### Judge Leo Carr To Preside at Trial Of Criminal Cases

A temporary grand jury of Vance County will begin its term on Monday, according to Judge Leo Carr. The grand jury will be composed of 12 members, and will be presided over by Judge Carr. The grand jury will be responsible for the selection of grand jurors, and for the trial of criminal cases.

# County Gets \$10,000 More Liquor Money

The county will receive an additional \$10,000 in liquor tax revenue for 1945, according to county officials. This increase is due to the fact that the county has received a higher rate of liquor tax than in previous years. The county officials are pleased with this increase, as it will help to offset the cost of various county services.

# Mayor Tries Nine Cases

Mayor [Name] has been successful in winning nine cases in court, according to reports. The cases involved various matters, including property disputes and contract issues. The mayor's success in court is seen as a sign of his effectiveness in handling legal matters.

# Sugar Stamp 40 And Canning Sugar Now Are Invalid

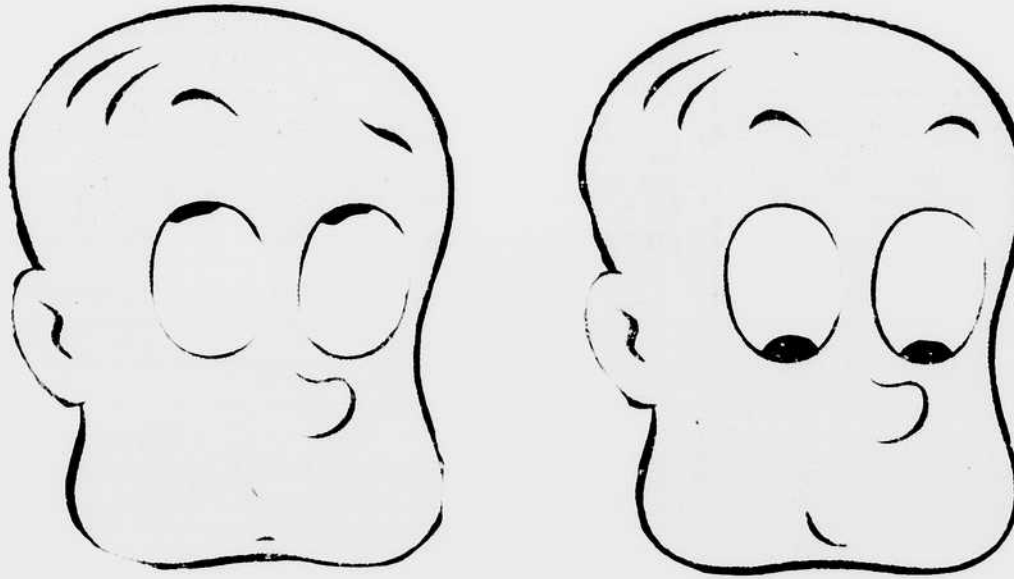

The number 40 sugar stamp and all home canning sugar coupons are now invalid, according to the local War Price and Rationing board. The board has announced that these items are no longer valid for use in purchasing sugar. This is due to the fact that the government has decided to stop issuing these items, and to instead focus on rationing sugar through other means.

# The high cost of living

Look at the cost of living—up 25.4% since 1939.\* Or would you rather not? Then look at the cost of electricity—down 3.2% during the same period!\*

# The low price of electricity

Of course, the reduction is a nation-wide average, and partly due to increased usage, which earns lower rates. But it continues a long-time trend. In fact, the average American family gets about twice as much electricity for its money today as it did 15 years ago!

In fact, the average American family gets about twice as much electricity for its money today as it did 15 years ago!

(So why isn't your bill cut in half? Because you have more electric servants now. Kilowatt-hours are much cheaper—but you're using a lot more of 'em!)

Will you pardon us a moment while we point with pride to our wartime record? Production up—price down—no rationing—no shortages.

Thanks to far-sighted business management, every war plant making weapons has had plenty of electric power. And so will every peacetime factory making jobs!
