Attlee Asks World Pool Of Secrets

Silence Cloaking Washington Meeting On Atomic Energy

Washington, Nov. 12.—(AP)—A report that Prime Minister Clement Attlee of Great Britain is urging an international pool of war secrets and scientific information held Washington's attention today as official silence cloaked the historic atomic energy conference.

An official in a position to know, but who declined to be identified as to whether or not the British Prime Minister had suggested to President Truman and Prime Minister MacKenzie King...

Unless atomic and other discoveries are channeled into controlled uses for peace, they will be given over to war-making purposes.

The best way to channel these discoveries into proper uses is to share them with other nations—once safeguards for the future are set up.

Cooperation Required

The only way that any pooling by the three countries now holding the atomic bomb secret, would require cooperation by Russia, France and other United Nations. The others participating would be asked to make their own developments available to the same pool.

There was no White House comment on this report after Mr. Truman, Attlee, and King returned last night from a nine-hour session on the Potomac river where they continued discussions begun Saturday.

Even Ayres, acting White House press secretary, centered chiefly with Mr. Truman upon the party's return then told reporters there would be no statement on anything.

Patterson Aide

TAKING THE OATH of office as new Under Secretary of War in the office of War Secretary Robert P. Patterson in Washington, D. C., is Kenneth C. Royall. A former brigadier general, he is a native of Goldsboro, N. C. (International Soundphoto)

Eisenhower Reaches U.S.

Boston, Nov. 12.—(AP)—General of the Army Dwight Eisenhower landed at the naval reservation here today on his way to Washington, D. C., to testify on the military aspects of the atomic bomb.

He is expected to stay at Boston's airport today and then to leave for Washington on Saturday.

The plane, a C-54 transport plane, came down through a misty fog, landing on a runway under a 400-foot ceiling, making a downwind landing in the heavy fog. Eisenhower, first of the plane, stepped into the arms of his wife while a small crowd, mostly naval personnel, cheered.

He also has to vote on whether to continue his hearings on the politically potent issue of universal service. The hearings began last week with testimony from War Secretary Patterson urging a year's training for every young man.

Joint Democratic Leader Barkley of the Senate says he's determined Congress can't call a holiday recess until it sends the full employment bill to the White House. The Senate has passed this bill—in a modified form.

Naval Hero Is Among Six Killed In Crash In N. Y.

Boston, Nov. 12.—(AP)—The First Naval District reported today that one of the six men killed in a plane crash at Benson, N. Y., was Commodore Dixie Kiefer, 49, commander of the First Naval District.

The five other victims were not identified immediately.

The plane left Caldwell, N. J., yesterday morning en route to the Quonset, R. I. naval air station where Kiefer was stationed.

The plane last was heard from as it flew over Steward Field, West Point, N. Y. It crashed 15 minutes later. The wreckage was found at 3 a. m. the navy said.

"I'M NO HERO" DIXIE CONTENDED

New York, Nov. 12.—(AP)—

Occupation Of Japan Is A 'Success'

Diplomacy, Orders Have Broken War Ideas, Allies Say

Tokyo, Nov. 12.—(AP)—General Douglas MacArthur's occupation today surveyed results of the Allied occupation of beaten Japan, and reported that diplomacy and detectives have shattered the nation's war-minded spiritual and economic control system as completely as Allied bombs destroyed its cities and factories.

"This unshaken effort must forever serve as a warning that feudalism and aggression cannot succeed," MacArthur's statement added.

Even as MacArthur took public note of the people's joy given freedom Japan's Communist party boldly announced it will sponsor a nationwide campaign to investigate Japanese war criminals—beginning December 11, the anniversary of Pearl Harbor, Kyoto news agency said.

Changes Summarized

The headquarters statement, summarizing changes which have freed Japan's common people from regimentation and domination by their own ruling class, reported that new orders soon to be issued "will remove many of the shackles which have bound Japanese and their families in a condition approximating slavery. Free markets in a state of freedom will follow."

The transition, Allies have brought will mean the people what American democracy means, but "these people are not yet ready to take the Japanese road lead before they can be accepted as a peaceful nation," the announcement asserted.

NASHED TO LODGE POST

Chapel Hill, Nov. 12.—Dr. Wallace E. Caldwell, professor of ancient history in the University of North Carolina, was appointed Junior Deacon of the Grand Lodge of Masons at the meeting in Raleigh this week.

KINSTON CLOSING NOV. 16.

Kinston, Nov. 12.—R. S. Witherington, sales supervisor of the Kinston tobacco market announced today the last market will be closed on November 16, or more than three weeks earlier than it closed last year.

Krupp Said Too Sick To Stand Trial

Nuremberg, Nov. 12.—(AP)—Justice Robert Jackson, United States prosecutor requested the international military tribunal today to substitute Alfred Krupp, son of Gustav Krupp, as the defendant in the war crimes trial.

