recommended that Rationing Boards ask to determine whether applicants actually need new cars. Does any one of these questions apply to you?

1 ls it necessary that you travel quickly in connection with your work, and would you be better able to do so by automobile than by any other available transportation?

2 Do you ever have to transport passengers, or heavy or bulky tools or materials, in connection with your work?

3 Does it take you one and a half hours or more a day to go to and from your work without an automobile, and could you save at

least forty-five minutes with one? 4 Do you have to walk at least

3 miles in going to and from work without a car? 5 ls your work arduous, or are your hours unusually long, or

do you have to work late at night? 6 Are the local transportation services you would have to

use to get to work, overcrowded? 7 Is your physical condition such that it would be a hardship for you to walk to work or use
