

ON TO TOKYO!

Let's all get behind the greatest march in history—the march to Tokyo—and victory!

On countless invasion fronts, thousands of your fighting men are taking up the battle cry: "On to Tokyo!" We've got to back them up with what it takes for complete victory. Remember, the supply lines in the Pacific are long and your fighting men will need more materiel than was required for the entire European invasion to crush the Jap foe.

Let's Echo that cry with BONDS!

Our boys won't quit until they've reached their goal. Let's not stop buying bonds until we've reached ours! In this 6th War Loan Drive, the Nation's goal is fourteen billion—our individual job is to buy at least an extra \$100 Bond—another and then another—let's keep on going—let's keep on buying—let's keep on saying it with Bonds—"On to Tokyo!"

BUY AT LEAST AN EXTRA \$100 WAR BOND!
