**SMALL CARDS DELUDE IT**  
IF YOU compiled records based on thousands of hands, you would find that the way you make out in the play is usually decided by what somebody does with a small card or cards. Almost anybody can keep track of the aces, kings and queens, and do the right thing with them a big proportion of the time, but there is a terrific difference between the way the careless player uses his little cards and the way the fine player does, including signaling.

Hand analysis showing card counts and suit distributions for both players.

Hand 1: ♠ 10 9 8 7 6 5 4 3 2, ♥ 10 9 8 7 6 5 4 3 2, ♦ 10 9 8 7 6 5 4 3 2, ♣ 10 9 8 7 6 5 4 3 2
