Insurgents Advancing On Tehran

Separatists Revolt Against Government In Red-Held Areas

Tehran, Iran, Nov. 19.—(AP)—Armed members of the Separatist Democratic party—revolting against Iranian government authority in territory garrisoned by Russian troops—were reported today to be advancing down the 230 mile long railway from Mianeh to Tehran.

Three towns with Iranian garrisons were reported to have been isolated in two days of fighting in the mountainous northern province of Azerbaijan. The insurgents also were said to be threatening Venjan and Kenzin, respectively 165 and 40 miles northwest of Tehran.

A high ranking Iranian officer described the situation as "desperate."

An Iranian government spokesman said the insurgents' drive toward the capital was launched after the separatists seized control of Mianeh. One Iranian captain, 100 soldiers and two railway station employees were killed, he added.

Separatist forces in Mianeh severed communications with both Tehran and Tabriz, the spokesman said. He declared that the insurgents were dressed in civilian clothes.

The Iranian spokesman said rifles were distributed to the separatist forces from trucks bearing Russian markings. There was no indication Russian troops were manning the trucks.

Hull May Testify In Pearl Harbor Probe Before Joint Group

Former Cabinet Official Expected To Talk If His Health Will Permit

Washington, Nov. 19.—(AP)—Former Secretary of State Hull may testify this week before the Congressional Committee investigating the Pearl Harbor disaster.

John M. Hammond, assistant counsel, told reporters that Hull has been asked to follow Admiral J. O. Richardson to the stand. The former cabinet official, he said, will appear if his health permits.

The committee began its fourth day of hearings by going over with Rear Admiral F. V. Igles the source of information on which he based a summary given the group Saturday evening Japan's version.

Under questioning by Dan Cooper of Tennessee, Igles said there is no proof that two aircraft carrier squadrons were launched by the Japanese task force on the morning of the attack. However, an hour before the attacking planes.

Statement Removed

The original draft of Igles' statement to the committee included the statement that two planes reached their destination on the morning of the attack. Igles said he was not sure of the accuracy of the statement and today this was struck out on the basis of information received from many sources Friday.

In response to questions by Senator Lucas of Illinois, Igles said that information of the Japanese version of the attack, received through investigations made by General MacArthur's investigators, tallied largely with data gathered by the navy.

Senator Brewster of Maine asked if reports of Honolulu radio stations during the attack period are available. Igles said that such reports had been used to substantiate a Japanese report that code messages had been sent through these stations to the approaching fleet.

Given to a Major

The witness said the navy's best information was that the records were given to a Major Putnam of the army. Putnam was not further identified.

The Pearl Harbor investigating committee learned today that Admiral Osami Nagano, chief of the Japanese naval general staff, testified recently at Tokyo that he alone decided on November 3, 1941—to attack the Hawaiian bastion.

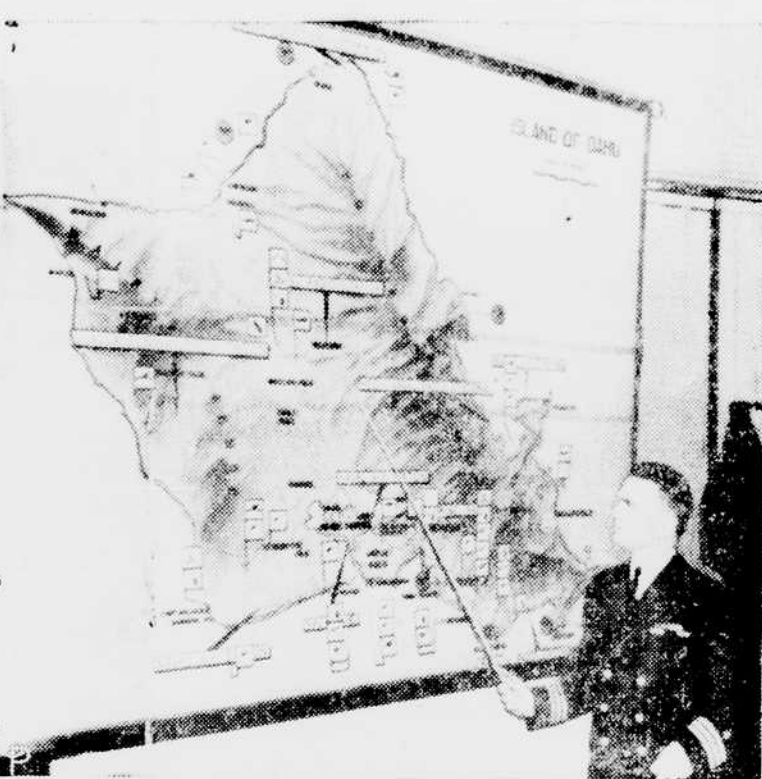

Nagano's statement was taken during an inquiry conducted by subordinates of General Douglas MacArthur at the request of the Congressional committee. The Tokyo testimony has been placed in the record of the current hearing.

The Senate-House committee prepared to resume its sessions today with further questioning of witnesses who gave the Japanese version of the attack. Following Rear Admiral T. V. Igles to the stand is expected to be Admiral J. A. Richardson, who was relieved as Pacific fleet commander several months before Pearl Harbor after disagreement with the late President Roosevelt.

Senator Ferguson of Michigan said he would demand that American war plans prepared against the Japanese be made public at the inquiry. The report of the Tokyo investigation conducted by MacArthur's men at the request of the committee showed that Captain Tomika, chief

Top Nazi War Criminal Said Too Ill For Trial

Kaltenbrunner Has Brain Hemorrhage; May Delay Opening

Nuremberg, Nov. 19.—(AP)—Ernest Kaltenbrunner, former chief of the Nazi security police, suffered a brain hemorrhage in his cell last night, but a spokesman for the United States prosecutor's office said today he would have to answer charges sometime before the International War Crimes tribunal.

