tishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press.

### Struggle for Power

... try will face when the the rights of the people. dency has passed and the time; ome to dispense entirely tates baggage. There are all the while have been ener is so great that some one to a barber's lecture on the weather and that America pow is ruled not by the three branches of government established by the Constitution,

The latter is a menace and danger tracted from spinach. to private liberties. It is one that needs to be and must be curbed, country ruled by decree and fiat.

When we arrive at that point-if we shall, which God forbid-we shall have lost here at home the priceless

Now is the time to call a halt to this arregance, to stop it in its tracks mint juleps is now available. Some and exterminate it entirely. A dedistatorship or bureaucracy. We Japs are building a new base on

### Seeing the Light

At long last a government agency, the War Labor Board, has gotten around officially to regarding John L. Lewis in about the same light in which he has these many months been held my many, if not most, of the people of the country. In a state-ment the board said the coal strike sue now "is whether Mr. Lewis is above and beyond the laws which apply to all other citizens of the United States."

Lewis is and has been, as the board stated, "defying the lawfully estab-
