

Langston, Sprinkle Lead Cage Quints In Scoring

Playing through a 14-game season, the Henderson high school Bulldog basketball five scored a total of 442 points, averaging 31.6 points per game. The lasses in blue and white racked up 277 points in 10 games, with an average of 27.7 points per game. Opponents of the boys' team scored 476 points against them, with an average of 34 points a game. Girls' opponents netted 218 points during the season for an average of 22 points per game.

Langston was high scorer for the Bulldogs this season, bagging 141 points to average 10 points per game, while Smith was second with 107 points, averaging seven points a tilt.

Williams tossed in 69 points and Baskett, 62. Renn scored 29 points and Hight pumped in seven two-pointers for 14 points. Mills bagged seven points; Clark, five; Goodrich, four; Long, two and Isley and Moady, one point each.

Sprinkle led in scoring for the girls, making 93 points for an average of nine points per game. Parks put in 92 points, and also averaged nine points a game. Harris scored 36 points and Finch, 36.

Methodist Orphanage, of Raleigh, was the only school defeated twice during the season by both Henderson high teams. The Henderson lasses were defeated only once during the regular season, bowing 30-29 to Roxboro on the Roxboro court and tied Lexington 25-25 in the final game. The Bulldogs won only four

out of their 14-game schedule, but lost by less than four points in five games.

Scores by games for the season were as follows:

Henderson girls, 27; Chapel Hill, 9.
Henderson girls, 25; Methodist Orphanage, 23.
Henderson girls, 29; Roxboro, 30.
Henderson girls, 33; Hillsboro, 26.
Henderson girls, 22; Roxboro, 15.
Henderson girls, 29; Lexington, 25.
Henderson girls, 21; Chapel Hill, 18.
Henderson girls, 35; Hillsboro, 29.
Henderson girls, 26; Methodist Orphanage, 19.
Henderson girls, 25; Lexington, 25.
Henderson boys, 24; Chapel Hill, 36.
Henderson boys, 43; Methodist Orphanage, 21.
Henderson boys, 35; Needham Broughton, 31.
Henderson boys, 26; Roxboro, 38.
Henderson boys, 28; Hugh Morson, 53.
Henderson boys, 18; Hillsboro, 33.
Henderson boys, 36; Lexington, 33.
Henderson boys, 36; Hugh Morson, 33.
Henderson boys, 32; Chapel Hill, 29.
Henderson boys, 35; Hillsboro, 38.
Henderson boys, 32; Methodist Orphanage, 22.
Henderson, 39; Lexington, 26.

MRS. LUCY B. MEDLIN DIES AT AGE OF 41

Was Native of Franklin County; Funeral Arrangements Are Not Announced

Mrs. Lucy B. Medlin, 41, died today at nine o'clock at Duke hospital, after an illness of several months.

She was the wife of Hubert J. Medlin, of Andrews avenue extension. She was born in Franklin county and was a member of North Henderson Baptist church.

In addition to her husband, she is survived by one daughter, Mrs. Elijah Parrish; two sons, Curtis and Fletcher, and several sisters and brothers.

The body was brought to Kesler Funeral home, but funeral arrangements had not been announced this afternoon.

"UNBLOCK" your DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.

What you want for real relief is not soda or an alkalizer—but something to "unlock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

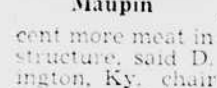

Get Carter's Pills right now. Take them as directed. They gently and effectively "unlock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel really good again.

Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.

Tarheel Chairman Named for Chicken Breeding Program

Appointment of C. J. Maupin, extension poultry specialist, North Carolina State College, as state chairman of the Chicken-of-Tomorrow Committee, opens the way for Tarheel poultrymen to compete with breeders from other states in the nationwide effort to produce a better meat-type chicken.

Goal of the three-year breeding program is to develop a chicken that will yield at least 10 percent more meat in relation to bone structure, said D. D. Slade, Lexington, Ky., chairman of the national committee, in announcing Maupin's appointment. The breeder who produces the best example of a meatier bird will receive a \$5,000 cash award from A & P Food Stores, whose officials initiated the program. Other awards will total \$3,000.

