

Butchering May Resume

Plans to Be Announced for Privately Owned Abattoir to Be Built for This Section

Slaughter permits of Henderson butchers which were revoked early this month may be reinstated very soon, according to Arthur H. Spruill, secretary of the Henderson Chamber of Commerce.

The Henderson Packing Company project is practically dead, Spruill says, but in a few days it will be possible to announce substitute plans for a privately owned abattoir which will serve completely the needs of Vance county.

Everything which has been sought in the past will be accomplished, Spruill says. An approved plan for the new abattoir, the Chamber of Commerce secretary declares, has been drafted to have a modern, fully equipped plant for all community needs, commercial butchers and farmers will have complete facilities available.

Further details for the facilities of the abattoir are expected to result from abandonment of the Oxford livestock market, but made for construction of a new abattoir. Long delay in getting the application given as the reason for abandoning plans for the abattoir, slaughtering in Oxford has been prohibited, but when Mr. Hahn plans were submitted to the state board of health temporary permits to resume slaughtering were granted.

ATTEND FUNERAL IN EASTERN CAROLINA. E. M. Edwards returned from Williamston Sunday after attending the funeral there Saturday of his sister-in-law, Mrs. W. H. Edwards, who died early Friday after a long illness. She was 64 years old.

AROUND TOWN. Two marriage licenses were issued Saturday by the register of deeds, both to white couples, as follows: Robert O. Ball, Jr., of Virginia Beach, and Eddie Blake Parham, of Henderson; and Walter Boyd Rivers and Eula Salmon, both of Norfolk.

Cotton Futures Up At Noon. New York, Aug. 30.—(AP)—Cotton futures (old contracts) opened 15 cents a bale higher to 5 cents lower.

Fort Bragg Fliers Die in Plane Crash. Fayetteville, Aug. 30.—(AP)—Four men were killed in the crash of an Army cargo type plane near Garland, N. C., Friday, Pope Field (Fort Bragg) authorities announced today.

From where I sit... by Joe Marsh. "Jeep Nervous"—that's what Dan O'Neill calls the jumpy way some folks react to the strain of wartime living. Not that Dan blames 'em. When you work 12 hours a day and travel in crowded buses—live in trailers and put up with inconveniences—it's only natural to get tense and irritable.

Draft Boards To Reclassify All Fathers

Raleigh, Aug. 30.—(AP)—Brigadier General J. V. B. Metts, state selective service officer, has issued directives to all local draft boards to begin reclassifying in 1-A all fathers who are not in essential work, or whose service in the armed forces would not work undue hardship on the registrant's family.

General Metts said that recent orders of national draft headquarters require the reclassification of pre-Pearl Harbor fathers "without regard to their eligibility for a 3-A classification."

He listed these four groups: 1. Men with no dependents. 2. Men with collateral dependents, provided such status was acquired prior to Dec. 8, 1941. 3. Men who have wives with whom they maintain a bona fide family relationship in their homes, provided such relationship was acquired prior to Dec. 8, 1941. 4. Men who have children with whom they maintain a bona fide family relationship in their homes, provided such relationship was acquired prior to Dec. 8, 1941.

Gold Mining Shares Lead. New York, Aug. 30.—(AP)—Gold mines again were among scattered stocks to edge forward in today's market while assorted leaders in other groups did little or nothing.

RETURN FROM FUNERAL. Mr. and Mrs. James Boyd Edwards and Mr. L. E. Eason have returned from the funeral in Philadelphia where they attended the funeral of their sister, Mrs. Blanche Edwards Trendgold.

Fort Bragg Fliers Die in Plane Crash. Fayetteville, Aug. 30.—(AP)—Four men were killed in the crash of an Army cargo type plane near Garland, N. C., Friday, Pope Field (Fort Bragg) authorities announced today.

AROUND TOWN. Two marriage licenses were issued Saturday by the register of deeds, both to white couples, as follows: Robert O. Ball, Jr., of Virginia Beach, and Eddie Blake Parham, of Henderson; and Walter Boyd Rivers and Eula Salmon, both of Norfolk.

Home, picks out the comfortable chair and pours himself a tall, cool glass of beer. Then he sips it—slowly and appreciatively—like good beer should be enjoyed. And by the time that glass of beer is gone, Dan says his disposition is as good as new... and the day's work seems well worth tackling again tomorrow.

Soviet Poem Hits At U. S.

Washington, Aug. 30.—(AP)—Everywhere you hear the question, "What will Stalin do next?" Translated this means in the United States, at least, "Can America count on the friendship of the Soviet?"

I received in yesterday's mail a poem, a remarkable poem, which I hope does not answer this, the biggest riddle of the Second World War. The poem is called "120 Million." It was written by Communist Michael Gold. The friend who sent me "120 Million" is now in Iran. He copied the poem from a textbook "for learning English published by the National Commission of the U.S.S.R. in Leningrad for secondary schools in the grades 6 to 10."

