It's new!  
It's designed  
for lasting  
support

Note the construction of the new surprise Hanes Fig Leaf Suit. It offers you the comfort and ease of a pull-over suit and splits into trousers. Its design provides complete support without requiring elastic.

Just pull it over your head like a shirt and over the fasteners. This keeps the support in place for the life of the garment. Have your Hanes dealer fit you with this new suit in your trunk size. P. H. Hanes Knitting Co., Winston-Salem, N. C.

"Sure glad I've got a FORD!"

Some where you hear the same good things about Ford cars. They stay on a long time in looks and performance. They're lively and ready to go. They're easy to fix and repair costs are low. U. S. Ford Motor Service men do the miles till us, you'll say, "Sure glad I've got a Ford!"

"MY WIFE HAS TO BE AT HER WORK...  
"REPAIRS ARE SELDOM NECESSARY..."

NEWS NOTES—Ford produces as much steel every month as would be required for two battleships—uses 120 carloads of coal a day in the largest plant alone—mixes enough ammonium sulphate every day, as a by-product, to fertilize 225 acres of farmland.