Jackson filed his motion because the elder Krupp, head of the huge German armament trust, is too ill and aged to appear for trial.

If Jackson's motion is granted, a postponement of 10 to 14 days in the start of the historic trial is almost certain. The trial had been scheduled for November 20.

Peace Prize Given Hull

London, Nov. 12.—(AP)—The Nobel peace prize for 1945 has been awarded to former Secretary of State Cordell Hull, the Norwegian government information office in London said today.

As Secretary of State, Hull laid the foundations for the San Francisco conference, which drafted the United Nations charter. He was succeeded as State Secretary on November 27, 1944 by Edward Stettinius, Jr.

New Horror Tale Told At Trial Of Jap General

Manila, Nov. 12.—(AP)—A bayonet-stained, black-dressed Filipino woman sobbed out at the war crimes trial of Lt. Gen. Yamashita today a story of the fatal stabbing and burning of her four children and her mother by blood-thirsty Japanese.

The prosecution stated for the record that 1,500 Filipinos in her neighborhood were thus "brutally tortured and massacred."

WEATHER FOR NORTH CAROLINA

Considerable cloudiness and warmer tonight; Tuesday, partly cloudy and continued warm.

Russian Aid Being Sought By Indonesian Nationalists

Intervention Being Asked By Javanese

House to House Fight on Island British Resume

Batavia, Nov. 12.—(AP)—Foreign Minister Soebardjo pleaded today for Soviet intervention on behalf of his unrecognized, Indonesian republic as heavily supported British Indian troops renew the house to house attacks which drove Indonesian nationalists from almost half of Soerabaja naval base over the week-end.

"It is apparent now that Britain is paving the way for the re-occupation of Dutch rule in Indonesia," he said in a radio address to Soviet Foreign Commissar Molotov.

The Indonesian leader said that he Russians aid in winning "justice for the world" for the Indonesians.

Don't Like Foreigners

"By the very principle of independence we do not like foreign troops in Indonesian soil," Soebardjo said, however, that "the presence of British troops is tolerable for a certain time."

Meanwhile, the battle for Soerabaja raged with unabated fury after a week-end of fighting in which the British renewed their air attacks upon Indonesian forces. Indonesian-manned tanks reportedly fired 30 shells into the 5th Indian Division's ranks.

Both Indonesians and British sources indicated that Indonesian casualties were heavy. President Soekarno said that "thousands and thousands of civilians had been killed in a vast massacre."

Labor Scene Is Some Brighter; 2,500 Returning To Their Jobs

272,500 Workers Continuing Idle; New Vote Sought

(By The Associated Press) On small break in the nation's cloudy labor horizon appeared over the week-end, but 272,500 workers continue idle in labor disputes and the troubles besetting the basic steel and automotive industries remained unsolved.

The break came when 2,500 CIO electrical workers in New Jersey returned to work today at the Kearny, Belleville and West Orange plants of Thomas A. Edison, Inc.

But several times as many workers were attracted by the CIO electrical workers' request that the War Labor Board limit a strike vote among 270,000 employees of three large manufacturers of electrical equipment.

Ask \$2 Day Raise

These manufacturers were General Electric, Westinghouse and the General Motors Corp. electrical division—all makers of such consumer goods like radios, refrigerators and washing machines.

Electrical workers' representatives, asking a flat \$2 a day pay raise, said they had urged Secretary of Labor Schuylerbach to participate in an early conference of the companies and the union to assist in breaking the deadlock. The National Labor Relations Board previously had set December 6 as a tentative date for a strike vote in these plants.

Edison employees walked out October 2 when the company rejected their request for a \$2 daily wage increase. Settlement was based on a six-cent an hour pay boost, with double time for Sunday work, and abolition of the company's meal system while the present contract is in effect.

Auto's big-three—General Motors, Ford and Chrysler—remained short as a CIO United Auto Workers strategy committee met the union's strike threat on a 24-hour basis. UAW President R. J. Thomas heads the committee which is authorized to act "as it may see fit" in support of the union's demand for a 30 per cent wage rate boost.

Emperor Heading War Crimes List Of Japanese Reds

Tokyo, Nov. 12.—(AP)—Emperor Hirohito heads a war criminal list being prepared by the fledgling Japanese Communist party because he must share the responsibility for the Pearl Harbor attack, Yoshida Shiga, one of the party's leaders said today.

"The emperor can't escape war guilt," said Shiga, and "should be ousted to China under Allied supervision."

A SITUATION THAT AROUSED WORLD CURIOSITY

THIS IS WHAT CAUSED THE WORLD TO ASK: WHERE IS STALIN?