Maupin

Objective of both the North Carolina and national committees is to stimulate production of chickens that will grow more economically, Slade pointed out, and which will have a greater percentage of meat to bone, larger proportion of white to dark meat and a broader breast. The national committee is made up of representatives of all major poultry associations and the U. S. Department of Agriculture.

"The contest is open to every poultryman," Slade continued, "but it will require more than just the selection of an outstanding bird and sending it in to be judged. Each breeder must start with from 50 to 300 baby chicks of known origin and develop a strain or type of chicken that can be reproduced in commercial quantities. Only by such a program of development can poultrymen assure the nation's consumers that chickens of the future will be the source of superior meat."

WOMEN VOTING FOR LOCAL OFFICIALS IN ITALY

FOR THE FIRST TIME IN ITALY'S HISTORY women—now allowed to vote—are shown casting their ballots for local officials, in the first free elections held in Italy in 26 years. Similar scenes were repeated in 436 communities, these mostly being small towns and villages. Results of the local elections were expected to reveal the direction of political trends in post-war Italy and were being carefully watched. (International Radiophoto)

New Recruiters Of Army Assigned To Local Service

The Army Recruiting Service is this week introducing two sergeants to the People of Henderson, it was announced. They will be with the Mobile Recruiting Unit from Durham.

S Sgt. Edward W. Chabot and Sgt. John S. Haskins are replacing T Sgt. Curtis A. Ware and Tec. 4 Gilbert M. Bailey, who have returned to the Durham headquarters. S Sgt. Chabot has over nine years service in the Army, including fifteen months in the European Theater of Operations as a medical aid man in the General George S. Patton's famed Third Army. He wears the ETO Ribbon with four bronze service stars, Purple Heart, American Defense, American Theater, Good Conduct ribbon, also World War II Victory ribbon. He recently re-enlisted in the Regular Army for three years.

Sgt. Haskins has served four years in the Army, spending 19 months in the European theater of operations with the First United States Army, under command of General Omar N. Bradley, at that time First Army commander. Sgt. Haskins wears the ETO Ribbon with five bronze stars, Good Conduct ribbon, American Defense medal, World War II Victory ribbon. He has re-enlisted in the Army for three years.

S Sgt. Chabot and Sgt. Haskins say that now is the time to enlist or reenlist in the new Army. By re-enlisting before the 90-day period is up, a man can still retain the rank held at the time of discharge. Men who have no prior service and have not received final call from Selective Service, may choose to enlist in the regular army and receive the advantages that the Army now offers volunteers.

S Sgt. Chabot is a native of Frostberg, Md., but has spent the greater part of the last three years in and around Durham.

The army recruiting will be at Henderson post office, room No. 10, each Wednesday and Thursday, according to plans.

May Atomize Bikini

ONE OF THE TWO ace pilots named as the most probable ones to drop the first atom bomb on the Bikini Atoll is Lt. Col. Clarence C. McPherson of Oakmont, Pa. In the above picture McPherson is shown examining a piece of his flak-damaged plane after a mission over Japan in the war. (International)

DUKE DISPLAYING ATOM MATERIALS

Durham, March 20—In order to aid the citizens of Durham and the Duke community to supplement their knowledge of the character of our control, development and use of atomic power, a collection of selected materials on this important issue is available to the public in the Physics Library at Duke University.

The display has been arranged by the physics department through the courtesy of Prof. W. M. Nelson, chairman of the department. The collection can be seen any weekday from 9-1 and from 2-5 o'clock, and on Saturdays from 9-1 a. m. A librarian is in attendance.