Tax Blanks Here For Federal Levy Reports Sept. 15. Blanks for use in filling supplemental income tax returns have been received from the Federal Internal Revenue Bureau offices in Greensboro, and those liable are required to fill in the papers and return them on or before September 15 together with a remittance, if due.

POST HUMOUS AWARD. Greensboro, Aug. 28.—(AP)—In an impressive ceremony before several thousand spectators Brig. Gen. John T. Kennedy, commanding officer of Fort Bragg, presented the Silver Star yesterday to Mrs. Mary E. Parker, mother of Pfc. Joe P. Parker, who received the award posthumously for gallantry in action in the North African area.

MISSED

Hathaway Cross, parole commissioner, was having a busy time Saturday undoing some of the things that his office had spent a good deal of time getting done. A certain prisoner had reached parole status and all the papers in his case had been signed, including notification to attorneys and family that the parole had been granted. But at the exact time these letters were being sent out a few days ago, the prisoner got mad at a guard and proceeded to give him a thorough "cussing out," thereby forfeiting his parole grade and his right to parole. So Cross had to write the folks again and tell them their friend couldn't get out yet awhile.

RITCHEY—Marvin Ritchey, Charlotte legislator and avowed candidate for the United States Senate, spent a day or two in Raleigh, and like most of the other candidates, said he wasn't campaigning. In fact, Ritchey seemed to be interested only in the question of when the old school teachers will get their retirement pay under terms of a 1942 act extending provisions of the retirement system to teachers of 20 or more years experience who had retired before the system became effective. Delay in the matter was occasioned by an error in the title of the bill.

APPROVED—Capitol Square folk have been liberal in expressing approval of changes made in the business staff of the consolidated university. Sometimes there is a little personal jealousy within a department when a fellow employee is promoted, but generally State workers approve the idea of promoting from the ranks rather than filling good jobs with outsiders. Two business managers in the university organization were stepped up, and the vacancy at the bottom was filled by a man whose long residence in Raleigh as Wake school superintendent made him popular with State workers. L. B. Rogerson, former business manager of the Chapel Hill unit, was moved up to the general controller's office; Claude Teague was moved from Greensboro to Chapel Hill, and John C. Lockhart, for many years head of the Wake county schools, more recently Mecklenburg county superintendent, becomes business manager for the Greensboro unit. State employees, all of whom are interested in better jobs, are pleased at the policy of recognizing ability among present personnel. They hope other departments will follow the university's example.

JERSEYS—The State Jersey Cattle club announces its annual consumption sale of pure bred stock at Statesville on September 7. Some of the finest Jerseys ever grown in the state will be offered, according to advance notices.

VACATION—There's nothing novel in a trip to the mountains for Governor Broughton, but a few days in the hills with nothing to do is a distinct novelty. Governor Broughton has probably traveled more and been out of his office more than any other governor. However, he claims he has had less "time off" from work than any of his predecessors. He will be back in his office Wednesday after three or four days of loafing and resting in the mountains.

Growing Pains' Expected in Development of Mining. The securities inspector is looking

out particularly for attempts of domestic corporations to slip something over under the exemption clause of the law. No stocks can be offered for sale in this state unless the corporation is chartered or domiciled here, or the stocks registered with the secretary of state. Even then there are many restrictions on sale to the public.

Among the exemptions from this provision are included judicial sales, mortgage foreclosures, sales to banks and others. Pertinent in the current instance is the exemption of "isolated transactions," where one stockholder sells his stock to another person. Trouble may develop over interpretation of "isolated transactions." Right now the securities commissioner construes it literally. He holds that if a stockholder disposes of an occasional share, the deal is exempted from the requirement for registration. If, however, he appears to be buying and selling frequently, even though all transactions are among stockholders in the same company, he assumes the status of a broker or dealer and must obtain license to continue operations.

Goebbels Halts Flight From Berlin

(Continued from Page One) to force all residents to help clean up the damage following attacks. Although the city has been spared for the past few nights, no one expects the Germans to last and the Spanish correspondent noted the population was bitterly despondent and weary.

New 'Hornet' Is Launched

(Continued from Page One) eral manager of the Newport News Shipbuilding and Dry Dock Co., told several hundred speculators the launching would have to be postponed several days. Later, however, he said the ceremony would proceed, that there had been no accident, but that the hydraulic pressure holding the ship in place had threatened to build up so rapidly that it was necessary to proceed with caution in the launching of such a heavy ship.

Eases the Pain — Soothes the Nerves. The quick-acting ingredients in the "BC" formula ease headaches promptly and gently soothe nerves upset by the pain. Also relieves neuralgia, muscular aches and functional periodic pains.
