'letdown'."

Public To Be Told Of Damage Done by Fires

(Continued From Page One)

Three per cent on non-federally-owned woodland, burning over an average of 123,242 acres annually and doing an annual average damage of \$12,295. These figures are for approximately 17,000,000 acres of forest land.

On federally-owned lands which are given adequate fire protection, the average comparative figures for the same five-year period show 72 trees, burning over 17,000 acres and doing \$1,400 damage each year. This amounts to 1,300,000 acres.

In 1938, 90 per cent of all the acreage burned by forest fires throughout the United States was on lands without organized fire protection. In 1937, this figure was 94 per cent, and in more recent years it has remained about the same.

During the eight years from 1933 through 1940 the average fire in counties with state-federal protection burned 60 acres and did estimated damage of \$106. During the same period the average fire in counties without this protection burned 663 acres and did damage of \$1,446. Thus, protection cut the average fire area to less than one-tenth of that when there was no protection and reduced the loss to less than one-tenth.

Reports Say Out-of-Stater May Head New Department

is taken in some quarters to be a sign he will be retained—another sign being that his brother voted for Hoyer in the national committee contest. Hoyer undoubtedly expects to stay in the setup, and is hopeful he'll perhaps be a "deputy commissioner" or Armstrong, by all the rules of politics, is "out", but the governor is something of a precedent breaker.
