ITS PROVED VALVE-IN-HEAD "VICTORY" ENGINE leads in all-round performance with economy

It's built of quality materials... It features the same sturdy cast-iron pistons which Chevrolet has developed during twenty years of manufacture of millions upon millions of cars... It's designed and built to out-perform, out-save and OUT-LAST its field!

Chevrolet leadership in engineering among low-priced cars is fore-proved by long years of leadership in popular demand, just as is Chevrolet leadership in styling, comfort and Fisher Body beauty.

So, when you purchase this newest and finest of all Chevrolets, you can be certain that its famous Valve-in-Head "Victory" Engine is built of quality materials... that it is the same basic type of engine which holds all world's records on land, sea and in the air... and that it will bring you the same clear-cut leadership in performance with economy which has made Chevrolet America's favorite motor car.

DESIGNED TO LEAD IN STYLING
Chevrolet alone of all low-priced cars has new "Leader Line" Styling, "Dear-Action" Fenders and Body by Fisher with No Draft Ventilation.

DESIGNED TO LEAD IN PERFORMANCE
Chevrolet alone combines a powerful, thoroughly proved Valve-in-Head "Victory" Engine, Safe-T-Special Hydraulic Brakes, Unified Knee-Action Ride, and Extra-Easy Vacuum-Power Shift at an extra cost.

DESIGNED TO LEAD IN ECONOMY
Chevrolet is the most economical of all the largest-selling low-priced cars from the all-round standpoint of gas, oil and upkeep.
