

# South Henderson Routs Big Star Entry In Loop

### Comedy of Errors Staged as Victors Score a 25 to 2; B. Duke Hits for Circuit; Olschner Leads Losers With Stick.

In a comedy of errors, South Henderson rolled over 25 to 2 on Tuesday night, with the victors scoring in 12 outplays about as well as others that could not be charged to anything but errors in judgment.

South Henderson scored 11 of their runs in two innings.

B. Duke hit for the circuit, the winners and D. J. Duke pitched their first out of three runs for the first halting average.

Gasdner hit for the losers as the best for the losers.

South Henderson played Base Thursday night at the next regularly scheduled contest.

## CONFERENCE TRACK MEET AT DUKE U.

Durham, May 13—(Special)—Competition in the field events and a brilliant dual for track honors between Duke's Blue Devils and North Carolina's Tar Heels—made the advance picture of the 1942 national Southern conference track and field championships, slated for Duke stadium here, 25 weeks-end.

Preliminary events will be staged Friday afternoon beginning at 1:30 o'clock, and the finals are scheduled for Saturday afternoon. The Mutual Broadcasting System will air the highlights of Saturday's events over a nationwide basis from 4:45 to 5:30 p. m.

In the final analysis, individual performance in the field events may go a long way toward deciding the team championship, won by Duke at Williamsburg, Va., last year.

### Yesterday's Results

Carolina 3, Duke 2.

Chapel Hill, May 13—(Special)—Horace (Red) Benton, whose timely single in the ninth inning enabled Carolina to beat Duke 5-4 in the first game of the current series Saturday night, pitched the Tar Heels to a 3-to-2 victory over the Blue Devils here Tuesday.

The victory, the 12th against two losses in the conference and the eighth in nine starts in the Big Five, enabled Carolina to clinch both State and Southern Conference championships for the second consecutive year. The contest lasted only an hour and 16 minutes and is believed to be the shortest game played in collegiate circles in this section in many years.

Benton pitched one of the greatest games of his career. He let down the ordinarily hard-hitting Blue Devils to only four hits and only one of these went for extra bases. The chunky Wilson boy exhibited perfect control as he struck out five men and issued not a single base on balls.

Tom Davis, Duke's brilliant football performer and leading hitting on the current team, found Benton particularly hard to hit. In four official appearances Davis went down swinging three times. He singled sharply to center in his other trip to the plate. Benton also fanned George Byam, who with Davis had an average of better than .400. Byam's only hit of the afternoon was a lusty triple to deep center field in the fourth.

# Trio Wins 300-Yard Medley

Eleanor Holm, former swimming champion, is pinning a medal on Gloria Callan as Gloria's teammates Marilyn Sahner and Helen Rams look on. The trio representing the Women's Swimming Association won the 300-yard medley relay in 3:28.7.

# Business Hours To Be Staggered In Near Future

Daily Dispatch Bureau, In the Sir Walter Hotel, By BOB THOMPSON

Raleigh, May 13—(Special)—Business hours in accordance with local transportation problems.

Industry, especially war production industry, will be affected in making proposed new schedules. Stores, banks and schools will be opened at staggered hours as will many industrial plants. It is expected that the second rush hour will be eliminated.

It has been estimated that such staggering of hours will make it possible to utilize more workers in the war effort.

Many more passengers, than ever before, will be possible under the proposed system. The ODP believes that transportation soon will be one of the greatest problems of the war.

# ANOTHER CASUALTY OF WAR RATIONING

Boston, May 13—(AP)—A double rationing system of the use and gasoline and alcohol will be in effect in the city of Boston, the annual state-wide song rally made an announcement today in the office of the city manager in Washington.

The rationing system, which will be in effect in June, will be a double rationing system. It will be a double rationing system. It will be a double rationing system.

# Child Labor On Increase

The growth of adult wage earners in the manufacturing industry to take over the job of child labor in production has caused a marked up-swing in child labor throughout North Carolina during the past two years, Labor Commissioner Forrest H. Shuford has revealed.

Shuford said that during the last three months of 1941 a total of 5,399 child labor certificates were issued by the Department of Labor approving minors under 18 years of age for work in specific occupations. During the same period in 1940 a total of 4,832 certificates were issued, and in the last quarter of 1939 only 3,156 minors were approved for work, he said.

