

Curers Plan Annual Trip Into Canada

Meeting Planned On Monday Night At Court House

Tobacco curers and primers from this section are making preparations for their annual trek to Canada to assist with the harvest of the Canadian tobacco crop, which soon will be ready for harvesting, and a meeting of those planning to make the trip was announced today by J. W. Sanders, county farm agent, to be held in the courthouse here next Monday evening. Sanders has sent letters to those interested, notifying them of the meeting.

Last year a total of 23 teams of workers went from this county to the Canadian tobacco area. Primers were paid \$5 a day last year, but the offer this year has not as yet been earned. That price is less than is being asked for similar work in this county, where pay of \$6 to \$7.50 per day has been mentioned as the figure. It is expected that about the same number will go from this county in the next few weeks as made the trip last summer.

Expenses of the trip to Canada and return are paid primers and

Seeks His Child

BLONDE Ruth Foran Pardo, ex-wife of Vicente Gonzales Pardo, Peruvian millionaire, is reported to have "kidnaped" from a New York hospital her infant son who has been in the father's custody. Pardo, unable to locate his former wife or the boy intends to seek an injunction for the boy's return. (International)

curers, in addition to the daily wage for actual services performed.

Representatives of the State Extension Service and the Canadian government will attend the meeting here Monday night to issue passports and to make other necessary arrangements for those planning to make the trip. Sanders said a special agreement has been worked out and put into operation between the Washington Extension Office, representing the U. S. Government, and Canadian officials whereby recruiting for the project is done locally through the county agent's office, and it is understood that all passports must clear this year through the county agent.

Curers who go to Canada for the tobacco harvest are usually gone five to six weeks. They will leave here in the near future to begin the work in the Dominion producing area.

Sisters Divorced By Twins By Court In Onslow County

Jacksonville, July 17.—(AP)—In what Onslow County Superior Court Judge Leo Carr of Burlington described as the first such case in North Carolina within his knowledge, two Maysville sisters were granted a consolidated divorce from twin brothers from Shelby here yesterday.

The sisters, Dorothy Irene and Sarah A. Whitley, married Elbert Hoyle Doster and his twin brother Delbert on March 7, 1944, at Gaffney, S. C., while the Shelby men were in the Marine Corps stationed at Oak Grove.

On September 2, 1945, both sisters filed suit for divorce, charging their husbands with adultery of the same case.

John D. Larkins of Trenton, attorney for the sisters, moved yesterday that inasmuch as both charges involved one case the two separate divorce actions be consolidated and Judge Carr so ruled.

White Couple Are Tried On Immoral Relations Charge

Fortman Hobbs and Madeline Johnson, white couple, were charged in police court today for immoral conduct.

Hobbs was fined \$5 and costs and Madeline Johnson failed to appear and her case was continued.

She was tried on a similar charge on July 3 and at that time was sentenced to eight months in the workhouse and notice of appeal was given and bond set at \$100. She was later allowed to withdraw her appeal upon payment of a fine of \$25 and costs.

C. C. Remm, white, tried for public drunkenness, was sentenced to 30 days, suspended upon payment of \$5 and costs.

C. T. Bobbitt, white, was tried for operating a motor vehicle without an operator's license and for failing to stop for a red light. He was taxed with costs.

Wife Preservers

Have you a pot of claws on your windowsill? Cut the great tops close to the ground. Freshly gathered claws have the best flavor, and are so easy to clean and are milder in flavor. They should be washed and finely chopped just before they are used.

Part Of Material Here For New City Fire Alarm Boxes

Some of the materials for erecting the new improved and enlarged fire alarm system for Henderson has been received here. Mayor H. C. Powell said today that cannot be utilized now and will be held pending arrival of the remainder of the equipment.

Order for the new alarm system was given by the City Council two months ago at a cost slightly in excess of \$20,000. At that time the Gamewell company, which obtained the contract, promised to have the new facilities erected and in use in from three to four months, including strikes and other delays.

Mayor Powell said he understood there was still much difficulty in obtaining materials, and there is no assurance as yet that the system will be installed within the four-month maximum period contemplated.

At present the city has had no electric fire alarm system, except as calls came to houses by telephone or otherwise. The old alarm system, which was installed more than 20 years ago, deteriorated to such an extent that it was no longer reliable and citizens have been notified repeatedly to make calls by telephone for fire-fighting service.

Step-Mother Of Gov. Cherry Dies

Raleigh, July 17.—(AP)—Mrs. Lorena Culp Adams, 83, step-mother of Governor Cherry, died Tuesday at her home in Hickory Grove, S. C., after a long illness.

