## Senate Told Dangers Of Subsidy Plan

Fledges Sought for  
Speaker Rayburn as  
Choice of Democrats

Washington, Feb. 9—(AP)—Keynoting debate in the Senate on the food subsidy repeal bill, Senator Bankhead (Ala.) declared today that government payments to regulate consumer food prices are swelling the national debt and increasing rather than diminishing the danger of wartime inflation.

The leading down-sell prices of basic food commodities, Bankhead asserted, have been used to purchasing power in the hands of consumers.

The Senate took the floor in support of its own bill, similar to legislation previously passed by the House, to continue the Commodity Credit Corporation but curtail the program's \$1-billion-a-year policy after June 30. Both sides argued that amounts were too small that subsidy research had brought off a spiral of price increases that would affect the entire stabilization program. Bankhead asserted that the new bill would use only 25 cents per person if subsidies were discontinued.

He said it was necessary to end the inflationary tendencies in agriculture and that subsidies are not a wise result in existing food inflation.

The principal result would be an increase in the price of the particular food item under the subsidy.

It was also agreed to postpone the reduction in the amount of the reduction in the cost of the subsidy.

Nash-Edgecombe  
Landlords Are to  
Register Feb. 26

Washington, Feb. 9—(AP)—Scheduled for a day or more than 3,000 landlords in the Nash-Edgecombe area to register under Federal rent control procedures postponed from February 26 to February 28 at the request of Representative Harold T. S. Johnson, director of the Rent Control Office of the Office of Price Stabilization.

Representative Cooley received permission to postpone the registration of James Tippett, assistant director of the rent division of OPA, so that an application for enrollment under may be argued in Wash-

ington and a delegation of Roanoke citizens would appear before the OPA rent board in Washington on the week day of the order.

Johnson said that Cooley had requested one week day of the order because OPA had made the permanent effective for two weeks.

**PARIS OFF THE AIR**  
New York, Feb. 9—(AP)—The Paris radio went off the air at 11:12 a. m. eastern war time today, the Federal Communications Commission said, indicating that Allied air raiders might be attacking targets in the vicinity of the city.

AFL Members  
Ask Revision  
In Wage Scale

Washington, Feb. 9—(AP)—The American Federation of Labor today declared the nation's workers cannot rely upon price controls if they function to prevent "standards of living" and again petitioned the board to revise upward the little red book formula limiting wage increases to 1½ percent of the rate of January 1, 1944.

The four petitioners—George Meany, Matthew Wall, Robert Ward and James Brophy—called the need to exempt President Roosevelt's "so-called redbook" in executive order 1,000 from increases to the "little red book" therefore defined by the National War Labor Board for the rise in the cost of living between January 1, 1943, and May 1, 1942.

They added also that employees be allowed to apply the increase without awaiting approval from the WLB.

The four AFL members called attention to recent investigation by the labor members of the President's cost of living committee which reported indicated living had risen 1½ percent since January 1, 1943, or about twice the amount shown by the Labor Department's cost of living index.

## WAR LEAVES ITS FOOTPRINTS

THE TANGLED MARKINGS winding among the trees in an orchard near Mignano, Italy, were made by Allied armored vehicles used to oust Nazis entrenched in the hilltop town. The shadows of the fruit trees hide the slit trenches dug by the Germans. (International)

## Vice-Presidential Nomination Gains Unusual Attention

Bankhead Declares  
Program Raises Debt  
And Aids Inflation

Washington, Feb. 9—(AP)—An early move to seek convention pledges for House speaker Sam Rayburn of Texas emphasized today the unusual attention that politicians are directing toward the Democratic vice-presidential nomination this year.

With President Roosevelt still running with fourth term inquiries some practical politicians are concerning him the nomination on the first ballot and working to get their names installed as his running mate with an eye to the future.

One high democratic official said there is no doubt in his mind that the President runs again this year's vice-presidential candidate will have a head start on everyone else in the 1948 race for the top nomination.

Besides that, this politician observed, there always is a possibility that if Mr. Roosevelt is elected to a fourth term, and the war ends, he might try to head a bipartisan delegation to the peace conference.

Meanwhile, Republican members of the tax-writing House Ways and Means Committee issued a statement demanding immediate action and Chairman Dingell (Mich. D.) called the committee together today for a preliminary discussion of the possibility of shortening some of the red tape out of the tax laws.

## Joint Meeting Of Committees On Tax Urged

Washington, Feb. 9—(AP)—Joint Senate Finance Committee proposed today that Senate and House committees work together on early consideration and streamlining of the income tax structure.

George said he believed approximately 20,000,000 of the 30,000,000 taxpayers will be spared the need of filing any return at all beginning in 1945 "by reducing the total tax obligation to law, withholding levy against their wages and salaries."

Meanwhile, Republican members of the tax-writing House Ways and Means Committee issued a statement demanding immediate action and Chairman Dingell (Mich. D.) called the committee together today for a preliminary discussion of the possibility of shortening some of the red tape out of the tax laws.

## Prices Higher For Cotton

New York, Feb. 9—(AP)—Cotton futures' opening live session is held higher to 1½ cents, buyers. Noon values rose 20 to 40 cents a bale yesterday. March 2046, May 2047, July 1947.

Prev. Close Open  
March 2046 29.43 29.43  
May 2047 29.15 29.16

December 1947 39.03 39.03

**SENSATION EXPECTED**

Washington, Feb. 9—(AP)—U. S. Secretary of State Cordell Hull's Washington statement to the United States has recently removed the warning to Finland to get out of the war if it expected to face a severe punishment.

Thus far Rayburn and Henry Wallace apparently lead the field of those mentioned which includes about every prominent Democrat within the administration and some without. There has been talk of Food Admin. staffer Marvin Jones, War Manpower Director James Warren, Mammoth Director James Byrnes and several senators, including Harry Truman of Missouri, as potential candidates.

At least two governors, J. Motley Broome of North Carolina and Ellis Arnall of Georgia have entered the discussion.

**PARIS OFF THE AIR**

## Reds Push Toward Krivoi Rog Yanks Heavily Bomb Cisterna

### Strong Point Of Germans Is Crippled

#### Aggressive Patrol Activity Is Carried Out by the Allies

Allied Headquarters, Algiers, Feb. 9—(AP)—U. S. planes poured tons of bombs yesterday on Cisterna to cripple that main strong point of the Nazi line around the invasion beachhead below Rome, while Allied troops struck out in "aggressive patrol activity," Allied headquarters announced today.

German patrols also were active in this vital sector and Nazi artillery continued a heavy shelling of the beachhead.

The Allies further consolidated their positions, headquarters said.

American Mitchells in morning and afternoon raids pounded buildings in Cisterna where the enemy had concealed tanks and guns, and soon after the bombs leveled a large part of the town, 15 miles north of Anzio.

The Germans had converted it into a fortress. From it they have launched some of their fiercest attacks on the beachhead.

Todays' German communiqué declared the Nazis had advanced several miles in the last 24 hours, capturing 700 prisoners. Strong enemy counter-attacks with support of tanks and naval artillery were repelled, the bulletin added.
