Christmas Decorations Question To Be Decided

Merchants and Interested Citizens Will Meet at Vance Hotel at 9:30 O'Clock Tomorrow Morning For Final Action.

The question of whether Henderson shall have Christmas lights and decorations in the business section will be decided tomorrow morning at a meeting called for 9:30 o'clock at the Vance Hotel, it was stated today by Smith B. Young, secretary of the Henderson Chamber of Commerce.

All merchants of the city and other interested citizens, whether members of the Chamber of Commerce or non-members, are invited to attend the meeting, and all will have an opportunity to express themselves, it was said. No notice other than through the newspaper will be given, because of the shortness of time, Secretary Young said.

The mercantile affairs committee of the Chamber of Commerce recommended on November 7, during the "black out" ordered by the OPM to conserve power in the southeast, that there be no effort to decorate the business section of the city, because the ban against decorative and advertising lighting included Christmas lighting and it seemed early in November that the ban would not be lifted in time to permit preparations for suitable decorations.

Lifting of the ban on November 27, however, raised the question of rescinding the earlier action, and the meeting called for tomorrow is the result of demand by a number of merchants and other citizens for further consideration of the matter.

Miniature Radio For High School Announcements

Experimentation is being done with the use of a miniature radio broadcasting station for announcements at Henderson high school, and success this week with the system indicates that it will prove practical for permanent use.

The "mike" and small-power broadcaster are located in the office of Principal [illegible] and receiving sets are installed in each room of the high school. Home room teachers turn on the receiving sets at stated times at the opening of school in the morning and afternoon, and in between to bring announcements, messages of lost and found articles, numbers of school songs and similar matters.

The broadcasting station is the work of William [illegible], student, and Billy [illegible], student, both of whom are members of the school radio club. Both boys are also members of the school band, Billy playing saxophone and William [illegible] parts.
