YOU CAN GO TO COLLEGE, TRADE

WITH EXPENSES PAID

You are living in a world of skilled specialists. A good education is becoming more and more valuable-and more necessary-every day. With the technical, mechanical and scientific progress that has been made in every field of endeavor, you've got to be "in the know" to get ahead. And the U.S. Government is giving you the opportunity to get the education you want-and need -in whatever specialty you want to take up.

Under the GI Bill of Rights, if you are over 18 (or 17 with your parents' consent), mentally and physically fit, and you enlist for 3 years in the new peacetime Regular Army before October 6, 1946, you will be entitled to 48 months of college, trade or business school education after you are discharged. (You must, of course,

meet the necessary entrance requirements.) The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, and will give you, in addition, \$65 a month living allowance (\$90 per month if you have dependents).

Meanwhile, in the Army you may have the experience of traveling to foreign lands . . . doing interesting work ... studying one or more of 200 absorbing skills and trades in fields ranging from aviation to electronics. You'll be well paid, well clothed, well cared for.