These figures should not be interpreted as being representative of the number of minors actually working, the commissioner warned, since certificates were issued to children the year round and remain in force as long as the child stays at the job for which he is certified or until he reaches the age of 18.

In each of the quarterly periods cited above, girls outnumbered boys in obtaining certificates, with the proportion of girls steadily increasing, Shuford said. In October, November and December of 1941, certificates were issued to 3,159 girls and to 2,261 boys. A large number of the certificates were sought during early December for temporary work by minors in stores to help take care of the Christmas rush of business. Many girls under 18 are normally employed for a few weeks during this season of the year, Shuford said.

In the last quarter of 1940, only 2,643 girls obtained certificates, as compared with 2,199 boys. In 1939 the figure was 1,842 girls and 1,314 boys.

By far the largest portion of certificates were issued during the three years to minors between 16 and 18 years of age, with a much smaller number going to minors between 12 and 16. In the last quarter of 1941 a total of 4,491 minors 16 to 18 years old obtained certificates and 993 children from 12 to 16 were allowed to begin employment.

The greatest number of minors certified went to work in non-manufacturing occupations such as agriculture, mining, wholesale and retail trades, utilities, personal, business and recreational services; newspaper, magazine and other delivery services; and NYA work. These occupational

groups accounted for 4,233 of the certificates issued in the 1941 period. Permits to work in manufacturing industries were issued to 1,155 children. Only 11 minors were certified for construction work.

This increase in child labor is a strong reason why women and older young men drafted for military service and employed in war production should be trained to replace them, Shuford declared. "If the need for replacements in industry, retail and wholesale, and other businesses is great now, we may expect it to become several times as great by the end of the year. Unless many thousands of draft-exempt adults are trained, we may look for an even higher rate of increase in child labor."

# COUNTERFEIT STAMP RING IS ROUNDED UP

New York, May 13—(AP)—Secret service agents announced today the arrest of 10 men and the seizure of plates and 210,000 unperforated stamps in what was described as the first roundup of alleged war savings stamps counterfeiters in the nation.

