U. S. Offers New League As Security

**Victorious Nations
Will Be Members at
Start of the Group**

Washington, May 31.—(AP)—The United States is prepared to put forth at the forthcoming big four meeting here a plan for an international security organization patterned on the League of Nations, and providing a conservative formula for the use of force to suppress war.

President Roosevelt assured the American press recently of his desire to postpone a meeting of the Big Four, the White House and State Department, to make the plan public and attract the big four meeting. He also said it is intended that no one of the declared principles be so popular that it would be rejected. But the major point of the American proposal will be:

The United Nations Council or executive committee— to be composed initially of this country, Britain, China and Russia, but later to be expanded to a membership of seven or eight countries, with special emphasis on representation for small nations.

The United Nations is emerging to include at first all the United Nations and the non-socialist associated powers, but a separate group France is to be left out. The committee would be charged to take the British motion to the United Nations, seconded by many countries. All others, large and small, would be invited to associate themselves.

In British policy, instead of a single political front, it is proposed to allow for the support of allied countries, both in Europe and in the Far East. France, among other potential trouble-shooters, has not yet ratified the charter of the League of Nations. Once the committee had adopted a common program, the final decision to go forward would be up to the one or more governments which, before the present situation, had agreed to do so.

**Secretary of Navy
Favors Deferring
Pearl Harbor Case**

Washington, May 31.—(AP)—Secretary of the Navy Forrestal today stated personal opposition to continuation at this time of Admiral Husband E. Kimmel's charges of negligence in connection with the December 7, 1941,

attack on Pearl Harbor, and recommended that the case be deferred until after the end of the war.

He told the Senate Select Committee on War Mobilization and Resources that he had been asked to consider the case by the Senate Select Committee on War Mobilization and Resources.

Admiral Kimmel, who was relieved of command last month, has been charged with failing to detect the Japanese attack on Pearl Harbor, and with failing to take steps to prevent it.

Admiral Ernest J. King, chief of naval operations, has recommended that the trial be delayed until after the end of the war.
