

Wine Case Is Heard In Police Court

422 Cases Seized From Woods Store To Be Confiscated

C. S. Woods, operator of Woods super market, was tried by Mayor Henry Powell in police court today on several charges of selling wine without a license, possession of sub-standard wine.

Woods was further charged with possession of 422 cases of wine, on which State tax had not been paid, and L. W. Thacker, interpleaded and claimed the wine as his.

Woods was adjudged guilty only of selling wine without a license, and the court ordered that his license to sell beer be revoked for three years and that he be sentenced to six months on the roads, suspended for two years upon condition that he pay a fine of \$200 and costs and not be convicted of violating any laws on possession of alcohol, be engaged for sale for two years.

The court further ordered that the 422 cases of wine be confiscated and turned over to the ABC board.

whereupon Thacker claimed ownership of the wine and requested that it be returned to him. His motion was denied, because the court ruled that 65 cases of the same were sub-standard and should be confiscated and destroyed.

By sale of the wine it is a proper matter for confiscation and since it is unlawful for any one to possess more than three gallons of wine in the State, to return the wine would place the court in the position of aiding in the commission of a crime the court ruled. Further since it is unlawful to transport more than one gallon of wine in Vance county, to return the wine to Thacker and allowing him to move or dispose of the wine would also place the court as to be aiding in the commission of a crime, it was held.

Thacker then entered a plea to superior court for recovery of the wine and gave bond of \$2,000, accompanied that the 422 cases of wine be subject to orders of the superior court.

The court ordered that the wine be inventoried and the inventory be attached to the judgment.

William A. Harb, school teacher, tried for assault on a female, was sentenced to four months' imprisonment, not to begin until payment of costs and an \$10 fine, that he may have peace thereafter with Betty Harris, for the next two years.

George Henry Allen removed was tried for drunken driving, driving with improper brakes, without an operator's license and with an expired auto. He was sentenced to six months' imprisonment, accompanied by \$30 and costs and his driver's license was revoked for 12 months. The court also ordered that he may have peace thereafter with Betty Harris, for the next two years.

W. S. G. Grant, school teacher, charged with disorderly conduct and damage to personal property of L. W. Thacker. The case was postponed to December court.

Emerson Byrd, while receiving public transportation, was fined \$5 and costs.

TO THE VOTERS:

I believe it my duty to the voters to let them know some of the things I am interested in with regard to MY CANDIDACY FOR THE HOUSE OF REPRESENTATIVES, and about myself.

1. I realize the value of a good public school education, and believe that none is too good for our children. I feel that the school teachers are underpaid, and I favor a salary raise for them.
2. I was reared on a farm and own several farms myself and feeling that I know what is for the best interest of the farmers and will do all I can to help them.
3. I will work for the improvement of county roads and not merely talk about it.
4. I am for the working man and the laborer as I am one, but believe that both capital and labor should work together for their mutual good. Each is dependent upon the other.
5. I don't know how you are about hunting and fishing, but I know that there are so many regulations now that it has about put an end to it. I favor removing many of the restrictions.
6. Those who know me well, know that I am not for wasting money. I favor economy in government and am against creating any more jobs, bureaus and the like. Taxes are high enough.
7. Should I be elected, I will not use the influence of my office against anything that is for the benefit of the public as a whole. The Buggs Island project, I believe will be a great benefit to the people.
8. My hands are free. I do not represent any corporations, associations or special groups, but will do the will of my people.
9. Should there be any local legislation for Vance County introduced, I will give it publicity and every one will have an opportunity to be heard.
10. I believe there are too many regulations and laws. The least government is the best government.
11. Let's be honest about the liquor question. I do not drink liquor and am a dry, but as a representative of the people, I believe in carrying out the will of the people. Vance County has spoken twice on this subject in recent years. If it is to be changed, let the people of Vance County say what is to be done about it.
12. Those who know me, know that I am not going to spend any money to be elected. There will be no paid professional politicians working for me. Let the will of the people be expressed without the influence of money.
13. In 1933, the sales tax was passed as an emergency measure. The people were promised that it would be done away with. Times are good now, so I favor keeping the promise and doing away with the sales tax.
14. My two sons were in the service of their country in the war and naturally I will be for legislation favorable to our war veterans.

I was reared on a farm in Vance County and am a dirt farmer, a merchant and operate a feed mill, and have had wide business experience which I feel qualifies me to represent our people.

I have always been identified with the life of the county, being a member of the Baptist church, the Tobacco Board of Trade, Red Men, Patriotic Sons of America, and have taken part in many community activities.

Vote for a farmer, merchant and business man to represent you in the next legislature.