The collection includes: (a) original articles which mark the most significant pre-war developments in nuclear physics leading up to the development of the atomic bomb; these articles are, of course, technical and are published in various languages; (b) the "Smyth Report" and several more popular accounts of the fundamentals of nuclear physics which are basic to our understanding of the principles involved in the release of atomic energy; (c) a collection and analysis of some of the proposed legislation now before Congress bearing on the control, development and use of atomic power, included in the proposed legislation are the MacMahon, Johnson and Douglas bills.

War Dads' Head Here In Meeting

Robert L. Smith, of Charlotte, State president of the American War Dads, met here Tuesday evening with officers and some members of the local chapter of the organization, and discussed the work of the group in the State and nation. He said that several of the benefits that had been provided for veterans by Congress were the direct efforts of the War Dads, and declared that there is a very definite place for the association at this time.

Mr. Smith said the War Dads body was not a wartime agency but that its job would not be completed until all service men and women had returned home and were rehabilitated in civilian life.

The meeting was held in the office of Dr. A. D. Gregg, president of the local chapter.

RENTAL REFUNDS ARE MADE IN AREA

Raleigh, March 20. — Thirteen landlords own'g rented living quarters in the Durham-Burlington-Henderson rent control areas refunded their tenants a total of \$322.07 during February because of rental rates in excess of OPA ceilings and other rent violations. Frank Melnis State OPA Rent Executive-Attorney announced today.

Melnis said the refunds were reported to the State OPA rent office by Forrest A. Parlar, Director-Attorney of the Durham Area Rent Office, 202 Fidelity Bank Building, Durham.

Refunding landlords and amounts refunded, together with address of housing accommodation affected:

Durham — Mrs. Louise Bradley, 207 Walker Street, \$16; M. C. Hesse, 2004 Eaglewood Avenue, \$14; Mrs. Katherine Byrd, 1114 Hillside Avenue, \$25.50; Mrs. Nell Paschall, 2113 Woodrow Street, \$10; J. H. Emms, 710 Holway Street, \$4.07; Mrs. R. B. Crosby, 308 Liberty Street, \$11.50; N. B. Hamlett, 206 Roxboro Street, \$39.

Burlington — G. W. St. John and T. N. Boone, 1012 Webb Avenue, \$32; Frank B. Iley, Alamance Road, \$52; W. I. Simmons, 704 1-2 East Davie Street, \$15; J. Coy Rich, \$34.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Forestry Expert Speaks On Monday For Epsom Class

Forest products industries constitute one of the "big three" sources of income for North Carolina, the other two being tobacco and textiles. William Beasley, assistant director of forestry, in charge of the State Division of Forestry's branch of information and education, told the adult vocational agriculture class at Epsom high school Monday night.

North Carolina is one of the leading centers of the world in the manufacture of furniture, Beasley said. He added that only two other states are ahead in volume of production of veneer, most of which goes into the manufacture of furniture. Sawmills are today 4,000, as against 3,000 prior to the war, and several large pulp mills already have located in the State, with others expected to come here as soon as construction can get under way, Beasley said.

The State could support all these forest industries on a permanent, sustained yield basis if there were an adequate statewide fire control system, proper cutting practices, closer utilization and better forest management, Beasley declared. At present, 63 of the State's 100 counties are protected from fire.

Proper timber sales contracts were urged for those selling timber, with specifications as to trees to be cut, stump height and species involved.

In a question and answer period following the address, Roy L. West-erfield, State district forester of Rocky Mount, participating.

About 100 members of the Epsom class attended. Beasley told them farmers own the majority of the forest land in the State and, therefore, should have the greatest interest in its proper development, use and conservation.

THANK YOU!

STILL THE ECONOMY CHAMPION!

While the price of nearly all other household commodities has been going up in recent years, electricity has remained cheap. In this area it has not gone up at all... it's always dependable.

In fact, the price of electricity has always come down... today customers of Carolina Power and Light Company are getting about THREE TIMES as much electricity for their money as they did twenty years ago. Of course the increasing public use of electricity has helped in the continuing reduction of cost, but business management, research, and improvements in engineering methods of this Company have also played a big part. It is no accident that electricity is so cheap and so dependable in the Carolinas.