An indication that he would not be present at the scheduled opening tomorrow of the trial of top flight Nazis came from physicians at the 19th U. S. Army hospital where he was rushed for treatment. The doctors said he "was finished with the trial."

The spokesman in the office of Justice Robert Jackson, chief United States prosecutor, said the court would decide whether Kaltenbrunner would be tried at a later date.

The prosecution regards Kaltenbrunner as number two defendant among the list of indicted Nazis.

France and Russia are pressing for a delay of the trial. It opens on schedule there may be only 19 of the 24 Nazis listed in the original indictment on hand.

Crystalline, anti-aircraft, is suffering from suffering of the brain and has been accused, Robert Ley, labor front boss, committed suicide several weeks ago. Martin Bormann, number two Nazi and Adolf Hitler's deputy is officially listed as missing and will be tried in absentia. Rudolph Hess, number three Nazi is reported mentally incapable and a ruling on whether he will stand trial is awaited.

French Ask DeGaulle To Retain Post

Assembly Votes 499 to 163 For Him to Remain

Paris, Nov. 19.—(AP)—The assembly voted 499 to 163 today to ask General Charles DeGaulle to remain in office to form a coalition government giving equal representation to the Communists, Socialists and popular Republican parties.

The Communists refused a block vote of support in the committee in an attempt to bring with guns and armed guards when surrounded the palace where the assembly met.

The vote ended temporarily at least any chance of DeGaulle's resignation. France's interim president.

In a last minute switch of tactics the Socialists, who had said they would abstain in the voting, voted for DeGaulle.

The assembly then adjourned until Thursday.

C.P.A.'S TO APPEAR AT TAX SYMPOSIUM

Charles Hill, Nov. 19.—(AP)—Members of prominent North Carolina economic groups, economists, have accepted invitations to appear on the program of the sixth annual Symposium on Taxation and Accounting to be held at the University of North Carolina and Duke University 22-26 and December 1, 2 was announced today by D. E. Gateswood, Jr., Winston-Salem, and L. B. Rogerson, Chapel Hill, 1945, and secretary, respectively, of the State and General Taxpayers Association of the Symposium.

The sessions are being sponsored by the North Carolina Association of Certified Public Accountants, with the neighboring Universities cooperating in serving as host institutions.

A strike of 4,300 CIO Textile workers of Nashua, N. H., was settled with the company, granted maintenance of union membership, paid insurance and paid vacations, as well as wage increases. Under the new pay scale, workers will receive a 65 cent hourly minimum.

Arrest Of More Japs Is Ordered

Eleven Ward Lords Are To Be Seized; 57 Small Fry Held

Tokyo, Nov. 19.—(AP)—Eleven Japanese war leaders, including generals accused for responsibility of the rape of Nanking, the Mukden incident and the bombing of the United States gunboat Panay, were ordered arrested today.

Seventeen by headquarters requested that 77 more accused Japanese criminals, mostly minor characters charged with brutalities against war prisoners, were in custody.

General MacArthur directed that the 11 be delivered to Sugamo Prison Camp in Tokyo.

While the men were not specifically named as war criminals, all were associated with the militarist decade and include some of the key men probably listed in American lists of wanted Japanese.

Diplomats Included

Two of the Japanese — Yosuke Matsuoka, former foreign minister and Tetsuzo Shimadzu, former ambassador to Rome, were instrumental in negotiating the Germany-Italy-Japan axis pact.

Others were:

Baron Honein, former commander in chief of the Kwangtung army, considered responsible for the Mukden incident which Japan used as an excuse to conquer Manchuria.

General Matsui, retired, blamed for the rape of Nanking and the bombing of the Panay.

General Kato, premier for a time in 1944 who as chief of staff of the Kwangtung army also had a hand in Manchuria's conquest.

General Mitamura, now known as the brains of the militarist clique and one of the men who helped order the selection of Pearl Harbor premier Tojo.

Auto Strike Studied By UAW Locals

Industry Reaction To Price Ceilings Is Withheld Now

Defiant, Nov. 19.—(AP)—The automobile industry's reaction to newly announced car price ceilings was withheld today for its bearing on events to come in the enrolled auto wage dispute.

OPA's announcement of retail price lists came as 200 union delegates from General Motors locals across the nation met here to consider strike action against the industry's largest producer.

While G. M. and others were withholding formal comment on the OPA action pending receipt of official price lists, they have emphasized for several months that any sizeable wage increases would have to be offset by higher prices.

Countering the CIO United Auto Workers strike-backed demand for an industry wide 30 per cent wage boost, General Motors has made several proposals for pay increases ranging up to 10 per cent.

On each occasion, however, the time has expired for the right to decide for itself whether compensating price increases should be sought.

Lower Prices Rule In Stock Market

New York, Nov. 19.—(AP)—Lower prices ruled today's stock market as investors led a retreat in the wake of the OPA new car ceilings and the imminence of a labor crisis in this field.

General Motors opened on a 1,200 share block, off 1 and Chrysler was down 2 1/2, a 600 share trade. Both eventually about doubled this decline. Consensus on the slide were U. S. Steel, Bethlehem, Southern Pacific, Great Northern, DuPont and Douglas Aircraft. Resistance was shown by U. S. Rubber, Boeing and Glass-Martin.