# Only One Daily Ice Delivery TO ALL CUSTOMERS EFFECTIVE, MAY 15, 1942

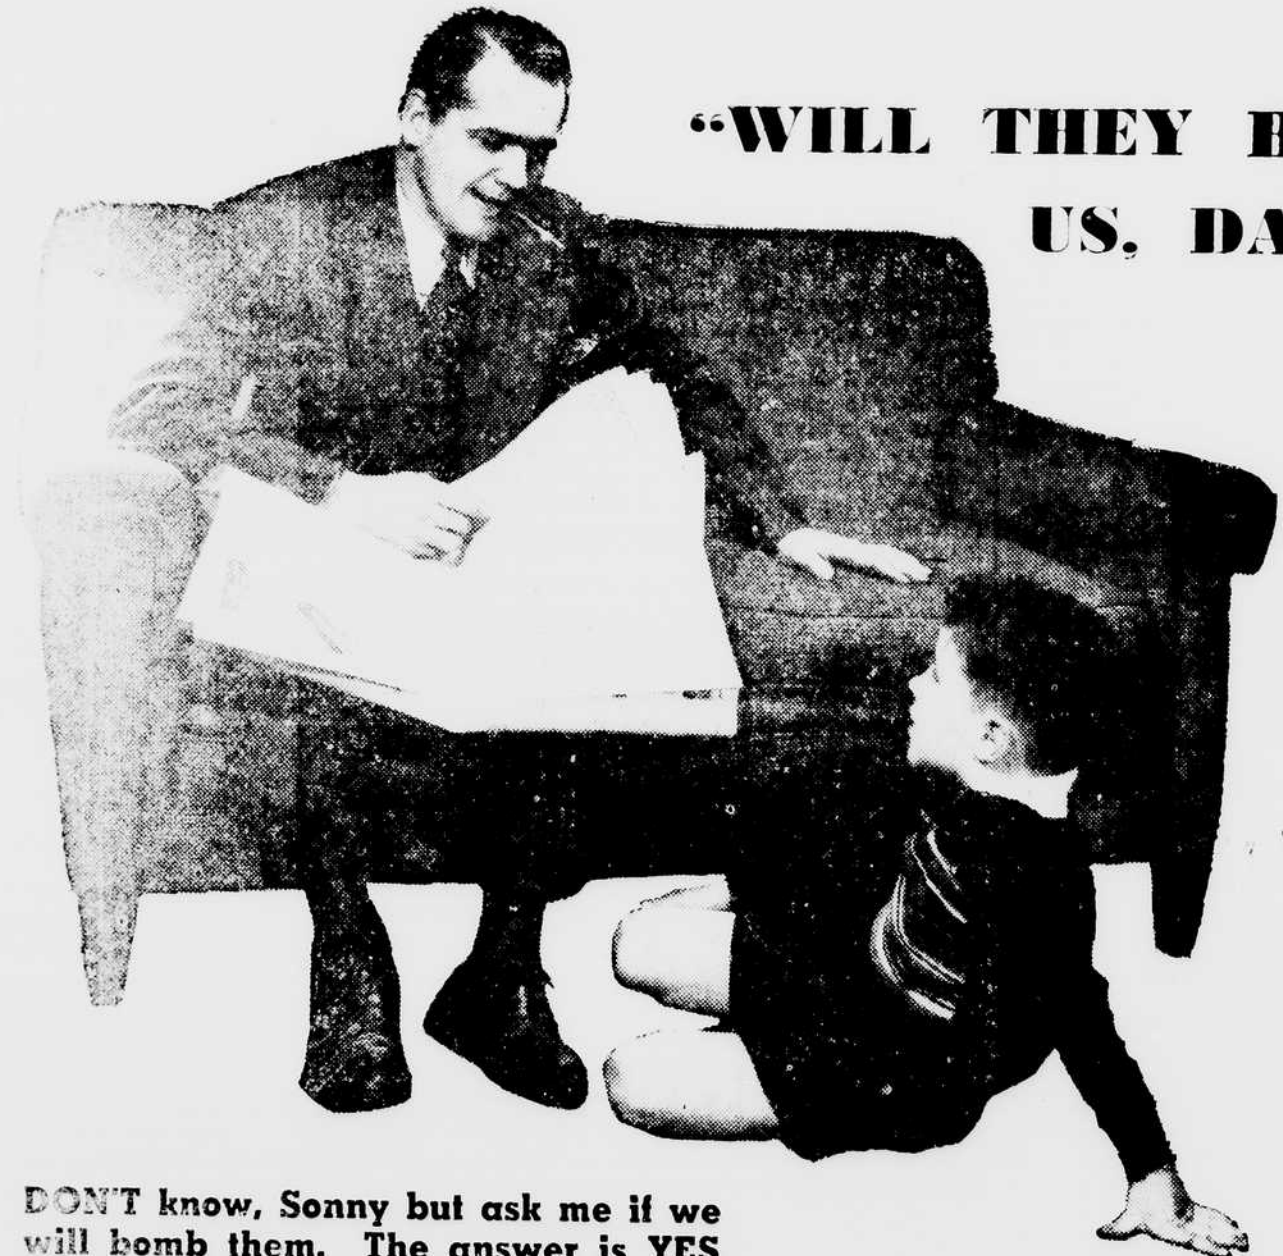

Due to Government orders regulating all local deliveries, as set out in General Order No. 6, issued by the Office of Defense Transportation, we will not be allowed to make more than one daily delivery of ice to a customer.

Patrons are asked to make sure that they contact our deliverymen on their daily trips and get all the ice they will need for that day. Those who fail to do this cannot be served again until the next day unless they come to our plant, as we are not permitted to make a call back or second trip on any route the same day.

We ask the cooperation and indulgence of those whom we serve, to the end that we may comply with the orders of our government, and at the same time continue to serve with the least amount of inconvenience to each and every patron.

## HENDERSON ICE COMPANY

PHONE 166

# "WILL THEY BOMB US, DADDY?"

DON'T know, Sonny but ask me if we will bomb them. The answer is YES—and plenty!

It took a little time for us to get started, but that's the way it is with a Democracy—when a decision is made, it's the peoples' decision and not a dictator's. The America people, through Congress, declared war, got together on a means of raising an army, and passed record-breaking tax measures in order to provide the necessary money. Now industry steps in to do a double-barrelled job—put up a large part of the tax money, and build enough tanks, planes, guns, and ships to turn the tide of war.

Maybe they will bomb us, Sonny, but the business men who have made America the greatest industrial nation in the world have decided to do something about this war. Unless I miss my guess, we'll drop thousands on them for every one they drop on us.

★ Our company, under experienced business management, has met the increased demand for power within the territory it serves and is adding new capacity to take care of new demands.