Governor Cherry left here late yesterday for Charlotte. From there he will proceed to Hickory Grove, where funeral and burial services will be held.

Surviving, in addition to the Governor, is a half-brother, B. W. Cherry, also of Hickory Grove.

Governor Cherry's mother died when he was born. His father remarried and after the death of the Governor's father, Mrs. Cherry married R. Sid Adams, in 1908.

MINERAL OIL SALAD DRESSING DESTROYED

Raleigh, July 17.—(AP)—A total of 1,380 pints of mayonnaise and salad dressing containing mineral oil has been confiscated and destroyed in the Asheville area during the past few days. Dr. E. W. Constable, director of the Pure Food Division of the State Department of Agriculture reported today.

Dr. Constable said the destruction of the salad dressing was ordered by Federal Judge E. Yates Welsh in U. S. District Court in Asheville. The products confiscated destroyed were a portion of 8,000 pints of salad dressing placed under State embargo several months ago.

Dr. Constable said the Federal and State Pure Food officials were continuing their fight on salad dressings containing mineral oil. "This substitute is particularly objectionable because mineral oil when taken into the system along with other foods tends to extract from these foods vitamins A and D," he said.

Dr. Constable said that the product ordered destroyed were manufactured and distributed by firms in South Carolina where the preparation of salad dressings with mineral oil does not constitute a violation of the law.

OFFICERS IN HARNETT FIND UNUSUAL STILL

Dunn, July 17.—The most unusual bootlegging outfit ever captured in this part of the country was reported today by county officers.

They found a five-gallon tank still sitting on top of an ordinary kitchen range in a hog lot behind the owner's home. The moonshiners were making superstrong brandy out of carved grapes.

Two men were arrested at the still. Prentice Smith and Chester McKay. The outfit was found near the home of Walter Reardon a few miles from Erwin. Reardon admitted the still belonged to him and said he had Smith employed.

Judge Floyd H. Taylor, fined Reardon \$25 and costs, totaling about \$65. Smith was taxed with the cost and McKay was found not guilty.

GERMANS WILL RUN INTERNMENT CAMPS

Berlin, July 17.—(AP)—The American military government announced today that it was turning over to German civil authorities the administration of internment camps in the U. S. occupation zone containing persons awaiting trial under denazification laws.

There are 18 such camps. The inmates are charged with having fostered Nazi ideology and otherwise having furthered the aims of the Nazi party.

The military government will, however, continue to retain custody over camps containing internees held as war criminal suspects and witnesses, and persons regarded as dangerous to the occupation forces.

North Henderson Enters Semi-Pro Tourney This Week

On default by Littleton, the North Henderson baseball team will enter the second round of the 1946 North Carolina State semi-pro baseball tournament opening with a double-header in Asheboro Saturday night.

The team will charter a bus for the trip and baseball fans who wish to travel with the team are asked to contact Leslie Harris, secretary and business manager of the club.

Other teams vying in the first round and who will go on to the next round in Asheboro are Rex Mills of Gastonia, Proximity Mills of Greensboro, Yanceyville All-Stars, American Yarn Processing of M. Holly, High Point Triangle, Walkertown and Kernersville All-Stars.

Ramsour, reported as one of the better teams in the Piedmont, drew honor of opening the 1946 State tournament.

NEW S. C. BANK

Richmond, July 17.—The Pee Dee State Bank of Tompkinsville, S. C., has been admitted to membership in the Federal Reserve System, it was announced today. R. B. Scarborough is president and cashier. The new bank was organized in 1932 and has common stock of \$25,000, surplus of \$35,000 and total resources of \$1,796,800.

the Colonel's lady
and Judy O'Grady

Mrs. Colonel's devoted to sable,
And indulges a fondness for pearls;
She has servants to wait on her table,
And she frolics with dukes and with earls.

But Judy buys hats in the basement,
And watches her pennies with care;
She strolls through the town
in a neat hand-me-down,
And balances budgets on air.

In social, financial or age groups
They never will meet in this life—
For one is a blue-blooded hump,
And one is a wage-earner's wife.

But each has a sharp eye for bargains,
And plan for the whole world to see—
They soon buy the same grade of service
When they're buying electricity.

Now this is no grim social thesis,
No battle of Haves and Have-nots;
It merely points out that both ladies,
no doubt,
Are cousins in kilowatts.

IN MANSION OR cottage—there is only one grade of electric service—the best. Mrs. Colonel may use more electricity than Judy, but kilowatt-hour for kilowatt-hour, it's the same power—ready, dependable and cheap—thanks to your friends and neighbors in this company.