ON OTHER RED ANNIVERSARIES THE REVIEWING STAND LOOKED LIKE THIS

AS THE SOVIET ARMY PARADED in Moscow's Red Square on the 25th anniversary of the October revolution, the news flashed around the world that Generalissimo Stalin was not on hand. And, since Stalin had not made the birthday speech either, assorted gossip griddled the globe. Above are Soviet leaders saluting from the Lenin Mausoleum. They are (l. to r.): A. F. Gorkin, M. F. Shkiryatov, Marshal S. M. Budyonny, Foreign Commissar V. M. Molotov, and G. M. Malenkov. It was noted that President Mikhail Kalinin and some members of Stalin's "inner family" were not present. In contrast is the picture below, taken at an earlier celebration when Generalissimo Stalin was on hand to view the ceremonies. (International Radiophoto)

Hot Issues Face Solons On Tuesday

Washington, Nov. 12.—(AP)—Congress took a deep breath today before wading into a torrent of angry words about atomic energy, peace-time military training, Pearl Harbor and jobs for all.

The shouting starts tomorrow. In keeping with the Armistice Day holiday, the Senate posed up a session today. The House arranged to meet briefly and then recess until Tuesday. Here's the way the fighting shapes up then:

Atomic: The House military committee has split in two on this issue. A majority of the members recently approved a bill proposed by the administration to set up a commission with broad powers over the development and use of atomic power. Many scientists who worked on the atomic project protested the commission's powers under the bill were too sweeping.

Then nine members of the committee Saturday night issued a concise minority report, backing up the scientists and demanding that the whole project be reopened before the bill is sent to the House floor for debate.

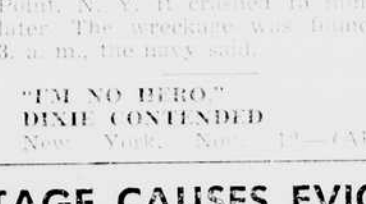

Military training: The same com-

mittee also has to vote on whether to continue its hearings on the politically potent issue of universal service. The hearings began last week with testimony from War Secretary Patterson urging a year's training for every young man.

Joint Democratic Leader Barkley of the Senate says he's determined Congress can't call a holiday recess until it sends the full employment bill to the White House. The Senate has passed this bill—in a modified form.

HOUSING SHORTAGE CAUSES EVICTION OF VETERAN

DISCHARGED VETERAN FRANK K. RICHARDSON, a Purple Heart holder who saw service in Europe, sits on a New York sidewalk with his wife and baby son surrounded by their household furnishings. They were evicted because the home in which they were living was sold. Although they had been given extensions of six months to find new quarters, they were unable to do so because of the housing shortage. (International)

China Gives Peace Issue To Committee

Outstanding Issues To Be Settled By Consultative Group

Chungking, Nov. 12.—(AP)—Chinese Communists said today they and Chiang Kai-shek's Central Government have agreed to allow the proposed political consultative council to settle "all outstanding issues" of China's undeclared civil war—and that the council will be called into session about November 20.

The final issue of peace or all-out war, however, rests with the generalissimo, a Communist official said today.

"If Chiang cancels his order for bandit suppression there can be peace."

The decision to entrust the disputed issues to the new council was reached at a Sunday peace talk arranged by the international industrial liberal Chinese Democratic League, while war clouds thickened as the results of two other developments.

Assembly to Meet

The Government called China's national assembly to meet May 8—with no word on whether Communists would be given representation they demanded.

And a top Nationalist general forecast a major Government drive into Manchuria "very soon" despite early Communist troops massed to block it.

Sunday's three army peace talks placed the question of calling an immediate halt to hostilities at the top of the political council's agenda, the Communist spokesman said.

IT'S NO SECRET BUT... ONLY 35 SHOPPING DAYS 'TIL CHRISTMAS!

America Pauses To Pay Tribute To War Victims

(By The Associated Press) Americans still sobered by a second world war just won paused again today to pay tribute to those who fell in the conflict a generation ago.

The Sunday anniversary led to a two-day observance. In Washington yesterday Prime Minister Attlee of Britain and King of Canada joined President Truman in placing wreaths on the tomb of the Unknown Soldier.

Today, General of the Army Eisenhower took part in a Boston parade. Adm. William Halsey was the central figure in Chicago's celebration.

Elsewhere there were armistice programs in London, Paris, Algiers, Tokyo and Saigon.

Tito's Men Victors In Yugoslavia

Over 90 Per Cent Of Voters Take Part In Election

Belgrade, Nov. 12.—(AP)—Candidates representing Marshal Tito's national front in Yugoslavia were assured of victory today by incomplete returns from Sunday's national election, which showed that more than 90 per cent of the nation's 4,020,671 voters had cast ballots.

Opposition parties had boycotted the elections by not putting up candidates but it was reported that practically no voters upheld the boycott by staying away from the polls.

A complete absence of election disorders was reported by a Yugoslav official.

Women Vote First Time

Women were eligible to vote for the first time and a large percentage of them took advantage of their newly-won franchise.

A holiday atmosphere marked the election with gay crowds of peasants singing and dancing in open spaces near many of the polling places. Sale of all alcoholic beverages had been forbidden since Friday.

Voting was for an assembly of two houses, which will be charged with drafting a new constitution.
