Air Assault During June Unparalleled

**Aerial Subjugation
of Italian Islands
and Raids on Ruhr
Highlight Month**

London, July 1.—(AP)—Unleashing an air assault in three directions, the mighty air arms of the combination of British allies subjected Axis troops to a series of destruction unparalleled in all history during the month of June. And, as the enemy, the world was told to come.

During the month allied aerial power reached out in rising fury from bases in Britain, in northwest Africa and in the Middle East—with American and British fliers cooperating smoothly to keep the offensive going virtually around the clock.

These aerial assaults began on June 1 with the sudden, under the blinding radar, bombing of Puliarella on Sicily. They had never been equaled by any power since the subsequent capture of Lampedusa, Linosa and Pantelleria and the pattern of destruction spread over Italy, Sicily and Sardinia.

The RAF, in its fury, coming from the Ruhr Valley, to which concentrated Hitler's forces Hitler was so determined to his war machine.

Also prominent were the two American air raids last week on axis airports near Athens and Salerno, a several pointer toward a possible Italian invasion route, and inconveniences by the RAF of a bombing of the service between Britain and Africa with an important raid on both the outbound and homeward trips.

Aviation figures did not reveal the total weight of explosives dumped upon the European enemy during the month, but Captain Sir Harold H. Balfour, undersecretary of state for air, told the house of commons yesterday that the RAF alone now is dropping bombs on Germany at three times the 1942 rate.

More Miners Resume Jobs

**Total of Idle Miners
Is Now Estimated
at 104,000; Ickes
Appeals to Union**

Pittsburgh, July 1.—(AP)—More thousands of hard coal miners returned to the pits today in eastern Pennsylvania and a few thousand more soft coal workers returned to Alabama, reducing the number of idle in the nation's mines to roughly around 104,000.

Most of the hard coal workers returning were employed by the Pittsburgh district, which had lost about 100,000 men since the start of the year.

The number idle in the country's field to-day had been officially estimated at 104,000.

Last night, Secretary Ickes, fuel administrator, announced the miners now under government control, appealed to coal miners everywhere not to stay away from their posts in the eye of the great military campaign in Europe.

Martinique Asks Terms

High Commissioner of French Island Moves Toward Union With Allied Nations

New York, July 1.—(AP)—Martinique's high commissioner, Admiral Georges Robert, was reported today to have invited the United States to name an envoy "to fix terms for a change of French authority on the island," a step which may bring at last with the allies.

Robert, who had an appointment from Vichy, was received yesterday with either George "Babe" Gaulle or Gen. Charles de Gaulle, chairman of the French Committee for National Liberation who established in Paris.

The Martinique radio announced last night, however, in a broadcast recorded by the Federal Communications Commission, that the minister had addressed a memorandum to the people telling them that "we avoid being captured by the United States for terms."
