RESTORE CEILINGS ON CITRUS FRUITS

Raleigh, Jan. 16—Ceiling prices on citrus fruits restored to OPA control January 1 will again appear on the new community price lists posted in food stores, Theodore S. Johnson, OPA District Director for North Carolina, said today.

Prices appearing on the community price lists in the eight southeastern states range from 6 1-2c to 8 1-2c per pound on Florida white grapefruit, from 11c to 15 1-2c on lemons, and from 7c to 9c on Florida oranges, he said.

Price control was restored to fresh citrus fruits after several weeks of consideration because of inexcusable price increases, Johnson explained.
